our zip code? What would improve your downtown playground experience? 52245 N/A

52245 Electrical outlets to plug in laptop cords or phone chargers near seating and/or tables.

52246 The pandemic being over.

52246 Being at least 70 years younger.

52245 Make it bigger or multiple playgrounds; more benches

52246 It would be nice if you could add more slides and swings to this new playground.

52246 N/a

52246 Outdoor library activities downtown

52246 would like it to be a little more friendly for smaller children, toddler/preschool age

- As a lifetime Iowa City resident I've always enjoyed for both myself and my children that there has always been a play area in the Ped Mall. This current one went in when my children were toddlers 52240 so it'll be nice to see something new. Making it handicap accessible would be wonderful for all
- 52240 N/A

52245 Go back to having a single flow and not mini segregated areas

52241 Fewer creepy strangers staring at children while they play

How about a couple of items that kids can rock back and forth on such as can be found at 52241 Northridge Park in Coralville?

52240 The fountains being on :-)

52240 More raised walkways, my kiddo loves to run across the playground at a higher level.

52245 Make sure items appealing to all ages!

We love the fountain, playground, the library, and then being able to get a meal or snack. It's a 52246 perfect afternoon with kids.

52240 Bathroom

I think that integrated lighting in the playground would be really great. Gestures like that help make downtown feel like a place that everybody can hang out, not just if you're 21 years old and out to puke. I think the pandemic has taught us the importance of outdoor spaces, and how we can maximize our assets instead of just assuming that things will only be used in limited hours or limited seasons. It Doesn't have to be something custom. Even just running some commercial string lights from the same posts that you'll be putting the shade canopy on would make the

52245 whole space feel really welcoming and festive.

52353 .

- 52404 Swings!!
- 52240 Sunshades to protect my children from the sun
- 52317 Nothing other than some sun coverage like this new playground has
- 52240 Water fountains near the play area.

I feel like the current playground is in good usable condition. I do not like the new playground design. Similar to current design would be better. Something similar to that. More benches and 52245 tables for parents.

Have water bottle filling stations near by. Kids drink a lot of water when out playing in the 52245 summer heat.

- 52240 More natural and creative elements in the design.
- 52246 Free parking.

Shade on the benches around the playground. Having the fountain on consistently. When I had younger kids, I would have liked more of an enclosure around the playground. With the sight lines 52245 it was too easy to have one kid run off.

- 52240 Please consider adding artificial climbing boulders.
- It would be nice to have a fence or something around at least one side of it to reduce the risk of 52240 younger kids just running off

Having a tall fireman's pole. Having monkey bars. Having a big playground structure that groups 52245 can play on.

52245 More shaded seating for parents and caregivers

52240 Normalcy.

52240 My 8yo twins suggest adding monkey bars, merry-go-round, and zip line

52245 Ample benches for parents and shade options

| 4/23/2021 3:06 PM | Yes | 3 times or more per year | Yes | It looks like there is something for all ages | It doesn't look like there is a way to run from one end to the other |
|--|------------|--|------------|---|--|
| 4/23/2021 3:07 PM | Yes | 3 times or more per year | Yes | Shade feature is nice | Only designed to ADA minimum standards. There is no attempt to create an inclusive playground. This design will leave so many kids on the sidelines with nothing to do but mindless panels. Iowa City can and should do better. |
| | | | | | My children really enjoy having monkey bars. The disconnect of the climbing tower and obstacle |
| 4/23/2021 3:10 PM | Yes | 3 times or more per year | Yes | I like the shade and having an area for smaller children to play away from older children. | structure. The interconnection of the current playground was nice with multiple access/exit points. |
| | | | | | It looks limiting, areas appear very separate which would make it difficult to watch multiple |
| 4/23/2021 3:14 PM | Yes | 3 times or more per year | Yes | There are some unique elements! Love the color and the covered area when it gets hot. | children at one time. |
| 4/23/2021 3:17 PM | Yes | 3 times or more per year | Yes | The spaceship in the middle | I don't think the small structures on the periphery are very exciting. I don't think kids will think so either. It seems like it won't be able to accommodate larger groups of kids. This is a big factor as |
| 4/23/2021 3:18 PM | Yes | 3 times or more per year | Yes | I like the colors and shad options. | daycares and summer camps frequently use the downtown playground. |
| 4/23/2021 3:20 PM | Yes | 3 times or more per year | Yes | inclusive surface | PLEASE - I deplore the use of a ladder to reach the top level of the structure. IC has chosen this style even after voiced community comment/argument to the contrary at both Mercer and City Park - thus leaving out many children young/old, parents, caregivers, grandparents, community members from enjoying the structure because only the nimble can climb the ladders. This particular area is such a community hotspot, please build a playground all members of the community can access. Stairs!! North Liberty Penn Meadows did it. Come on IC - you can too. |
| 4/23/2021 3.20 FW | 165 | 5 times of more per year | Tes | | I like the idea of the shade sails but would there be any issues with them being torn apart by our |
| 4/23/2021 3:22 PM | Yes | 2 times or less per year | Yes | More play areas to allow more small families or groups to space out and allow for more children to enjoy the play area at the same time. | frequent strong winds or issues with falling snow and ice debris in the winter? |
| 4/23/2021 3:28 PM | Yes | 3 times or more per year | Yes | The kids will love the rocket ship! It looks so colorful and inviting and I like the shade. | One of my kids loves to swing, but there may not be room for that. I am not very impressed with the "obstacle" course, would rather see something connected to the other climbing structure. Kids love moving from one thing to the other at the higher level. Although I appreciate the efforts at some shade, I think making room for the trellis is taking space away from the playground that is already in a pretty tight space, I also think you may have college |
| 4/23/2021 3:36 PM 4/23/2021 3:38 PM | Yes Yes | 3 times or more per year | Yes Yes | The colors, the books, the climbing structure in the middle | students hanging from it. Nothing! |
| 4/25/2021 5.58 PW | ies | 3 times or more per year | Tes | The colors are so bright and happy! Love the variety of things to do and play! | Nothing: |
| 4/23/2021 3:42 PM | Yes | 3 times or more per year | Yes | It is a change, some of the previous structures where dangerous, we saw some nasty falls. Also, there seems to ve a little bit of everything. | We live in Peninsula Neighborhood and have that same #2 structure. Kids use it because there is nothing else but they do not like it and they get easily stuck up high in several areas. |
| 4/23/2021 3:46 PM | Yes | 3 times or more per year | Yes | Like Plan 1 | Do not like the Obstacle play piece. Will have injuries. |

I think it's comforting to have a familiar place for children. The current play equipment and spongy |
| 4/23/2021 4:13 PM | Yes | 3 times or more per year | Yes | I like the novel sphere and spiral, but they aren't that different from the current play structure. Why keep spending needlessly? Is the director overbudget? | cork surface was very recently updated. I like the current earth tone colors that are calming on children. |
| | | | | | Having one small play tower is not ideal. The playground now is great because it has lots of entrances, slides, things to climb, etc. and everything is spread out. If it's crowded there's still plenty of room for everyone to have their space. The proposed play tower has fewer slides and everything is crammed into a small space. It won't accommodate older and younger kids at the same time. It would be better to have a larger, more spread out play tower similar to the current one. |
| | | | | | I think the book displays will get in the way of kids running around and possibly be a hazard. Also |
| 4/23/2021 4:14 PM 4/23/2021 4:15 PM | Yes Yes | 3 times or more per year 3 times or more per year | Yes Yes | Looks fun, lots of colors, different activities, partly shaded, appears to be an area for younger kids. Cushioned surface. Multiple age ranges offered. Benches around the park. | my kids have never spent much time playing with sensory activities at parks. Needs swings. |
| 1/22/2021 4.16 014 | Yes | 3 times or more per year | Yes | Variety of ages will enjoy this, and I love the sun shades. | It doesn't seem like there are enough spaces to play for larger groups of children. |
| 4/23/2021 4:16 PM | | | | | |

- 52245 Seating for observing for all areas
- A playground where children who depend on mobility devices are allowed to engage with other 52245 kids independently and not forced to rely on a helper or stay on the ground.

52245 Water fountains outside would be nice, lots of seating tables for adults and kids would be great.

A type of barrier around the perimeter would be so reassuring, not a full fence/gate, but even a waist height plexiglass in order to keep the open look. I have 3 children, one has special needs and is a runner. This makes such an open public space intimidating and definitely limits where we feel comfortable. I have also seen men sitting around the current park, watching children play (maybe innocent, maybe not). Unfortunately, this is the times in which we live and making it safer for our 52245 children is always the right choice. Thanks for letting the community voice our opinions!!

- Is there a way to make the spaceship bigger, rather than having all those small things on the west side? Also, the news release said the city was releasing "concepts", but there's only one concept. 52246 Thanks for letting the community have input!
- I really like the current playground and equipment and structure. Please think about if there will 55245 be enough slides and climbing structures for larger groups of kids.

doing more than just the minimum ADA requirements. Its all good/great to be given access to a structure, but even that becomes a mute point when you cannot access the structure once you got there. Add stairs to the top level so even more individuals can enjoy the structure and the 52245 view.

An expanded play area for children. Pre-pandemic we came downtown frequently and larger 52245 open air play areas are much needed to allow for distancing. 52240 Plenty of benches to sit and watch the kids.

I know this is a lot to ask, but all the snow gets piled on the playground, it. Would be great to be 52245 able to use it on a brisk winter day after a library visit.

- 52241 If the water feature next to the playground starts back up too!
- 52245 The equipment and floor should be cleaned every once in a while.
 - Like lots of benches. Are bike racks close?
 - Smaller seating option for one or two, stools?
- 52245 Place to store items while playing (realize hard to make storage secure)
- 52240 Interactive music
- 52241 Maybe add swings, or splash pad
- 52241 Need swings
- 52340 Easier parking
- 52246 Spread out the climbing towers, bridges, etc
- 52241 nothing

52245 See above. Please reconsider the colors.

- 52241 I'd like to have a toddler-friendly portion for multi-age families.
- Making sure parents can easily see kids from the bench. Nursing and baby while a toddler plays, 52317 having sight lines is important.
- 52317 Swings. I don't think the new playground has anything wrong with it!!
- 52240 I hope they keep the sprinkler that's always fun too!

The City has lower revenues due to Covid lockdowns and low Ulowa student population. There have been way too many aggressive park projects since 2018. Why keep spending needlessly? Is 52240 the director overbudget?

It's a pretty good spot as-is. Additional seating options near the playground such as picnic tables 52245 would be nice rather than just benches.

52245 Add swings.

It is usually a busy place to play so having more ramps and play structures for kids to climb on might help. Something similar to what is currently downtown but updated with more of an age

