3 WAYS TO SAVE ON PRESCRIPTION DRUGS

No matter what prescription plan you're on, you can save time and money by doing these three things:

- 1. Always choose a network pharmacy.** Find participating pharmacies by logging in to myWellmark at Wellmark.com.
- 2. Show your ID card to your pharmacist when you get a prescription filled.** Your network pharmacist will submit your bill for you. Never send in a paper claim form unless the pharmacist tells you to do so.
- 3. Choose generics whenever possible.** Ask your doctor whether the drug he or she is prescribing for you is generic. If it isn't, ask whether a generic equivalent drug is available.