- 52245 range.
- 52401 Another playground close by

| 4/23/2021 4:19 PM 4/23/2021 4:25 PM | Yes Yes | 3 times or more per year 3 times or more per year | Yes Yes | It is ok, not terribly exciting The shaded concept and different playscape options | Most playgrounds in all of Iowa City lack things for pre-teen and kids ages 5-12. Everything is for toddlers. Make more adventurous play available.Dont put in the same old insurance friendly plaground that is in 99% of America. Be different I would like to see some sort of swinging function |
|--|------------|--|------------|---|---|
| 4/23/2021 4:26 PM | Yes | 3 times or more per year | Yes | I really like the separate play space for younger kids, and the shaded seating+play areas | none |
| 4/23/2021 4:29 PM | Yes | 3 times or more per year | Yes | I like that my youngest can't fall from the higher areas in the play tower. I like the shade features. | I don't like the ladder option to get to the top of the play tower (and in turn the spiral slide) because it is not easy for younger children, as well as others, to use. I don't feel like this design uses the space well. Currently, the space has many slides and areas to play, allowing a lot of children to play at once. This design doesn't seem to allow for numerous children at a time. I also don't see obstacle equipment getting used much at other playgrounds that have similar equipment. The obstacle equipment also seems catered toward older children. The left side of the design seems to be for younger children but my young children always gravitate toward the slides and playground structure rather than those types of items. I would rather see the playeround structure expanded and not have the small items on the left side. |
| | | | | | The center point(rocket ship?) looks small. The current large structure gets very crowded with |
| 4/23/2021 4:30 PM | Yes | 3 times or more per year | Yes | Looks great!! So bright and colorful looks like there is space for all ages Obstacle play equipment, since it is most similar to a natural playscape. Only indicating this since | kids and parents with little kids I'd worry the new piece couldn't handle many children at once. I completely dislike this concept. It is unattractive and very contrasting to the other recent PedMall improvements. The colors are terrible and have no relationship to the surroundings. Shade is nice in the summer, but not wanted in the winter. How can the shades be removable/configurable. Any book theme should be eliminated. This is such a forced attempt to acknowledge the City of Literature. The book play sculpture is a waste and a missed opportunity. This should be all play fitness and activity. There are plenty of other sculptural experiences in the |
| 4/23/2021 4:31 PM 4/23/2021 4:32 PM | Yes Yes | 3 times or more per year 3 times or more per year | Yes Yes | it is a required field. Kids like to chase and climb. More monkey bars and climbers. It's more colorful. The awnings are brilliant! | rest of the pedmall. Don't force it on kids who want to run and play. Would like more variable heights |
| 4/23/2021 4:37 PM | Yes | 3 times or more per year | Yes | My son says he likes the idea of the tower- 8 years old. Shade and obstacle course! | I dislike that the parks seem to be geared mainly toward really young kids |
| 4/23/2021 4:37 PM | Yes | 3 times or more per year | Yes | Looks colorful and I appreciate the shade!!! | Can't tell what ages it is geared toward. |
| 4/23/2021 4:47 PM | Yes | 3 times or more per year | Yes | Space, location to restaurants, shopping and festivals | I like the shade on the playground- the benches for parents are always placed in direct sunlight. |
| 4/23/2021 5:06 PM | Yes | 3 times or more per year | Yes | I can grab coffee, lunch, shop and play! | Closed areas from the pictures could be questionable after dark with the night life. |
| 4/23/2021 5:14 PM | Yes | 2 times or less per year | Yes | Different age levels can play, different physical abilities. | Na |
| 4/23/2021 5:18 PM | Yes | 3 times or more per year | Yes | Colorful! | Is there space for younger kiddos? |
| 4/23/2021 5:34 PM 4/23/2021 5:41 PM | Yes | 3 times or more per year 3 times or more per year | Yes | The variety of ways to play & Shaded areas the slides | The lack of equipment for mobility disabled children - something like a large swing that could hold a wheelchair or small group of kids to sway on, at the least, would be nice. I'm no expect in ADA playground equipment, but I've seen quite a few neat configurations for disabled kids around Indianapolis. Ladders. Im 13 and need assistance to walk. I cannot climb ladders but I love slides and these slides look cool. If there are no stairs, I cant use the playground. Its no fun to watch everyone else having fun. |
| | | | | | Factored slide. Mathematika and the same at testide with small shilders as if any second state |
| 4/23/2021 5:45 PM | Yes | 3 times or more per year | Yes | More toddler friendly :) | Enclosed slide. Not sure how easily parents can get inside with small children or if someone gets hurt inside how easy is it for the children to get hep. Pictures are not easy to see this. |
| 4/23/2021 5:52 PM | No | 2 times or less per year | No | Looks like it offers more shade | Looks fun, it would be terrible if more people brought kids downtown. |
| ,, _0, _0 0.0_ 1 | | | | | |
| 4/23/2021 5:53 PM | Yes | 2 times or less per year | Yes | Bright, fun colors. | Nothing |
| 4/23/2021 5:56 PM | Yes | 3 times or more per year | Yes | Shade structure, options for varied ages | There are not adequate opportunities for individuals with diverse abilities (especially physical disabilities). The sensory panels are not enough (and it is unclear from the drawings if these are even wheelchair accessible). I would also prefer that the design be something that will not appear out of date in a few years (i.e., the rocket ship shaped structures). I don't really understand the color choices made, they seem random and I don't see how they connect to the overall design theme. Also what is the design theme, its a bit unclear just by simply |
| 4/23/2021 6:22 PM 4/23/2021 6:44 PM | No Yes | 2 times or less per year 3 times or more per year | No Yes | I like the shade structures included in the design scheme. I also like the connection some of the play structures have with library. (i.e. book climbing structure) More "baby" friendly spaces and shaded canopy | looking at the renderings. I wish there was a larger main structure rather then just one "rocket ship" structure to climb on. I personally always enjoyed how large the old play structure was growing up. N/a |
| 4/23/2021 6:51 PM 4/23/2021 6:55 PM | Yes Yes | 3 times or more per year 3 times or more per year | Yes Yes | Shade is an excellent addition Multiple areas and bright colors! | It's kind of hard to see from the renderings, but this playground has always been stressful for me as a parent because it's extra hard to keep track of my child due to the flow patterns and the sheer number of entrance/exit paths and equipment pieces. This doesn't look like an improvement on that. It also looks like there are just a lot fewer equipment pieces for the kids and more "fluff" pretty things to look at that the kids aren't interacting with. Worry a bit about it's ability to host lots of children like the old one. |
| 4/23/2021 6:57 PM | Yes | 3 times or more per year | Yes | The shade | I don't care for the playground with the red hoops and balls for climbing. This exists at a park in another town we go to and kids don't seem to like playing on it. Its rarely used. I dislike almost all of it. Here is a place where a cross section of the community and a wide variety of ages play (college students included!). This playground design is incredibly shortsighted and blab. These should be a players wide the trips pagent. |
| 4/23/2021 7:01 PM | Yes | 3 times or more per year | Yes | The shade and colors | blah. There should be steps for older people. There should be a playground that bring parents together to play WITH their kids. The books randomly around the design will hinder pathways of running. |

52240 Splash pad

52245 More seating

Make sure the bonded rubber material is PAH- and heavy metal-free. Recycled tire materials are 52245 usually contaminated with these toxic chemicals.

We love the playground that is currently there and don't feel it needs an update like this. My 52327 children love all the slides, various sections, and running across all the current bridges.

A new playground would be great... although the construction time is worrying. We live the 52240 pedmall and it was areal drag when it was closed down.

More traditional play equipment like balance beams, monkeybars, bridges, etc. that isn't gaudy, cheap, colored plastic. Quality and timeless opportunities for kids to chase, swing and get their energy out. Actual exposure to quality art and sculpture. More natural playscapes that respond to the elegant pedmall redesign and landscaping. The city has been good about sending out surveys, but it often seems like protocol. It seems like this feedback is often disregarded and the agenda from a previous masterplan is full-filled anyway without regard to current feedback. This form has 52240 an error in the zip code field above and is adding a digit separator.

52240 Comfy benches

Definitely challenging terrain and fun playground geared toward younger and older kids. I have found that even when my son was really young, he found more challenging parks to be the most 52240 interesting!

My children are age 2 and a baby. Hope this playground will safely accommodate a range of ages as my kids grow up! Love the downtown play area. One of my favorite spots in Iowa City. Get a 52245 treat to eat, play, and go to the library.

52245 Shade

A fence might be nice to enclose the kids and not worry about them roaming off when trying to 52340 watch more than one kid.

52241 More space to sit around it.

52245 Plenty of seating for adults

Frankly, I would appreciate more resources devoted to maintenance and upkeep staffing around the area. I was just there with my 4yr old this afternoon, and there was dried puke (assuming from last night) near the area and the small bench&tables were filthy. The novelty of the new 52245 equipment will wear off quickly if the area doesn't feel safe and somewhat clean/kempt.

Being able to use the slides. Having other things to do other than climbing stuff.: see saw, merry 52245 go round.

More natural features, like large trees, boulders, logs, etc. similar to Kiwanis and Riverfront crossing. Would also be nice to see more water features for kids to play in downtown. Thanks for 52246 doing this for our community!

52245 Turning it into an adult playground (free outdoor gym)

Please consider kids with life threatening food allegeries when making an area handicapped accessible. Our littles can't be near peanuts. Having signs keeping food off the playground and 52241 frequent surface cleanings would allow our kids to play with the other kids and use the space.

Please further consider the principles of inclusive playground design.... 52245 https://www.playcore.com/programs/me2

52246 less crazy of saturated color scheme! Also a larger central play structure!!!!!!

52245 Maybe a gate type enclosure that surrounds all or most of the playground. Some kind of enclosure around most of the playground so I can feel like I can relax while my child plays. Also does the current concept incorporate any accessible equipment for children with disabilities? The library gets visited by large groups of kids from the arc every summer and it would be super if they could go outside and use the playground and I'm sure many other kids would benefit. The arc has built an accessible playground on site do they have some experience 52241 with this.

52245 A safe space for kids to run around where they are easily visible.

52240 Having the library open.

An aside, your questions about visiting is lacking some options and are written with bias. Pre 52245 COVID I was at the playground once a WEEK. This playground is a weekly part of lives.

| | | | | | Lack of things to climb up (ropes, poles, monkey bars, etc) or under |
|---|--|--|--|--|---|

Also climbing structures not super exciting. No swings. One thing that is nerve wracking about the current playground for caretakers is strangers walking by or kids wandering off and no fencing. It seems fear towards early childhood age children. Some but could have more ADA and wheelchair friendly features Nothing. Looks great! |
| 4/23/2021 8:45 PM 4/23/2021 8:47 PM 4/23/2021 8:47 PM 4/23/2021 8:50 PM 4/23/2021 8:50 PM 4/23/2021 8:50 PM 4/23/2021 9:50 PM 4/23/2021 9:06 PM 4/23/2021 9:06 PM 4/23/2021 9:06 PM 4/23/2021 9:16 PM 4/23/2021 9:16 PM 4/23/2021 9:16 PM | Yes Yes Yes Yes Yes Yes Yes Yes Yes Yes | 3 times or more per year 2 times or more per year 3 times or less per year 3 times or more per year 3 times or more per year | Yes Yes Yes Yes Yes Yes No Yes Yes Yes Yes | The rocket ship shape is cool The shade All the shade The colors and Diversity of ages represented by east and moderate level play equipment. I think it's great that shade is included. Plenty to do Shade! It looks cool. Activities for big and little children. Colorful, interactive, shade Colorful! Colorful expression of the search of th | and really would get clogged up quite quickly. It appears that large structure lacks a logical flow. If budget or space is an issue we can lose the book statues as they don't function for much of anything. There are cooler ways to call out that we are right next to the library perhaps literary references on the structure itself? Printed on the shades? Also the colors are GARISHI They will quickly fade and look old/run down. Those colors definitely do not have staying power. The ped mall landscaping, benches, storefronts themselves, heck even the Graduate Hotel are all filled with wonderful color, let's not muck it up with a garishly colored playground which will clash with everything we already have! Way too colorful? Not sure about how flashly it is. N/a I do not like the new climbing structures. The current one is great lots to run through and have imaginary play. The climbing structures in the picture I very bland and boring. Almost cold and uninviting. I cannot tell for sure but want to make sure it is adult accessible. I'm concerned that children, especially children who are old enough to climb and slide, will essentially only play on the main "space ship" structure. there seems to be a lot of wasted space that could fulfill more active area for kids to run/climb/crawl etc. The western 1/3 seems not to be nearly as useful. Furthermore, if children 3+ are all in the central area and the space ship is some sort of cage like structure, it might be difficult for parents to access and retrieve their children. Looks too modernly brilliant and "plastic-y". Would love to see a playground done more the old fashioned way. Not enough shade! No seriously we need shade there. Also climbing structures not super exciting. No swings. One thing that is nerve wracking about the current playground for caretakers is strangers walking by or kids wandering off and no fencing. It seems fear towards early childhood age children. Some but could have more ADA and wheelchair friendly features Nothing. Looks great! The colors—the |

Enlarge the play space and have a running space around the perimeter with obstacles to be climbed under/over/up & on that support & enhance the tag experience.

52246 Also lights

52317 I like the playground the way it is. Just add shade coverings to the existing playground.

See above. Also: water features. More climbing opportunities. Less "sensory panels." Find something accessible for kids with disabilities that is actual fun. - wheelchair accessible swing? 52240 Wheelchair-accessible ramp?

52245 Anything is great - thank you for continuing to improve the downtown

52240 I wish there were no dogs allowed in the ped mall.

52245 My kids would like climbers, merry go rounds, and ninja warrior type obstacles

52241 Splash pad, small playground for toddlers (I have a 1 and 5 year old)

52246 This new playground.

52317 Hopefully the water fountains turn back on this summer?

52241 Love that area

Please see above. I really hope you take into consideration the comments from other moms and caregivers in the area. I'm excited for the new structure but the length and options of the current 52245 seem to disappear with this option.

52317 Some disability friendly items....large wheelchair swing, ramps to reach certain elements

52246 A more open play area that isn't just equipment. Similar to some of the European ideas. 52245 Not sure

52246 Having two or three summers of normality before the disruption of more construction. 52240 Accessibility for all kids

52245 Something that can spin, easier monkey bars, ropes, and imagination station, swings. 52245 More playground experiences that are safe for toddlers (I have a two year old).

52245 You need steps to make this inclusive.

52356 Adaptive equipment

52322 Deff

Plenty of benches/seating opportunities for caregivers! It's a FAVORITE central place for us to meet, grab a meal, and socialize while the kids play- we even take turns watching the kids so we

52245 can shop at the stores.

52245 A bit of a fence around it, very short, to ensure littles don't run off

52245 Add more benches to sit and watch the kids

52240 Water bottle refill station and more shade.

52240 Making sure it is safe for small, early walkers as well as older children.

I think a much larger and more extensive structure would be a better use of the space. Individual items on the ground (spheres), piles of "books" etc, I don't think will capture a child's imagination 52241 for very long and they will be drawn to the structure area.

52247 Plenty of seating for parents, picnic tables,

52245 SHADE.

60543 Misters for hot days the kids can run through. A dog park.

52240 Possible divider between playground and pedestrian traffic

My kids shared that they like the high levels that are currently there now. They would like bigger slides, keep the money bars, bridge, under areas (for hide and seek with friends), monkey bars 52245 and firefighter pole. Thanks for listening to their requests.

52317 An ADA accessible playground

Water fountain – needs to work all the time. It is a life saver on hot summer days, particularly 52245 now during the pandemic.

52240 More big slides

52240 Free parking in decks

| | | | | | From what I can see in the design, the two main dislikes are 1) the red hoops in area #2 - there is a structure like this in my neighborhood and I never see kids on that part - it's awkward and hard to use. 2) all the little book structures on the ground seem like a waste of space, unclear what is the |
|--------------------|-----|--------------------------|-----|--|---|
| 4/23/2021 10:04 PM | Yes | 3 times or more per year | Yes | Shade | purpose unless I'm missing something in the design Needs to be more accessible, not just ladder. Needs more slides. I love bridges across structures |
| 4/23/2021 10:12 PM | Yes | 2 times or less per year | Yes | Yes for improved shade, maybe also canopy over the main play structure so more like a tent. | too, they love to be up tall on current structure The obstacle play equipment. It's difficult for little kids and toddlers to play on it without parents help- The Peninsula neighborhood has this same structure and virtually no small kids ever can play |
| 4/23/2021 10:19 PM | Yes | 3 times or more per year | Yes | The shade | on it. Also, I'd love to see more slides. |
| 4/23/2021 10:21 PM | Yes | 3 times or more per year | Yes | Shade | It doesn't seem to offer much more than the present playground. Why not leave well alone and spend the money elsewhere? Though I get it if this is about ADA accessibility. |
| | | | | | It is all theme, no play. What is a toddler going to do with A big tower. How do you keep kids from congregating around the one or two fun things to do. Kids do not care about such a literary design. Where are all of the swings or built in bouncy toys? We would not go back often with |
| 4/23/2021 10:22 PM | Yes | 3 times or more per year | Yes | Color is good. | these plans. Kids come out n different ages and are not all interested in climbing to nowhere. |
| 4/23/2021 10:36 PM | No | 3 times or more per year | No | Very colorful and alot of different items for learning, yet have fun | I like it |
| 4/23/2021 10:46 PM | Yes | 3 times or more per year | Yes | Great size, soft surface, surrounding seating | N/A |
| | | | | | I don't like that it's a lot of separate items, rather than one large thing to roam. It seems like |
| 4/23/2021 10:50 PM | | 3 times or more per year | Yes | I like the shade pieces over the sides. | there's too much color, just for the sake of color. |
| 4/23/2021 10:51 PM | | 3 times or more per year | Yes | Shade! | Might be harder to see children from all sides |
| 4/23/2021 10:51 PM | NO | 3 times or more per year | No | Very colorful and interesting | Nothing |
| | | | | | My impression is that compared to the old one there are very few things to climb or go up and down on. Only two slides? There will be lines of kids when the place is busy. The big books literary display. looks pretty trite and frankly boring. May be that suppose to be for the little ones. The old one had a lot of moving around possible. Lots of smaller sections for kids to hang out or move |
| | | | | It is colorful. and the shade looks like a big plus. not sure the the climbing thing to the east is all | through multiple times. The whole thing was integrated so there was a sense of travel and a big |
| 4/23/2021 10:55 PM | Yes | 3 times or more per year | Yes | about but it look interesting. | space. It would be nice to make sure that children of all abilities can play here and have easy access to |
| 4/23/2021 11:24 PM | Yes | 3 times or more per year | Yes | The shade and sensory additions! | play areas. |
| | | | | | I don't see a fence. Please, I beg you, consider a fence. The last time my partner and I took our kids to the playground, our (then) 2 year old ended up inside the library despite both of us actively watching our children at play. We were very lucky that a helpful stranger saw him running |
| 4/23/2021 11:27 PM | Yes | 2 times or less per year | No | It looks very fun. | gleefully toward the children's section of the library and stayed with him until we found him. |
| 4/23/2021 11:53 PM | Yes | 3 times or more per year | Yes | It is extremely colorful and will be so inviting and exciting to children. | There's nothing to dislike. |
| 4/24/2021 12:01 AM | Yes | 3 times or more per year | Yes | Equipment appropriate for different age groups, middle tower structure, shade! | No dislikes - love the look of the equipment and love the book theme. This looks amazing!! Loved the playground concept drawing that had included the pencils. I wish the pencils could have been kept just made to be less climbable from the outside than the concept drawings |
| 4/24/2021 12:18 AM | Yes | 3 times or more per year | Yes | Love the literature theme | showed. |
| 4/24/2021 12:28 AM | Yes | 3 times or more per year | Yes | Nothing | I have to say it is a bit overwhelming. I think given the small surrounding space, this will really limit the area for free running/play. The colors are too bright too. Seems like not a lot of things to climb on. Kids will bottle neck in certain areas. Also, doesn't look very ADA friendly. Maybe a few pieces comply, but we can definitely do better to be welcoming |
| 4/24/2021 12:32 AM | No | 3 times or more per year | Yes | Very cool looking design | to ALL kids and families. |
| 4/24/2021 12:57 AM | | 3 times or more per year | Yes | I like the shade aspect, separate play areas. Overall nice design. Still has slides | Would like some natural features- can help kids be more inventive |
| 4/24/2021 12:59 AM | Yes | 3 times or more per year | Yes | Shade | Too colorful. Would prefer a more natural looking playground and a smaller one for younger kids |
| 4/24/2021 1:25 AM | Yes | 3 times or more per year | Yes | Shade + places to be pretend | Nothing in particular |
| 4/24/2021 2:37 AM | Yes | 3 times or more per year | Yes | Shade, safety, the variety of ages that can enjoy the space | Looks great! |
| | | | | | It's the absolute worst time to propose replacing a perfectly functional playground when there are |
| 4/24/2021 5:52 AM | Yes | 3 times or more per year | Yes | In another context I'd like a ton, but this is a terrible context | mass cries in the streets to spend money on more important things. |
| 4/24/2021 6:07 AM | Yes | 3 times or more per year | Yes | Looks safe and sturdy. Nice sun cover. | No |
| 4/24/2021 6:16 AM | No | 3 times or more per year | Yes | The shade and the flooring | |
| 4/24/2021 6:50 AM | Yes | 3 times or more per year | Yes | I like that it is colorful | It is lacking the fun fort feel of the old!! My kids love the current one. Please don't make it babyish. |
| 4/24/2021 7:10 AM | Yes | 3 times or more per year | Yes | The shade area | Nothing |
| 4/24/2021 7:13 AM | Yes | 2 times or less per year | Yes | The colors and unique design, structures I have not seen before | The unique design, structures I have not seen before Honestly, this seems like a major downgrade. Appears to be lots of structure but not much for kids to actually do except a few slides and some stuff to climb on. My 5 y/o would not play on the |
| 4/24/2021 7:15 AM | Yes | 3 times or more per year | Yes | Colorful, shade from sun | rope/disc structure. Doesn't look ADA friendly |
| 4/24/2021 7:17 AM | Yes | 3 times or more per year | Yes | Shade features | So flashy and artificial looking. I strongly prefer a more toned down natural playground aesthetic. |
| 4/24/2021 7:18 AM | Yes | 3 times or more per year | Yes | The shade. | Nothing |
| 4/24/2021 7:25 AM | Yes | 3 times or more per year | Yes | Variety of activities, shade, vibrant colors | Just a smidge of nostalgia for the current structure (one big continuous structure was fun). There are currently a couple picnic tables near the playground. I can't tell in these pictures if those |
| 4/24/2021 7:27 AM | No | 3 times or more per year | Yes | It's updated, fresh, and has something for all ages. My daughter is not school aged yet and while she enjoys the current playground, the new concept looks like there are more things designed for younger children. | are gone or not. If so, I think it'd be good to try and keep a couple close to the playground. While there are others not too far away in the ped mall, having some close to the playground is so nice for lunch, snacks, picnic, etc. |
| | | | | | It doesn't look like there is a slide for younger children. One of the things I don't like about the current play structure is that when it gets busy the older kids are on the same structure as the |
| | Yes | 3 times or more per year | Yes | The sun shades. | younger kids and often end up knocking them over. |
| 4/24/2021 7:34 AM | Yes | 3 times or more per year | Yes | Sensory play and exploration | N/A |

52245 More slides for all age kids, more stairs

52251 Benches/picnic tables to rest

52240 More shaded table seating would be nice

52240 More adventure. Playgrounds are too tame and prescriptive.

- 52240 Scrap every thing but the colors and the locations.
- 52241 Hope the college students don't ruin it
- 52240 N/A
- To leave the existing one intact, so as to have continued access to a playground rather than
- 52240 disrupt a summer waiting for something to go in.
- 52241 Shade, easy to watch the kids, places to sit
- 52245 larger space

Young parents and even Grandparents like myself are often asked to join in by their children and 52245 little one often need hands on help. Is this design usable by adults? It should be.

52241 Swings! Or maybe even a rock wall climbing structure!

52245 A fence.

Actually, the downtown playground experience is always a positive one for all the years I've been 52240 going there w/ children.

52245 N/a

Making the literature theme more noticeable. Would love to see the book sculptures with books 52240 written by Iowa City children's authors.

I would just keep it cleaner and better maintained. I really don't see a reason for changing the entire structure. One idea would be to have another area downtown to have a playground rather 52245 than creating such a busy environment in a single location.

Climbing structures for all ages. I love the built in shade of this new design, but the actual 52245 playground seems to be lacking.

52245 Adding natural features

- 52241 Shade and easy way to watch the kids
- 52240 More tunnels, houses, bridges, places to explore
- 52245 Can't think of anything

Seeing an actual representation of our town's makeup, instead of the predominantly white people 52245 that can afford the time and money to go there.

- 52440 Cool down area on hot days
- 52241 Some water fountain for drinking

52245 A playground for elementary age children. An edible garden, water fountain, more plants.

52358 Drinking fountain

52245 Nothing

52317 Room to run, climb, small-kid friendly, shade, more benches

52240 Shade. Otherwise, I do think the current playground is already fabulous.

- Shade and benches. I love that the concept seems to have equipment for various ages as I have a 52245 3 year old and a 6 year old.
- These concepts are a step in the right direction. More inclusive activities at ground level, activities 52246 for a variety of ages.

It's always good to have enough garbage cans nearby. A drinking fountain/water bottle station 52246 would also be super convenient. If it'd be possible to do a hand sanitizer stand, that'd be great too. A big kid slide rocket and one designed for smaller kids to encourage the different ages to play apart. It seem like you kind of have that idea but the things under the younger kids side seem

"boring" for anyone but under 2 age. 3-5 year olds would like a pretend car to play in or smaller 52340 slides.

52246 Accessible bathrooms

| 4/24/2021 7:34 | AM | Yes | 3 times or more per year | Yes | The added shade. | The enclosures |
|------------------|-------|-----|--------------------------|------------|---|--|
| 4/24/2021 7:35 4 | | Yes | 3 times or more per year | Yes | Love everything. I hope the colorful shaded structures are lit up at night | Nothing- please keep the same soft ground as before |
| 4/24/2021 7:41 4 | | Yes | 3 times or more per year | Yes | The shade and benches closer to the play space. | The book displays are cool, but not really functional for kids. |
| | | | | | | |
| 4/24/2021 7:43 / | AM | Yes | 3 times or more per year | Yes | Colorful, love the shade areas as there isn't much there currently. Like the library theme additions. | |
| 4/24/2021 7:44 # | | Yes | 3 times or more per year | Yes | Shade! | Very bright colors |
| 4/24/2021 7:45 / | AM | Yes | 3 times or more per year | Yes | It includes fun for all ages | Maybe a sandbox, swingset for babies |
| | | | | | | |
| | | | | | | |
| | | | | | | Adding a million colors doesn't make it more fun for kids to play on - just more garish to look at. |
| | | | | | | They'll have the same amount of fun regardless of what colors are incorporated. The view from |
| 4/24/2021 7:46 | AM | Yes | 3 times or more per year | Yes | Book details and shade | the hotels and ballrooms would be concerning to me. |
| 4/24/2021 8:01 / | | | 2 times or less per year | No | Bright colors | Not able to see child |
| | | | | | • | |
| | | | | | | Small play space, this will get packed with kids. Spread out the design like it is now. I don't like the |
| 4/24/2021 8:06 # | AM | Yes | 3 times or more per year | Yes | Shade, it get so hot on the plastic in the summer | plastic fiddle things and knobs, those don't get used. Needs monkey bars. |
| | | | | | | |
| 4/24/2021 8:07 # | AM | No | 2 times or less per year | Yes | Love the color, excitement and wonder it fosters. Makes Iowa City feel welcoming to children. | Na |
| 4/24/2021 8:19 4 | A N A | Voc | 3 times or more per year | Yes | The shade element | That the tower is the only playground element the kids will really play on and it will be packed. |
| 4/24/2021 0.15 / | | 165 | 5 times of more per year | 103 | The shade element | That the tower is the only playground element the kids will really play on and it will be packed. |
| 4/24/2021 8:23 | AM | Yes | 3 times or more per year | No | It's different from other playgrounds in the area. | I think it's too bright and flashysomething more organic and sculptural would ne nice. |
| 4/24/2021 11:29 | | | 3 times or more per year | Yes | Shade! | Nothing |
| | | | | | | - |
| 4/24/2021 11:37 | 7 AM | Yes | 3 times or more per year | Yes | the boundless sphere and the ropes climber thing | Seems prescriptive and plastic. Needs more open play, like the logs at the City Park playground. |
| 4/24/2021 12:13 | B PM | Yes | 2 times or less per year | Yes | Colors, unique equipment, and the variety of equipment | There's nothing I dislike |
| | | | | | | |
| 4/24/2021 12:34 | I PM | Yes | 3 times or more per year | Yes | Shades, sensory display | None |
| | | | | | | Teo colorful and observious. Please use more soutral colors or moute a sear of one color/color |
| | | | | | | Too colorful and obnoxious. Please use more neutral colors or maybe a pop of one color/color shade. |
| 4/24/2021 1:10 F | РМ | Yes | 3 times or more per year | Yes | Looks like there is more for younger kids. | It also seems like the structures block sight lines and might be easy to lose a kid/not see them. |
| 4/24/2021 1:25 F | | Yes | 2 times or less per year | Yes | Colorful. Lots of options. | Didn't see anything for special needs children. |
| , _ , | | | | | | The current structure can hold lots of kids of many different ages. This design looks really limited |
| 4/24/2021 1:33 F | PM | Yes | 3 times or more per year | Yes | Shade and link to the library | in the number who can actually use it. |
| 4/24/2021 1:56 F | PM | Yes | 3 times or more per year | Yes | Surface | Not inclusive for children and adults of all abilities. |
| 4/24/2021 1:59 F | PM | Yes | 3 times or more per year | Yes | Soft ground, proximity to food and fountain. | Smokers too close. |
| | | | | | | |
| | | | | | | |
| 4/24/2021 2:04 F | | Yes | 3 times or more per year | Yes Yes | Shade. Seems safer than the open towers of the old playground. Shade | It seems disjointed. No monkey bars, nothing to challenge kids physically. |
| 4/24/2021 2:07 F | PIVI | Yes | 3 times or more per year | res | Snade | Nothing |
| | | | | | | First and foremost, my daughter has cerebral palsey, and this playground looks decidedly |
| | | | | | | accessibility unfriendly. The tower does not appear to have ramp access |
| | | | | | | |
| | | | | | | It's strangely lacking in theme. It would be so easy to create a book theme throughout the |
| | | | | | | structure. Instead, books are stuck up in the middle of the ground (4), with no apparent purposes |
| | | | | | | except decoration, although (9) is a book climbing feature. The entire playground should be built |
| | | | | | | around such a theme. And items like (4) should have play purposes with it. For (2), why not make |
| | | | | | | it a spider web with a Hobbit or Charlotte's Web book in front? For (1), why not make it a grain |
| 4/24/2021 2:10 F | DM | Voc | 2 times or more per year | Yes | Rubber mulch and shade are wonderful. | silo for Little Red Hen? It is so easy to think of ways to make these with inclusive, accessible, |
| 4/24/2021 2.10 P | | Tes | 3 times or more per year | 165 | Rubber multinand shade are wonderful. | popular, timeless literary ties. |
| | | | | | | but the playground that's there is not that old and there's nothing wrong with it. There are |
| 4/24/2021 2:16 F | PM | Yes | 2 times or less per year | Yes | It looks colorfulthe curly slide is awesome | other playgrounds that could use upgrading before this one gets a new one again |
| 4/24/2021 2:35 F | PM | Yes | 3 times or more per year | Yes | Nothing | Dislike it strongly |
| | | | | | | Concept seems to value style over substance. Book displays are cute but look like they would |
| | | | | | | impede flow. There seem to only be a couple of actual play options so when downtown is busy it's |
| 4/24/2021 2:38 F | PM | Yes | 3 times or more per year | Yes | The added shade. | not going to work well. |
| 4/24/2021 2:42 5 | | ¥ | 2 ****** | ¥ | | The set of second second a slight and slight slight will see date the second sheet and set |
| 4/24/2021 2:42 F | | Yes | 3 times or more per year | Yes Yes | Benches without bars I like the books and slides | There's not enough space to climb and slide all the kids will gravitate towards that one spot N/a |
| 4/24/2021 3:05 F | PIVI | No | 2 times or less per year | Tes | Tike the books and slides | N/a |
| | | | | | | Not a fan of the color choices tbh. Looks very stylized but this may be at the cost of play options. |
| | | | | | Plenty of shade. Seating for parents (although this appears to be existing and not added with this | Looks like there is minimal play options (books to climb through left, slide center, climbing activity |
| 4/24/2021 3:39 F | PM | Yes | 3 times or more per year | Yes | design) | right). How accessible is this for children and families with disabilities? |
| | | | | | My kids say they like everything about it and that it will make it much easier to play "going into | |
| 4/24/2021 3:51 F | PM | Yes | 3 times or more per year | Yes | outer space." | N/A |
| | | | | | | |
| | | | | | | I'm sorry, but the colors are hideous. Would strongly prefer something more naturalistic. |
| | | | | | | While wheelchairs can move around here, what is there to do, really, for kids in wheelchairs? This |
| | | | | | | While wheelchairs can move around here, what is there to do, really, for kids in wheelchairs? This seems pretty lousy for kids in wheelchairs. No wheelchair accessible "sway" glider? No "merry go |
| | | | | | | round" type component with harness? no ability to enter any of the major components in a |
| | | | | | | wheelchair? Just shows a lack of creativity. Why always the bare minimum for our kids with |
| 4/24/2021 6:20 F | PM | Yes | 3 times or more per year | Yes | lots of area to run around, maneuver strollers and wheelchairs | disabilities? |
| | | | - | | My daughter says "It looks colorful, it looks fun to play on. The rocket ship looks cool." I like the | |

| | | | | | | Needs to be way more handicap accessible- for adults w disabilities to play with their kids and for |
| 4/24/2021 6:57 F | PM | Yes | 3 times or more per year | Yes | Nothing | kids w disabilities to fully access the structure |
| | | | | | | |
| | | | | | | |

52240 We like the current playground, especially the monkey bars.

52241 More equipment

- 52245 Shade and benches that aren't separated from the play space!
- 52333 Have the water features working again?
- 52245 Hand sanitizer stations
- 52240 Atmosphere

Adding some shade for parents and caregivers. Consistently in Iowa City I find the zip line is the most popular piece of equipment. New playgrounds in IC have put in these rotating merry-goround alternatives and I've yet to meet a kid who liked them because they're so slow and difficult to establish any momentum. The design of these looks fun in theory but at Napoleon and City 52246 Park I've found disappointed kids.

52246 Fencing

52338 Shade, space where kids aren't crowded and you can keep track of where you kid is at.

52245 Na

- 52250 Shaded sitting for parents.
- 52245 Other things in the area for kids.
- 52246 Having shaded areas.
- 52245 More open play structures.
- 52776 This equipment and more convenient short term parking options
- Having better surveillance or regulations during the weekend as sometimes there's is people 52240 drunk and yelling profanities (daytime)
- 52240 Adding equipment safe for young toddlers (mine are 1 and 2.5)
- 52242 Something for special needs children.
- Doing the construction in the winter rather than taking up another summer season like when
- 52246 redoing the ped mall for two summers.
- 52245 More thought put into inclusion of those normally left out of typical play.

52317 Inclusivity.

Having a play set large enough for older and younger kids to explore together without fear of the 52245 younger ones accidentally getting pushed off of the higher elements.

52245 No smoking on the ped mall

52246 See last remark.

- 52240 If it was sanitized on a daily basis.
- 52245 Leave it the way it is

More functional structures for actual play. There also is accessibility issues which need to be more 52245 thoroughly considered moving forward.

- 52240 More benches without bars
- 52245 I wish there was a smaller toddler jungle gym for my littles.

Accessibility. More physical play options guarantee jids are going to bottleneck that center slide - 52245 think function over style. The color is not great. Is there a bubbler/drinking fountain close by?

52240 N/A

52245 Making it a place where ALL kids can play and have fun.

52245 My kids suggest a slide off the library roof ;)

52241 Get rid of COVID?!?

| | Yes | 3 times or more per year | Yes | It's colorful | I do t like the shade structure. Those flimsy triangles are a poor idea for shade. It gets really hot and sunny and we parents always complain that there is not enough shade relief. |
|--|---|--|--|--|--|
| 4/24/2021 8:02 PM | Yes | 2 times or less per year | Yes | Nice colorful. Like bonded rubber for accessibility purposes. | I would like to see a few more wheelchair accessible spots throughout besides just the literacy wall. Perhaps a few music spots with drums or xylophone. |
| | | | | | If these are the colors, they are garish. For a city of art and literature, using plastic is tacky and unimaginative. |
| | | | | I do not like this new concept | It is much too busy - children do not need to be overwhelmed by choices. What are the items that allow those with less able bodies to play and enjoy, and more than a |
| 4/24/2021 8:06 PM | Yes | 3 times or more per year | Yes | Adding shade areas is helpful, could it be trees? | board with moving puzzle pieces? |
| | Yes | 3 times or more per year | Yes | Bright colors. More open play space. More shade | OK as prsented |
| 4/24/2021 8:16 PM | Yes | 3 times or more per year | Yes | More spread out | Needs more accessibility |
| | | | | | It needs more slides, bridges, the type of structures that are higher up like #1 (currently a very small space to share). The majority of the activities are at ground level in this design. Too much |
| 4/24/2021 8:19 PM | Yes | 3 times or more per year | Yes | | shade. |
| | | | | | The sensory board area is something I have never seen kids interact with and are often broken on a playground. The space may be better suited for a different item. there is no opportunity for a child in a wheelchair to play and interact with the other kids. We |
| 4/24/2021 8:53 PM | Yes | 3 times or more per year | Yes | 2) There is a wide range of ages that can play; including a preschooler-safe area of the playground. | have seen multiple kids in wheelchairs around the library, but never on the equipment. I don't dislike it but sensory panels don't get used much we playground hop the area (did three |
| 4/24/2021 9:19 PM | Yes | 3 times or more per year | Yes | Climb structure | today, 2 IC and 1 North Liberty) to justify this observation Too many colors, does not appear to have multiple options for elementary aged kids to climb or |
| 4/24/2021 10:11 PM | Yes | 3 times or more per year | Yes | Shade and updating the structure | run on. |
| | | | | | I could not tell if handicap accessible? |
| 4/24/2021 10:14 PM | No | 2 times or less per year | No | | Are the surfaces the type of materials that do not get hot, similar to those at College Hill Park once? |
| 1/2 1/2021 2012 11 11 | | 2 diffes of less per year | | | The colors are awful, too garish, and the overall spaceship/gerkin/bullet/tampon shape isn't really |
| 4/24/2021 10:37 PM | Yes | 3 times or more per year | Yes | Climbing/obstacle structure is great. | pleasing or in fitting with the site. |
| | | | | | My kids (6 and 9) can play on the current structure (with multiple slides, ramps, climbing options up to one connected structure) for an hour - easy. This new concept seems as if there would be limited playability. My kids would be bored. Those rope climbing disc areas are the worst and don't allow for safe playing with other kids. They tend to be an independent type of thing. And I don't think we need to add the play board style toys near the ground. I think all the kids would pack onto the rocket ship pieces and it would be packed because no would want to play on the |
| 4/24/2021 11:01 PM | Yes | 3 times or more per year | Yes | The addition of shade | other stuff. Too many little pieces and not one big playground structure. This playground is used by everyone! And by groups! It should have many access points and be tall so you can run under it and on it. It should have steps and a ramp and ladders and a fireman pole and monkey bars and slides. Little |
| 4/24/2021 11:06 PM | Yes | 3 times or more per year | Yes | The shade is lovely! | kids can play up, big kids cannot often play down (I have 20 years experience with childcare/camp/school settings) |
| | | | | | |
| | | | | I like the shade canopy and the literary theme. I also appreciate that the play structures are a little separated. When my on kids were little enough to play, they would often get knocked down my | I can't tell very well from the drawings but it seems as if this will not accomodate as many children on the play structure. The fireman's pole and climbing up to the tall platform on the old structure |
| 4/24/2021 11:55 PM | Yes | 3 times or more per year | Yes | | are a big hit with kids. The new one seems much more geared to younger kids. |
| | Vec | 3 times or more per year | No | | I like all the colors! |
| 4/25/2021 12:29 AM | 165 | | | | It seems designed for very young children. Most of the play space is on the ground. I don't think |
| | | 3 times or more per year | Ves | | this design will last anywhere near as long as the current structure has |
| | Yes | 3 times or more per year | Yes | Not very much | this design will last anywhere near as long as the current structure has. |
| 4/25/2021 1:37 AM | Yes | | | | I'm concerned about accessibility here, both for myself as a wheelchair-user and my daughter who has muscular dystrophy. This is 2021, ableism is out, and it's profitable for you to make inclusivity a priority. Accessible terrain, accessible swings, shallow steps, merry-go-rounds, etc. |

Kids chasing each other across the bridges, etc. is a lot of what makes the current one fun. They also like getting below the current structure and playing hide and seek. There's often a lot of children, and many of them are older. This design offers nothing much for the older kids to do and not enough fun areas to play in and climb around on less actual playground equipment than now. |

Kids like to run and there seem to be lots of obstacles to keep kids from running. Kids will be 52333 running outside of the playground area into other people.

52246 Can't think of anything

Hire a child playscape artist to design and build an imaginative wonderland, full of child opportunity and risk to use their bodies in their abilities. Less close-ended activity boards and more open-ended suggestions for children to own their play choices. INCLUSIVE of all body abilities

If the playground is for school-aged, 5-12 years old, then it needs to include age-appropriate risky 52241 play.

52246 Hand sanitizer stations

52358 More shaded areas where the seating closest to it is

52245 It is pretty good now.

52240 Allowing space or a redesign of the slide structure to have a wheelchair accessible area. It's so cold, honestly we can't use it enough because it's in the shadow of the library so except for 52317 the summer it's really uncomfortable.

52240 Additional benches around playground

I am wondering what will become of the current structure.

52245 Repurpose? Elsewhere?

52240 Keep it simple, kids love climbing, slides, etc, and the overall look should fit with the site.

I like the current structure with ramps/bridges to multiple connected platforms with slides, climbing ladders, etc. I would just refresh the same concept and not add some of this weird new 52241 stuff.

Shade. I love what is currently there, truly a beautiful place. I have loved it with toddlers, school 52245 kids, teens, and college students.

52240 Drinking fountain by the playground would be fantastic. 52240 Shade over the playground is great!

52245 Model it after the current design

52240 If the environment was inclusive and accessible.

We love using the playground and library as a destination for our family, or a place for the kids to 52249 play while we listen to music. Please continue to have this park! 52240 This new design.

52240 Increased inclusivity.

I appreciate the increase of nearby benches in the past few years. Having a lot of seating for 52245 grownups is necessary, as long as they provide a line of sight to the playground. Thank you. How is this for young kids? My kids are older now, but it was a struggle when they were young to 52240 play on the down town playground

52240 An area for small children

52240 shaded benches for caregivers

Honestly, the current playground is great and just needed a water fountain and a shaded area for 52240 babies to climb.

52240 A better design, more slides more ways to get up and down different kinds of slides 52246 It's great the way it it already

| 4/25/2021 9:56 AM | Yes | 3 times or more per year | Yes | That there are shaded areas to play and that there are numerous age levels that could safely play. | I can't tell how high and how open the slide is but little ones like to go right to edges of high places (which is what I dislike about the current playground) |
|--|-----------|--|------------|---|--|
| 4/25/2021 10:47 AM | Yes | 3 times or more per year | Yes | Lack of stairs on running surfaces which possess a safety hazard, accessibility of the new structure, larger climbing structure | Fewer slides |
| 4/25/2021 10:54 AM | Voc | 3 times or more per year | Yes | None | Too compact, no flow of movement. Not handicap accessible or entertaining |
| 4/25/2021 10:54 AM 4/25/2021 10:56 AM 4/25/2021 11:18 AM | Yes | 2 times or less per year 3 times or more per year | Yes | Safety, gated and safe for all ages! The shade component | Doesn't seem all age appropriate. Too garish, busy and looks Disney park like. I would expect something more artistically attractive in downtown lowa City and unique. Not sure this would provide anything for disabled children to play on. |
| 4/25/2021 11:21 AM 4/25/2021 11:36 AM | | 3 times or more per year 3 times or more per year | Yes No | It's not really for my family, sorry. The shade structures and the benches. | The colors are circus like, the equipment looks far too small for anyone above the age of six. There isn't a lot to do and it's not very spread out. I love the idea of having a playground for smaller children but the playground that is there now is great for all ages and kids can spread out and run and play tag and hide and go seek. None of which can be done on this one. I'm sorry but this is just a very poor design for large groups of children which is what I hope will again happen downtown soon after covid. Too many clashing colors. |
| 4/25/2021 11:40 AM | Yes | 3 times or more per year | Yes | Much more things for all ages | I think it needs to be more Accessible for children who have disabilities of all kind. |
| 4/25/2021 11:43 AM | Yes | 3 times or more per year | Yes | Any parts our kid can climb on! | The more slides the better |
| 4/25/2021 11:51 AM | Yes | 3 times or more per year | Yes | I like the different areas that spread out across the space. Shade is great. | I have a lot of dislikes. The closed nature of the big slides (rocket shaped), kids can get up there but can't really spread out. I can see littles getting up there and not sliding down. Overall accessibility is problematic, what can kids with different mobility needs be able to do? Did we seek input from families that have kiddos with special needs? needs a circular plan to keep the kids in motion and bringing them to different items. Lack of living |
| 4/25/2021 11:56 AM | Yes | 2 times or less per year | Yes | climbing and activities that challenge children | materials |
| 4/25/2021 12:10 PM | Yes | 3 times or more per year | No | Lots of different play opportunities | Seems complicated and less user friendly |
| . (| | | | | |
| 4/25/2021 12:16 PM | Yes | 3 times or more per year | Yes | colorful and inviting | It needs swings for children of all abilities. I think the colors are too loud. I think a more natural color scheme (excluding the colored glass panels) would suit the downtown area well and still be inviting to children. They're doesn't seem to be a lot of play equipment for disabled children or older children. I think also considering what the theme is here, right now it has kind of a spaceship vibe? I don't know if that really fits in with |
| 4/25/2021 12:21 PM | No | 3 times or more per year | Yes | I do like the focus on the visual and shape oriented nature of this plan. I think the colored glass panels and the climbing sphere are beautiful. | the rest of down town. I think including little town/book/farm/art related themes would suit this space well |
| 4/25/2021 12:27 PM | Yes | 3 times or more per year | Yes | Sun shades | The flow of the design |
| 4/25/2021 12:30 PM | Yes | 2 times or less per year | Yes | Intentional structural elements that provide shade, items that engage children of multiple ages. | N/A There doesn't appear to be much room for running around without possibly interfering with pedestrias. |
| 4/25/2021 12:35 PM | Yes | 3 times or more per year | Yes | Variety. Shade panels | |
| 4/25/2021 12:44 PM | Yes | 3 times or more per year | Yes | Shade!!! | The rocket shaped structure— it will get too busy and not accessible to all. |
| 4/25/2021 12:46 PM | No | 2 times or less per year | Yes | Colorful. Offers shade | Looks fine |
| 4/25/2021 1:01 PM | Yes | 2 times or less per year | Yes | Shade seems looked good idea, "sensory" stations too. | The design looks very crowded with objects no room just to run. Please open it up! There doesn't seem to be any wheel chair accessibility and there are a lot of blind spots that will |
| 4/25/2021 1:01 PM 4/25/2021 1:10 PM | | 3 times or more per year | Yes | The shade covers | make it difficult to see children |
| 4/25/2021 1:10 PM 4/25/2021 1:15 PM | Yes No | 3 times or more per year Never | Yes Yes | Not much. Maybe the coverings to block the sun. It will be something to go visit with kids | Need more room for kids to play games (hide &seek). This should not be open after sundown on fridays and weekends |
| | | | | | The ladder access to the tower structure makes it difficult and dangerous for younger children, differently abled, and older people to get up. Adults should have easy access to all levels in order to help children quickly. Having only one access point will cause conflict between children as well. |
| | | | | | The ground level interactive elements are well intentioned, but these things usually get dirty, faded, and stop working fairly quickly. Do you have a plan to maintain or replace these when that happens? |
| 4/25/2021 1:38 PM | Yes | 3 times or more per year | Yes | The shade, the elements that don't require climbing up high | The literary display doesn't seem to serve much of a purpose, and it blocks carers' views of small children. Imagine you are trying to keep track of 3 kids at this playground- you NEED clear sightlines! |
| 4/25/2021 1:54 PM | Yes | 3 times or more per year | Yes | Shade structure | There will be too many kids on the central tower. Not enough to climb on. Too many obstructions like the book display |
| 4/25/2021 2:13 PM | Yes | 3 times or more per year 3 times or more per year | Yes | THE SHADE! | nothing |
| 4/25/2021 2:15 PM | | 2 times or less per year | Yes | I enjoy the variety, I just don't understand what is wrong with the current one. | Why do we need a new playground? Is there something wrong with the current one? |
| 4/25/2021 2:16 PM | No | Never | No | I think it looks really fun. When my children were small, they enjoyed playing on the playground by the library. I think this will be very enticing to children. I love that it has some shade. | Are you expanding it as well? It looks bigger than the current one. Just want to be sure there is enough space so that children don't get injured. |

Lots of seating near it so that mom/dad/caregiver doesn't have to cross pedmall traffic to sit and 52240 children don't have to cross pedmall traffic to get to mom/ dad/caregiver.

52246 Even more space for the playground :)

52338 Large spread out with lots of slides and climbing opportunities. Not one compact tower 52240 Bigger, gated and safe for ALL ages.

I am fine with the one that is there. Pretty simple and my kids live running across the bridge and 52317 looking out at the Ped Mall. Providing shade would be an improvement though.

Climbing walls larger structures for older kids interactive things for smaller kids you can't combine all of these into just one small area like you're trying to do. The playground we have now works really really well and a large number of children and families can enjoy it at one time. I'm sorry but this design is just very poorly executed and needs a lot of changes to be anywhere nearly as 52245 good as what we currently have.

52240 Please do not put bars or other "hostile" design elements on the benches.

52317 Benches, picnic tables

If the area could be gated. Not sure if that was described and I just missed it or not. *Is the current 52240 structure unsafe? Just curious why a new one is going up.

Water experience, multiple options for different aged youth from 2-12. Accessibility and open 52245 line of sight for supervision.

use of trees or or vines to create shade rather than artificial material which will likely break or 52246 wear down and are still there in the winter when we want the sun.

52246 Ability for kids to both share and play on their own

It should be fenced in. My autistic 8-year-old is a runner who has no fear. The only places in town in which she can safely play are the playground at The Arc on Muscatine Avenue and the playground in the center of the University of Iowa Hospitals and Clinics. Parents of a special needs

52245 children really want a fenced-in playground in Iowa City!

lowa City is a quirky town, I think making many opportunities for nature, random kindness and art to be a part of the space would continue to improve the downtown area. This can be done in a modern and upscale way too. I'm thinking pinboards just for art. Little libraries, little pantries.

- 52245 Picture opportunities/unique plants or botanical features.
- Something similar to the World of Wonder playground in Athens, GA. It has a nice flow to keep 52245 kids moving around.
- 52245 This concept looks great!

52240 I would like to see one of those "spider web" rope climbing units

52246 More shade by the playground

Food vendors, splash pad and activities for kids to enjoy. Like Saturdays have a booth that does activities like mentos and coke. This will make the playground fun, interactive and allow kids to 52317 elanr and be wowed.

52317 elanr and be wowed.

Until the pandemic is under better control, I won't be likely to go downtown for much of anything - 52245 - but a more-open playground would certainly relieve some of those concerns for disease.

- Ensure wheel chair accessibility around structures and if possible use translucent materials to 52240 allow greater visibility of children
- 52240 N/a
- 52241 Kid friendly stores nearby

Please take a look at the Penn Meadows tower structure! It is the perfect combination of exciting and challenging as well as accessible to the majority of people.

I would also REALLY like to see a spinning toy that is accessible to all kids of any ability. (Again, see the merry go round at Penn Meadows.)

Have you considered a unique water feature? What about a permanent water table and/or pump with water channels for water to flow through? A water element accessible to kids in wheel chairs 52241 would be excellent!

- 52246 Plenty of climbing, sliding, running options
- 52245 COFFEE CART
- 52240 It has always been great.

As a parent, just making sure there are enough benches. Maybe cubby holes to store diaper bags 52245 and such if parents are playing on the playground with their children?

| 4/25/2021 2:20 PM | Yes | 3 times or more per year | Yes | Shade | The play structures are way too compact. Why have something like the rocket ship and not something open and inviting like the structure that is there now? This encourages kids to play on top of one another (not ideal for the pandemic) and discourages companion play. What a disappointment. Did someone sit and watch how children and families play in the space? It's one of the biggest age ranges of all playgrounds in the city. The recent playground remodels have been disappointing. There is benefit in simplicity and openness. |
|--|-------------------------|--|------------------------|---|--|
| 4/25/2021 2:20 PM 4/25/2021 2:27 PM | Yes Yes | 3 times or more per year 3 times or more per year | Yes Yes | The book display is a perfect idea for that playground. The whole concept looks very unique. Looks fun - 10 year old | I don't see anything. N/A - 10 year old |
| 4/25/2021 2:27 PM | | 3 times or more per year | Yes | IC. | i would like to see more slides and an area where kids (especially toddlers) can climb up on and actually run across (like the playground one that is already there). This one doesn't look like kids can really run around on anything that is up high. The slide playground design is enclosed maybe too much, there is no where else to go. The other web like play area is too big and only for really big kids. Littles will not be able to use this. All the pieces are so separate from one another. What was so genius about the old one was how the central structure stretched across the whole space and the kids could run from one side to the other, and that was how they played. With such separate structures, I feel like it divides up the |
| 4/25/2021 2:31 PM 4/25/2021 2:34 PM | Yes Yes | 3 times or more per year 3 times or more per year | Yes Yes | Shade covers. Good for variety of ages | play into separate tasks more. Nothing |
| 4/25/2021 2:38 PM | No | 3 times or more per year | Yes | Shade sails. Separate areas for younger kid. Athletic flooring (not sure what it's called) | The largest structure appears to be a great place for congestion. |
| 4/25/2021 3:02 PM | Yes | 3 times or more per year | Yes | The overhead covers & the obstacle course. Do like there are separate areas for kids, but | But, seems to have many separate areas. Not a lot of slides, climbing ladders I could see. The sensory areas are okay, but even when my kiddo was little she didn't really care about them. |
| 4/25/2021 3:25 PM | Yes | 3 times or more per year | Yes | Colorful, has some interesting climbing features | Not sure that the tower has enough ways up, wish there was an enclosed way to climb from the tower over to the over to the other climbing features, some sort of monkey/hanging bars like the other one had. Hard to tell what exactly is under the shaded area. |
| 4/25/2021 3:33 PM | Yes | Never | No | l've never been downtown | It looks interactive I don't like the garish colors. Its not nice to look at as an adult and may be overstimulating for |
| 4/25/2021 3:43 PM | Yes | 3 times or more per year | Yes | The book theme | children. |
| 4/25/2021 4:00 PM | Yes | 3 times or more per year | Yes | Inclusive. | No This does not look like it would accommodate lots of children running around playing together. This looks like more individual activity centers. The idea when kids come to a playground is to |
| 4/25/2021 4:02 PM 4/25/2021 4:05 PM | Yes Yes | 3 times or more per year 3 times or more per year | Yes Yes | Climbing structure Tall slides | interact with other children. I prefer the current one as it's more diverse and friendly for younger children |
| 4/25/2021 4:09 PM | Yes | 3 times or more per year | Yes | Currently nothing. Although there is just one design handout available, it seems, there needs to be more information provided what are the planners looking at that the public isn't seeing? | Colors. There is no need for colors. The City is going backwards thinking this is attractive. Subtle earth-tones are both pleasing to the eye, calming to the mind, and inviting to kids' brains to imagine and play with their bodies and minds being stimulated by how they play, not the colors of the eqmt. |
| 4/25/2021 4:24 PM 4/25/2021 4:25 PM 4/25/2021 4:25 PM 4/25/2021 4:25 PM | Yes Yes No Yes | Never 3 times or more per year Never 3 times or more per year | No Yes No Yes | Nothing as with the complete waste of money spent on playground and other cementing over of green fields. Provides shaded areas and takes up more of the designated space. Somethings Accessible | Eye sore, misplaced and more "how great thou are" from Parks and Recreation Dept. and commision. Why don't you put lights in like a committee member suggested after you ruined James McPherson Park and wanted their child to be able to shoot baskets at night.? Hard to tell but would want it to be inclusive for kids of of various abilities. Is it wheelchair accessible? Can children of all abilities play it in? Not enough climbing equipment |
| | | | | Colorful, things to climb on. | The kids love to play tag on the current structure. This new concept doesn't lend itself to the game. Also it's not accessible for smaller children and lacks slides. It seems like this was designed based on what adults think children want instead of how they actually play. |
| 4/25/2021 5:21 PM 4/25/2021 5:24 PM | Yes Yes | 3 times or more per year 3 times or more per year | Yes Yes | The colors | It does not appear to be inclusive The color scheme. Please choose something more neutral or Hawkeye themed. |
| 4/25/2021 5:34 PM | No | 2 times or less per year | Yes | The shady parts | It is not designed for older kids. I used to come here as a kid and love playing on the slides, the different steps, and monkey bars. This new concept looks boring, for young children, and not right for our community. |
| 4/25/2021 5:42 PM | Yes | 3 times or more per year | Yes | The canopy covering | Like it all and the colorfulness |
| 4/25/2021 5:56 PM | Yes | 3 times or more per year | Yes | Nothing. Terrible | Everything |
| 4/25/2021 6:08 PM | Yes | 3 times or more per year | Yes | Looks colorful. Looks larger than the old one. Looks more accessible to disabled children. | I do not see many sitting areas for parents to sit and watch their children. Immediately it appears that the center structure is much too small. A centerpiece that is competitive or becomes easily overcrowded does not seem like a good idea to me. Also, the |
| 4/25/2021 6:16 PM | Yes | 3 times or more per year | Yes | It is colorful and provides some shade, which are both shortfalls of the current playground. | current playground has levels for children to play above and below, which diminishes the inconvenience of attending parents. With this playground, any caretakers would be taking-up playspace. |
| 4/25/2021 6:16 PM | Yes | 3 times or more per year | No | That the playground is kept there in functional manner! | Cant tell until actual use occurs |
| 4/25/2021 6:19 PM | Yes | 3 times or more per year | Yes | Nothing. It looks like a carnival gone bad. Horrible design, children and how they play are not even being thought of. | EVERYTHING. WHere is the sense of adventure with this design. It is all show but no substance. This new design has children bunched together in the center weird slide thing. NOPE NOT A GOOD IDEA. Whoever the archetect was must have never played on a playgroundpathetic. It's not possible for me to see if this concept includes equipment that children who are in wheelchairs will be able to use. It's very important that every child is able to play on at least part |
| 4/25/2021 6:24 PM | Yes | 2 times or less per year | Yes | It's colorful. | of the equipment. |
| 4/25/2021 6:29 PM | Yes | 3 times or more per year | Yes | I don't like any part of it. There is nothing wrong with the current one and it's a waste of money to build this new one when other things can use the funding. | I dislike that it's a waste of taxpayer money when the current one is just fine. Maybe give more artists a chance to put out their work around the ped mall |

52245 More open play structures and shade.

I hope this will not have any big drops to the ground like the current one does, and I hope that this 52246 will be appropriate for all ages.

52240 Add an ice cream shoppe - - 10 year old

I wish the slide playground design was bigger and more expansive and had another bridge to take you to another play area. So kids can spread out more and run around on it. To me, it's too enclosed with not much else to do except go down a slide. Also, maybe a sand box. AND SWINGS!!!!! where are the swings? OR teeter totters? Or merry go rounds? OR a grocery store stand? Also, small MOD seats for kids would be fun too, they could hang out and sit on to read 52240 their books.

52240 Those slides are for big kids. A slide option for the small kids would be nice.

52240 A water feature would be awesome.

Kids seem to enjoy the current structure being able to go from one end to the other. Adding 52245 swings would be nice.

52240 Really like the overhead covers- how would they work in snow/ winter? Have those few places to "hide" that incorporate other ways to keep them moving. Rocks to climb that also have a cave inside. Our kids LOVE the logs to get across in NL. Or some vented tunnels going around/through the shaded features. Ithink I also provided ideas in the previous 52241 answer

52722 Not sure. I've never been there

It would be great if it had a tie in to nature. Like a massive tree house. My daughter also loves 52246 monkey bars.

52240 Inclusiveness

52245 A larger interconnected structure more similar to the previous structure with bridges and slides 52240 Less people

It seems that the City needs to read up on what experts on playground eqmt recommend for 52240 fostering and nurturing children's (and adults) mental health. This

52245 Get rid of it.

- 52240 Having a gate around the play area so college kids can't just walk through
- 52240 More accessible

52246 Anything for climbing

Fewer ladders so the smaller kids have less risk of falling through it. But honestly the playground is awesome like it is. Our kids were disappointed when it was shut down for an entire summer previously and doing that again is going to be a huge disappointment and make us less likely to go 52246 downtown.

52245 More functional for kids with disabilities

I love the play set now and did as a child. It's always packed down there because of the fun 52240 equipment.

Wish there was a fence or something especially with the homeless. There are times the 52245 playground smells like uhrine.

Playground represents an incredibly outdated approach to play and is just not what we need in 52245 this space. Please consider the tenants of adventure playgrounds.

52245 Next to it....disabled accessible bathrooms and drinking fountains.

So long as profanity is spray-painted on any surface in the downtown area, my family will not come downtown. It does seem that we parents often talk about how a bit more shade would be 52240 nice - but really there are a lot of great things about the existing playground.

Surveillance in case loud and violent people disturb the area, as has happened while getting there 52240 when fountain was on

Think how children think. Think exploration and adventure. Think space so they have room to play within the structure. You know, how it is right now with bridges and platforms, multi entrances 52241 and spread out. Where kids can play together and not be on top of each other.

52240 I need a sitting area to be able to sit and watch my grandchildren play on the equipment. Bring back the benches where artists could actually paint them. The variety of art and the opportunity for artists to get their name out was one of my favorite facets of the downtown until

52245 they were removed.

| .,, | Yes | 3 times or more per year | Yes | The bright colors and sun shades | Too abstract. Can we please just have a regular playground |
|--|--|--|--|--|---|
| | | | | | |
| 4/25/2021 6:55 PM | Yes | 3 times or more per year | Yes | The large and long footprint for tag and creative play with several children. | The shrunk and smaller size of the play tower. The separate climbing and obstacle sections from the play tower limits interactive and creative play with several children. |
| 4/25/2021 7:05 PM | Yes | 3 times or more per year | Yes | The colors. | There isn't any large & long area off of the ground for kids to run along. Kind of a large playground staple to not have. |
| 4/25/2021 7:07 PM | Yes | 3 times or more per year | Yes | l don't like it at all | Looks too small, not enough room for all the kids who like to play there. I wish it were more inclusive for children with special needs or disabled kids. There isn't much for |

Much of the new design looks geared toward smaller children. I also think the design is too bright. Less space for multiple children to play on equipment together. My children love the current design of the playground. |

52245 I like the idea of multiple structures.

Incorporate several of the proposed separate feature into a similiar large size play tower for interactive play with several children. I would prefer the current playground remains than being 52240 replaced and the new playground is a huge waste of money at a loss of function and enjoyment.

- 52240 Enough seating for people around the play area.
- 52246 I think the current playground is great and does not need an update.
- I think my statement above says it best. Iowa City can and should include a more inclusive play 52246 structure so all kiddos can play!
 - For a major investment in our downtown, this playground should be design with children of all ages and abilities in mind. The center tower is not accessible to adults with young children or to children with mobility issues. The colors are over stimulating, will fade quickly in the sun, and will detract from the overall aesthetic of the ped mall. Please consider something more inviting with
- 52240 natural colors and textures that would provide a range of sensory input in more subtle forms. Ensure that the playground is large enough for many children to use and accessible to children 52245 with differing ability and ages.
- 52241 Lots of shade and seating
- I would like to see a play structure similar to the existing structure with some additions to accommodate children with disabilities. The existing structure allows multiple areas for kids to 52245 play and climb.
- 52245 Make sure it has playground equipment for all ages & for children with disabilities. A play structure that was more inclusive for kids of all ages and abilities, and one that perhaps 52241 wasn't so ridiculously bright colored.
- 52240 Access to a water bottle fill station
- 52240 Handwriting station
- 53240 The New design
- 52245 Swings
- 52245 Make it the best as possible
- 52245 More tables by playground

We enjoy the Friday night live music on the Ped Mall and (until Covid last year) frequently ate supper outside at Bread Garden while watching the kids of various ages play on and explore the playground structure. The proposed structure offers far less physical activity and challenges for the children. What part of the word "playground " do you not understand? You are contributing to 52245 a generation or more of sloths.

- 52245 Leave the current one, it's fine.
- Different play structures that different age groups can enjoy (one for toddlers/preschool and elementary age). Plenty of benches and seating for parents. Love to have more plants/trees in this 52240 area too.

The shade looks great. This design is also nice in that it's not all one connected structure. Might make it easier to keep big kids from trampling little kids. That seems to happen a lot on the 52245 current structure.

- My kids really like the downtown playground. The current structure can make it hard to get to a child who needs help, though, so I appreciate that the new proposal is a little more broken up. 52240 And the shade is a wonderful addition.
- 52245 Something similar to the old Shimek wooden playground
- 52245 I like it just as it is.
- 52245 I wish there were swings.

Nothing. It's already great. If there are any safety concerns then design the REPAIR of the existing playground instead of replace. (In an indirect way my experience would be improved if I heard 52404 about more efforts to achieve equal access to playgrounds and parks for all communities.)

I enjoy the plantings that change with the seasons. Good photo ops as well as just relaxing. I like 52245 places for toddlers to play safely as well as places to just quietly and watch or read.

Current playground seemed to offer a lot of variety for most children. Add some activities for 52246 disabled to existing area if feasible, but keep old design.

52246 Leaving the existing inclusive site in place!

Make sure older school age children can use the equipment. Seems like most of the new park 52246 designs are designed for younger children.

52245 The end of COVID :-)

52245 Various kid-friendly vendor pop ups would be cool.

| 4/26/2021 7:05 AM | Yes | 3 times or more per year | Yes | Not much, shade and book-theme | It is not very ADA accessible and honestly tacky, it is overwhelming to look at. Can we do more to incorporate natural elements and be more inclusive? It's too brightly colored, I feel like it should blend in with the downtown area and surroundings rather than stand out. It doesn't seem to have equipment that inspires kids to run and jump and |

And it looks inclusive, with good sight lines. | Color is ugly. Also it doesn't look like the equipment can handle very many children at a given time. The tower. Not accessible, fall risks. |
| | | · · · / · · | | | |
| 4/26/2021 11:38 AM | | 3 times or more per year | Yes | The sun shades. | Doesn't look like enough play space for multiple children. |
| 4/26/2021 11:47 AM 4/26/2021 12:04 PM | | 3 times or more per year 3 times or more per year | Yes Yes | compact The shade structure | I would like more for toddlers, separate from the older kids. The amount of plastic. |
| 7/20/2021 12.04 PIVI | 105 | s ames of more per year | 105 | The shoke structure | The union of piddite. |
| 4/26/2021 12:14 PM | Yes | 3 times or more per year | Yes | Shading. | Palette. Too jewel toned and intense. |

52240 More natural elements more inclusive.

Leave play equipment as it is or if it needs to be replaced because it needs to much repair, replace 52241 it with something similar.

- 52240 Something to keep kids more contained so younger kids don't sneak off.
- More climbing equipment to keep kids active and in shape. A lot are saying this design is great for 52240 handicapped children. Why can't you have things for both?
- Getting Rid of it. There are plenty of not closed in areas where parks already are that allow for various types of play on actual equipment and in green space. this has always been a weird feature to me and I honestly don't get it. Why would I want my children to play on stuff drunk college kids were on last night? Where they can run off into giant crowds of passerby? or slip into

52240 building by barely leaving the park?

52246 Swings

There is something called a Jungle Jumparoo that I've found is exceedingly popular with active 52240 children. Perhaps adding a few of these or design something similar but larger.

52358 An extended shade structure to cover the benches and a larger central climbing structure.

I'm a grandma whose grandchildren visit from out of state. in planning for their lodging location during their time in Iowa City the playground is an important component. That playground has been torn up too many times in recent years and I'll be happy for a final design to stay in place for 52240 more that a couple of years. Just keep the playground intact.

Creek side park is great with so many ramps to run on and lots of ways for kids to run around together. Modeling on this but larger in the pedmall would be ideal. Also having multiple sections 52245 (e.g., one end for older kids and one end for younger kids) is really helpful.

52246 Little cubbies or shelves for kids to put bags down etc. Hand sanitizer station.

Continue to have a lots of seating available all around and a soft, squishy surface for kids to play 52240 on.

Enough space/places for families to sit. A sort of home base to be able to eat, send kids to 52241 playground, park strollers, etc.

Have designated seating right by playground that is comfortable for parents. Have adequate 52240 walkway space around playground.

I'm surprised that the new design will emphasize group play between kids from different households. Given the reality of the pandemic, which I believe will be ongoing into the future, it seems like it would be wise to choose a design where separate households can play separately.

- 52245 Why not add some shade/rain shelter for the benches where adults sit, too? 52240 Play area for smaller kids

I would like to see elements that are accessible to children of varying physical abilities and varying ages (size and strength.) This is a great community gathering spot and we want to support the 52245 broadest possible use and participation.

- 52361 Fence in the play area to prevent kids from running off
- 52245 Include hand sanitizing stations.
- 52240 Children love to run across bridges.

I love the rubber area. It's good for absorbing falls and its just more forgiving on the joints of 52240 parents and children alike.

52245 Two big playground sets. One for 2 to 5 year olds and another for 5 to 12...like Longfellow. 52240 A fence!!! And more cleaning so it's always ready for kids to play.

52240 Integrating picnic tables for outdoor dining with some sort of shade, especially right now.

52240 Love downtown!

52245 Natural playscapes.

More natural toned palette. High contrast can be achieved with less brightness. Also fading of

52241 colorful materials is always disappointing to see.

A lot For a location at the heart of downtown - and a location that could be a big part of a visitor's experience to downtown Iowa City - this playground seems almost completely unexciting (especially the Book Play Structure; the playground is next to the library and in the City of Literature, but the theme doesn't need to be carried into every piece of plastic we install on city property). The city has an opportunity to design a space that is interesting, interactive, and unique from other playgrounds. Instead, we have a design that looks like it was copy and pasted from a Google Image search for "Conventional Plastic Playground." I am sure that replacing and building a playground is expensive; for this reason (and environmental ones!). I wonder why the current playground needs to be replaced at all. If the playground does have structural or functional reasons for replacement, could it be replaced with something special? Something different? Something that, for example, recycles trees that had to be taken down during the derecho and be reappropriated as a natural play structure?

The layout of the new one might cause congestion because there's only main climbing toy in the

playground.

4/26/2021 12:26 PM Yes 3 times or more per year The benches around the playground. So parents can sit and watch the kids playing. 4/26/2021 12:34 PM Yes Difficult to determine from the pictures. Colorful. 3 times or more per year Yes 4/26/2021 1:01 PM Yes 3 times or more per year Yes The shading Most everything else. There is so little playscape area. not enough play to space ratio- too many objects drunk college kids would abuse. The playground as is is more age inclusive- kids from walking- tweens can play. this looks like it is only for really 4/26/2021 1:04 PM Yes I like that it appears ADA and inclusive small children. 3 times or more per year Yes Not clear children with mobility challenges can actively interact- they can passively interact with standing boards but that doesn't seem like enough movement (a swing for wheelchairs?), sensory area with different textures would help kids with sensory needs. kids with attention difficulties 4/26/2021 1:06 PM Yes 2 times or less per year Vec multimodel interactive pieces for sensory experiences; climbing; places to move; shade!!! may be overwhelmed by very bright multiple colors. It's garish. Must it contain *every* color in the crayon box?? I may not have school-aged children, but I do visit the ped mall/eat outside at the Bread Garden and other venues and this is a bit much visually. Children and parents deserve beautifully designed spaces as much as anyone else. The It seems to have different play areas: the shade covers since trees/natural shade is sadly lacking playground provides the stimulation--it doesn't have to be visually over stimulating as well. It does 4/26/2021 1:10 PM No Never No from the downtown a disservice to the library and other structures in the area and plays down to its primary audience. 4/26/2021 1:11 PM Yes 2 times or less per year Yes Colors The old one is just fine, don't change it It's allegedly more "accessible", then why no examples of it being used by anyone other than 4/26/2021 1:15 PM No upright figures. Why not accessible structures instead of an essentially flat park? No Very little. What's wrong with the existing park. Neve It looks like a ton of children won't really be able to play at once (the current structure is already pretty crowded with a lot more to do). The concept is pretty, but with more open space and "art" type equipment than play equipment, it looks like aesthetics were the priority over capacity for 4/26/2021 1.15 PM Yes Climbing contraptions and tall slide, shade sails. 3 times or more per year Yes play. 4/26/2021 1:15 PM 3 times or more per year The bright colors and vibrancy Nothing Yes Yes Obstacle Play Equipment (Item #2). The Peninsula Iowa City has similar equipment - it is 4/26/2021 1:23 PM Yes 3 times or more per year Yes The shade component - especially in an area surrounded by stone. unpopular and underutilized. 4/26/2021 1:37 PM The canopies will be a great way to keep children out of the sun, and I love the bright colors Yes 3 times or more per year Yes No Seems like less stuff to do, seems like it would handle fewer kids 4/26/2021 1:38 PM Yes 3 times or more per year Yes Shade 4/26/2021 1:55 PM No 2 times or less per year No Colorful. Looks to be protective from the sun Does looks to be handicapped accessible or have swings or things that all kids can enjoy. The distinct lack of accessibility and inclusivity for children with disabilities (mental and/or physical). The tiny sensory wall looks like the smallest thing in the whole playground while every other item requires physically climbing over/under it to experience. There is a huge opportunity being missed to provide a service for children with and without disabilities to come interact and have fun equally on a playground, not to mention it makes the Ped Mall more appealing to the It's colorful and has a book/learning theme to part of it. Adequate shade is provided to keep families of disabled children for an afternoon of fun as well. Even changing up one or two of the 4/26/2021 1:59 PM No 3 times or more per year surfaces from getting too hot in the summer (hopefully). Rubberized surfacing is nice for safety. smaller structures to something more accessible and inclusive would make a huge difference. Yes Seems inferior to the existing playground and I feel it would be wise to assume drunk adults will be using this and take that into account when thinking about durability and safety. I just don't see the advantage of this design though perhaps I'm too out of touch but i was guite the playground 4/26/2021 2:00 PM No 2 times or less ner vear No The slide tower conoceur as a child. Also the sight lines on the existing structure seem better

The shade! In general, playgrounds in Iowa City are inadequately shaded, so it's great to see this

feature. I hope the feature will be prioritized in this playground (and others).

4/26/2021 12:15 PM Yes

3 times or more per year

Yes

Yes

52240 More shade! Better lighting in the evening.

The idea of changing to a new toy is good but the flow of this design might make it congestion. It's because in this model there is only one main climbing toy in the playground so the kids will stay and play mostly in that toy.

I bring my daughter to the playground every weeks after go to the library. I always sit on the bench and see the kids running "along" the playground because they have so many toys that the can do

I feel cheerful to know that the city have a plan to change the toys in the playground. However from my perspective as a parent I think it would be better if this design could have changed to make it easier for kids to run along and avoiding the congestion.

52246 Thank you so much.

Have somewhat separate areas for ages 2 to 5 and another for older kids (i.e., a more challenging area). Currently, it is too easy for a younger kid to get to an area that doesn't have adequate barriers to keep them from falling from a height. These less "protected" areas are also the areas 52246 where older kids want to play.

52240 Leave the playscape as it is, just add shading

perhaps a storage area (small cubbies, or shelves to place items and more recycling and trash 52203 options

When my children were young it was very difficult to keep my eves on my eloping autistic child there- ease tracking of your kids somehow. Now they are large teens so we never use the play 52245 area.

The space seems appealing, but as I mentioned above, it is not visually coherent with its

52245 surroundings

52246 Porta potty somewhere?

52240 If the City spent money on parks south of Highway 6 for a change. The Downtown has enough.

More shade, Railings to create a more contained space to discourage kids from wandering over to the fountain area. More climbable structures and high play places. Division of play areas for little 52245 kids/big kids (like at Mercer park)--so many toddlers get knocked down by older kids playing tag.

52245 Nothing

Honestly, we love the existing playground. I'm not sure why it's being replaced, but we won't fight 52240 progress.

52241 Water Bottle fillers and dog drinking fountains

52245 hopscotch? other simpler things?

I would add things that all kids could enjoy even those who are in wheelchairs. Add some

52241 wheelchair accessible swings and playground equipment

52240 A little bit of shade over nearby benches would be nice.

Honestly we might do well to try and move it closer to Chauncey park if that's possible or just use these funds across other playgrounds. It really seems like the existing one is still pretty good - I played on it with a family friends kid and the design seemed robust and allowed for both 52246 structured and unstructured movement and play

| 4/26/2021 2:15 PM 4/26/2021 2:28 PM | No No | 2 times or less per year 2 times or less per year | Yes No | It is impossible to tell anything from a conceptual sketch (especially when the legend is barely readable) It is colorful. Everything | It is impossible to tell anything from a conceptual sketch (especially when the legend is barely readable) What are the materials? Will it be resistant to vandalism? The structures will be used (or misused) by a variety of adults in various stages of intoxication. It m ust be designed for this or it will not survive the first football weekend. Previous ped mall designs (benches) failed to take this into account. Nothing |
|--|------------|--|------------|---|--|
| 4/26/2021 2:30 PM | Νο | 3 times or more per year | Yes | The idea to improve this area in general. I am in this area of downtown everyday and I enjoy seeing the community using this area in front of the library and local restaurants. However, I do not like the current concept as it is shown. It distracts away from the beauty of what is already there without adding anything to the improvements that have taken place on the Ped Mall in the last few years (new canopy, new paving) | I do not like the colors and materials selected for this new concept. The colors do not relate to the surroundings in any way and do not teach anything to those that use this area. The materials are not chosen with sustainability and resilience over the life of the playground in mind. Natural materials could be used instead that would teach something about natural materials available in our region (stone, wood). Muted colors could be chosen that aren't necessarily exact matches to the existing buildings and built context but that harmonize with the color palette rather than defy it arbitrarily. Even if bright colors are used, there could be an improvement in how the color palette is composed instead of having so many different colors used all together without any type of system or aesthetic judgement exercised. |
| 4/26/2021 2:35 PM | Yes | 3 times or more per year | Yes | The shade options. It also has areas for age-appropriate play | This playground looks as though there is less play space than the one that is currently there. While I do appreciate that I won't have as many heart-stopping moments when my little one attempts to go to the top with the big kids, there's not a lot of space to play for kids that are suited for kids at the 4-7 mark. The obstacle play equipment tends to get overtaken by older kids, so that my almost-6 year-old doesn't want to play on them, and my 3-year-old cannot. I personally would prefer a bigger space like the play tower. The multiple play towers are my kids' favorite part of the downtown playground right now. |
| 4/26/2021 2:38 PM | No | 3 times or more per year | Yes | I enjoy the overhead shades and coverings. | I think the existing playground is quite nice and I really do not see a need to replace it. The new design also seems highly cramped for space. |
| 4/26/2021 3:06 PM 4/26/2021 3:25 PM | Yes Yes | 3 times or more per year 3 times or more per year | Yes Yes | Potential for shade. Obstacle course and play tower look great. How many kids can be on the obstacle course at the same time? The colors and variety | Doesn't seem as integrated as the current one. The structures are not connected; don't seem to allow for mixed age play. It doesn't look very inclusive |
| | | | | | Overall it feels uninspired for the space, incohesive, and that there is less for kids to do. This doesn't feel well thought out but rather hodgepodged together from a catalogue. There is an opportunity to do something really cool and true to the character of lowa City. Think about how it will be incorporated into the surrounding space and events—for example, relate the design to how kids will play in the fountain or Friday night concert series. The designers need to come observe these events and how children interact with the environment to be properly inspired. The resources for the shade structures could be better applied to the overall cohesiveness of the design. |
| | | | | | With the only two slides on the same structure this presents a congestion point and a point of conflict. There should be more for big kids to enjoy. |
| 4/26/2021 3:28 PM | Yes | 3 times or more per year | Yes | That shade and seating are considered. | I'm worried that the shade structure above the obstacle equipment will prove too tempting to climb and damage to drunk students. I would hate to see the playground shut down because of that (think about the Park rd bridge). This looks like it's for little kids. I need something that can also support a 21 yr old after the |
| 4/26/2021 3:28 PM | No | 2 times or less per year | No | Very artistic looking. Coolfactor | airliner. Looks like less climbing and structures for kids to play on. As a park goer all over the corridor, this seems like a mish mash of ground level 'interactive' items that in theory are cool, but only keep the attraction of kids for a few moments. I like the existing off the ground play structures that allow kids to climb around and have fun being up off the ground, which is a big hit with our 5 year |
| 4/26/2021 4:14 PM | Yes | 3 times or more per year | Yes | The shade features are nice | old son. |
| 4/26/2021 4:22 PM | No | 3 times or more per year | Yes | I like the shade and the general cool modern design. | Nothing that I can think of, it looks pretty good, I like it a lot. |
| | | | | The new playground equipment looks modern and like it will stand the test of time. I appreicate it's subtle literary theme, which tie both to the adjacent lowa City Public Library and the UNESCO City of Literature recognition. It looks like it would be enjoyed by many age groups, including as a backdrop for photos for young adults and families. The books double as a literary statement and | I'm worried the black shade canopy poles will encourage grafitti or damage or could be hot to the touch for kids, posing a safety hazard. Overall I really like the shade canopy, particularly the color |
| 4/26/2021 4:34 PM | No | 3 times or more per year | Yes | an interactive element. | variations. There is less to do for kids than the current playground. It seems to be designed with aesthetics in |
| 4/26/2021 4:58 PM | Yes | 3 times or more per year | Yes | The colors. | mind, not kids. |
| 4/26/2021 4:58 PM | No | 2 times or less per year | No | Variety of actives, shade, and room for wheelchairs to maneuver. | I'm concerned about apparent lack of interactive play space for disabled children. |
| 4/26/2021 5:39 PM | Yes | 3 times or more per year | Yes | Shade, activity variety | Not sure |
| 100 lana | | 2.5 | M. J. | | |
| 4/26/2021 5:51 PM 4/26/2021 5:56 PM | Yes | 3 times or more per year 2 times or less per year | Yes Yes | The revamp in general is great. The current playground is getting too old. The slides and the climbing equipment | It's not accessible. It looks smaller and less expansive with less things to do |
| 4/26/2021 5:56 PM 4/26/2021 6:39 PM | No Yes | 2 times or less per year 3 times or more per year | Yes Yes | The slides and the climbing equipment. Shade!! It gets so hot down there, shade is a must. | It looks smaller and less expansive with less things to do. I think it looks great. |
| 4/26/2021 6:55 PM | | 3 times or more per year | Yes | Bright colors. Some shade over seating benches would be nice. | Looks like a spaceship and seems too confining, doesn't look very accessible to adults if need to reach child, too much shade, kids need some sun. |
| 4/26/2021 7:19 PM | No | 2 times or less per year | Yes | Interactive and sensory panel | No |
| 4/26/2021 8:24 PM | Yes | 3 times or more per year | No | More things to do, hands on. | Not sure. |
| 4/26/2021 8:40 PM | No | 3 times or more per year | No | Love that it is colorful! | Takes up a lot of space that could be used for a variety of activities and not just 10% of the overall population in that age group. |

52245 not putting out poorly designed surveys to make the public think we have input 52245 Nothing

This playground is a great asset to our community and provides a valuable gathering space in the heart of downtown. The playground could contribute as a symbol and manifestation of sustainability and resilience goals that the city has expressed in other ways. The playground could prove to be a didactic tool that surrounds our children with natural materials from our region and expresses to them that we care about their future on this earth. Providing arbitrarily colorful, plastic and metal playground equipment provides a short-lasting joy and is grown out of quickly as children become teenagers and then adults in our community. Thinking more critically about place and integrating this into the playground design creates an asset in the community that is meaningful to many different age groups and will be taken care of more meaningfully in the future because it contributes to what downtown lowa City means to the people that use it is regulardy.

52245 regularly.

Having multi-age areas, more shade, and more places where grown ups can sit/interact with the space (rather than benches far away from the action). Whenever we are there, the slides and the 52245 talking tubes are a hit!

I think adding something like a shaded portion or "pavilion" style area could be very nice as well 52240 as an exterior drinking fountain for hot days.

Our family likes the current structure, but I understand that it needs to be updated. I'm grateful that we have a playground adjoining the public library and food options. Though it is small, the 52245 experience packs a punch!

52246 Inclusivity- access for children with all levels of ability and adaptive equipment

Do we really want to tear up the ped-mall again for another year? Please don't do this. Iowa City used to have such a great playground, this feels like a shame and a waste of resources to tear it up again for this lack luster design.

Keep the day-drinkers and drunk kids at bay. I don't want to take my kids around that, especially little kids.

It looks like this design tries to incorporate a lot of activities for little kids, there has to be activities 52245 for little kids and big kids alike.

52240 Adult equipment.

Age limiting, seems like there can be some highspeed preteens kids who are way too old to be

- 52241 running around past the <5 year old crowd.
- 52245 I like those seat things that spin around.

I'd love to see Edison bulbs strong between the center of the new playground or creative 55415 uplighting to match the Weatherdance Stage.

- 52240 Inclusivity. I like the design so far, however!
- Make it more accessible for young toddler children and blind children they enjoy swings, 52245 spinning etc movement that doesn't require visual input.
- Having enough SPACE for wheelchairs is not making a playground accessible. Having pieces of the playground MEANT for people in wheelchairs is how you make a playground accessible. There are many playground swings and other interactive options specifically designed for children in 52246 wheelchairs that should be included.
- 52246 Leaving it as-is.
- 52245 More sitting areas for parents that are shaded.

Similar structure to what is currently there, but add some outdoor music making type pieces 52245 (areas that make sound when you stand there, outdoor xylophone type equipment, etc).

52245 No

52240 Not sure.

52240 .

⁵²²⁴⁶ Keep the bouncy floor.

I very much disapprove of taking out the old so full of history and memories and milestones that have happened there. It rips my heart out. The trees and space by the farmers market was destroyed for construction parking. That space will never be the same again. It held such dear memories. Now you want to replace the ped mall space.

All the equipment looks fun, but unmanageable for younger children. Families survive their small child years in this space. Bread Garden, Library, and the play structure are all vital. Add to the places we can go down town with play structures in other locations. Don't congest this space with more pieces and bigger things that parents have to navigate with more people and more spaces to manage.

Honestly I am just sick knowing this is probably going to happen. 600,000 dollars to work with? How can it be used to expand experiences in multiple spaces all close by? Families need options to shift throughout downtown. NOT be congested all in the same place or have no where else to land within walking distance. Bigger is not better! Creating options is better. What other spaces are available to creat in? Beside the farmers market? The other end of the ped mall near 10,000 villages? The Java House would benefit from this. The green space on Iowa and Linn? Festival goers would live this. Are there other spaces?

| 4/26/2021 8:48 PM | Yes | 3 times or more per year | Yes | The money. | Please reconsider. We loose when we are always replacing. |
|---------------------|-------|--------------------------|-----|--|---|
| | | | | | I think it's a poor use of space downtown. The playground is right around the corner from bars and a hotel. It's not a safe environment for children. Also being a "college town" it's quite strange |
| 4/26/2021 9:18 PM | No | Never | No | N/a | to expand upon a playground in the downtown area. |
| 4/26/2021 9:45 PM | Yes | 3 times or more per year | Yes | Bright colors | Not enough inclusion for special needs |
| | | | | ů – Elektrik Alektrik – Elektrik – | This looks beautiful! We are at this playground multiple times per week and love the diverse |
| 4/26/2021 9:48 PM | Yes | 3 times or more per year | Yes | Colorful, musical, appealing for all age ranges. Open access to benches | options in this plan. |
| .,, | | | | I don't like it. I'd prefer something more natural and open so we can see kids from anywhere | |
| | | | | around the playground. The current one has a little something for every one and I can see kids | |
| 4/26/2021 9:52 PM | Yes | 3 times or more per year | Yes | even if I'm at the fountain, and they can see me. | It appears more closed off and artificial. My first though was circus, and not sure it would age well. |
| 4/20/2021 5.52 1 10 | 163 | 5 times of more per year | 163 | even in this tile roundail, and they can see me. | te appears more closed on and archiclal, wy hist chough was circus, and not sure it would age wen. |
| | | | | | I was hopeful that despite the expense the city might have looked into making this an ADA |
| | | | | | compliant playground for kids of all abilities. It seems the area would benefit from a playground |
| 4/26/2021 10:14 PM | Voc | 2 times or less per year | Yes | I like the variety of equipment it offers. | that all children could use and access. Especially with its location near the hospital and library. |
| 4/20/2021 10.14 PM | 165 | 2 times of less per year | 165 | The the vallety of equipment it offers. | that an children could use and access. Especially with its location near the hospital and library. |
| | | | | | It is a lot to look at and I have heard some concerns about ada issues I don't have children with |
| 4/26/2021 10:24 PM | Vec | 2 times or more per year | Yes | The shade features. Sometimes it gets HOT on those slides. | needs like that so I defer to them as they are experts in their kiddos needs. |
| | | 3 times or more per year | | - | None |
| 4/26/2021 10:40 PM | res | 3 times or more per year | Yes | A variety of options | |
| | | a | | | Shade is metal or fabric? If fabric, not resistant |
| 4/26/2021 11:10 PM | Yes | 2 times or less per year | No | Vivid Color, new design & inclusivity | Missing more slides & activities to build confidence |
| | | | | | Nice colours & lots to look at but not much to do to stretch or build leg/ arm muscles. The sensory |
| | | | | Flags for shade | boards shown could not be moved by young children or many with disabilities. The literacy display |
| | | | | Something new downtown | is clever (library/ City of Lit) but doesn't look fun and crawling toddlers might get stepped on by |
| 4/27/2021 12:22 AM | Yes | 2 times or less per year | No | Current playground has high, open spaces; this tower seems enclosed & safer. | older children going up/down. |
| | | | | I love it all! seems way more interactive and engaging, and i think the shade is a great idea as well | |
| 4/27/2021 12:39 AM | No | Never | No | as the interactive sensory panel and book display!!!! | N/A |
| | | | | | There are so many different 'areas' I'm not sure it will lend itself as well to cooperative |
| | | | | | imaginative play. The colors are also a little much. One of my children is on the spectrum and I'm |
| | | | | | afraid he will find it overwhelming. If the interactive sensory panel makes loud noises, that would |
| | | | | | be a problem for him too. Also, the only thing wrong with the old structure is the lack of shade. |
| 4/27/2021 5:42 AM | Yes | 3 times or more per year | Yes | The shade sails. | Why not just add shade sails to the old structure? |
| 4/27/2021 6:09 AM | No | 3 times or more per year | Yes | OBSTACLE PLAY EQUIPMENT | THE SHADE STRUCTURE LOOKS LIKE IT WOULD GET DIRTY/RIP/TEAR |
| | | | | I like the shade provided to protect from sun damage. I'm generally a fan of the rubber mulch | |
| | | | | mats (I'm hoping it will be from ground up old tires or a similar recycled source). I like the book | |
| | | | | | This is more a suggestion than a dislike, because I can't tell in from the pictures, but I hope that |
| | | | | | |
| 4/27/2021 6:54 AM | N | 2 4 | No. | looks like a child who uses crutches or a wheelchair should be able to get around and between the | broader range of ages. I'm also hoping that the planters are going to remain. |
| | | 3 times or more per year | Yes | elements of the playground. | |
| 4/27/2021 6:58 AM | Yes | 3 times or more per year | Yes | Lot of things to do, seems very creative. Looks like kids will love it The shade barriers. It will be nice to have some shade on the equipment to keep it from getting so | Nothing |
| 4/27/2021 6:59 AM | No | 3 times or more per year | Yes | hot. | It's hard to see the details by the picture. |
| | | | | | |
| 4/27/2021 7:00 AM | Yes | 3 times or more per year | Yes | Shaded areas and areas for older kids | Not sure yet, looks fun and inclusive |
| 4/27/2021 7:04 484 | Voc | 2 times or more persuant | Voc | The colorful design and medera look | No swings from what I can tell, but I'm old school and remember being taken out by one. So I'm |
| 4/27/2021 7:04 AM | Yes | 3 times or more per year | Yes | The colorful design and modern look | understanding of why they're absent. |
| | Maria | 2.1 | M | I like the bright colors of the shade structure and the sensory panels. It feels welcoming and | |
| 4/27/2021 7:17 AM | Yes | 3 times or more per year | Yes | inclusive for children of all ages and abilities. | Nothing comes to mind. |
| | | | | | Where to start? |
| | | | | | |
| | | | | | I love that you are meeting ADA standards and I don't have a child with a disability. However, |
| | | | | | taking away the majority of fun climbing structures is not the answer. We are an amazing city and |
| | | | | | I bet you can come up with a structure that includes climbing, towers, hiding spots as well as |
| | | | | | structures that children with disabilities can navigate. |
| | | | | | The colors are overwhelming. It sticks out like a sore thumb. How about colors found in nature? |
| | | | | | The park in NL with the climbing rocks, or even the park by the River/Big Grove looks great. A park |
| | | | | | doesn't need to look like a crayon box to be fun!! |
| | | | | | I love the current structure. Our kids have enjoyed it since 1 year old and are now 6 and 9. They |
| | | | | | would hate this new proposal and be bored in about a minute. We come to downtown specifically |
| | | | | | for the park sometimes. I can sit and read while they play for an hour. We then grab a bite or do a |

Yes

I like that you are trying to be more inclusive and keep equipment new/fresh/up to date

would hate this new proposal and be bored in about a minute. We come to downtown specifically for the park sometimes. I can sit and read while they play for an hour. We then grab a bite or do a bit of shopping. No way would i drive downtown for this park and my kids would never ask me to.

52240 To have multiple locations for play.

I would suggest making it an area for artists (students or locals) to display their sculptures, rotating the sculptures every few months. Also further seating and/ or space for another food cart. There's not much space to just "hang out" downtown - and it would be a plus to look at 52240 something besides buildings.

52317 Handicapped Accessible

52246 Continued availability and maintenance of the structure. We love our downtown play experience!

A more natural playscape like the play area by Big Grove. A structure with multiple levels but 52245 open design with a lot of visibility from anywhere around that ped mall space.

52317 Accessibility for all children. Making sure the area is safe for children to play.

- 52240 Charging stations. I often work remotely where my kids can play. 52245 A variety of play options
- 52246 Opening up downtown with a festival or announcement inviting us to come visit.

Different design for multiple ages/ abilities. Make sure equipment & ground covering is not 52245 slippery for children & adults if wet.

52245 I am an adult so i dont find myself engaging with playgrounds much (except for swings!)

52246 Shade and more benches. My kids already love the old play structure 52336 MONKEY BARS/SWINGS

Not being concerned about a pandemic? Not helpful, I realize. And, hopefully, not a long-long-52240 term primary concern.

52245 Keep the rubber floor concept

More sensory development options for toddler age kids who cannot use the big equipment yet.

52240 Splash pad area for when it's really hot outside

52240 Shade and more areas to sit (eat and drink) and watch kids

52404 The new design is a much needed improvement!

52353 A water element would be cool for warm months.

| | 4/27/2021 7:39 AM | No | Never | Yes | It looks more exciting and colorful. It's time for an upgrade. | Nothing I can think of. |
|---|--|--------------------------------|--|--|--|--|
| | 4/27/2021 7:50 AM | Yes | 2 times or less per year | Yes | The agility pieces for older kids | I still like a traditional structure for small children with multiple slides |

I like the sensory panel it will hopefully provide an opportunity for those with varying developmental needs to participate in play. the slide | with at least 20 things kids of different ages can play with and lots of details to explore. I'd bring kids to downtown just to play at this playground. The new design has so much less going on. Actually, the new one seems an entire scale smaller than the old one. lack of inclusive equipment It looks very - "only for small children" ish. Like aged 5 or less. nothing Not enough inclusive play options. The colors. Kids don't like neon colored plastic playgrounds. Earth tones would be more harmonious with the ped mall. I like very little of it. The colors are abrasive, the structures look chaotic, and there doesn't seem to be a lot of imaginative spaces. I'm sure actual children can come up with something involving the climbing net structure, but it looks very boring to adult eyes. I am concerned about the level of accessibility provided on the proposed playground. There are limited opportunities for inclusive play for those with mobility needs. The current structure is very difficult to access for children with any type of mobility difficulty (e.g. from balance issues to those requiring wheelchair access). The colors; doesn't seem to be as much climbing or walking on structures as the current design. The current structure is not 20 years old, seems in excellent condition. Our family does not feel this should be a priority to be funded. I would love if there were swings or something that spins There seems to be more emphasis on aesthetic with the color scheme & overhangs that dont seem to provide much function of shade than there is on actual play elements. We're removing |

I grew up in Iowa City and we played on the old wooden structure that used to be there a billion years ago. We also played in the brick death trap fountain. It's part of downtown lowa City to have a fountain kids can play in while their parents are listening to Friday night music or during

52333 Arts/Jazz Fest. I think you should just put in a true splash pad and let the kids have a good time. Potentially some covered pavilions for eating takeout - more shade - handwashing station and 52403 water bottle filling spot nearby

- 52302 uniqueness
- 53240 EVERYTHING on playground covers from sun
- 52241 Unsure
- Shade and more seating are needed in the playground area. Please don't get rid of the
- 52317 fountain/splash pad either 50702 Nope
- I have heard some parents asking for a fence around the ped mall play structure and I am NOT in 52246 favor of any fencing.
- 52240 Nothing. I think this will be better than what's there.
- Less color, keeping us involved. We'd like to know what's next! Thank you, C Andi Woods, Preventive Health Center of Iowa City (my MPH website in development), phc52240@gmail.com <-- pls let me know how we all can get on an email notification system about this playground 52240 development, and good luck!
- 52246 Have a safe playground that could be used by all children

52240 Open, Safe, accessible. Simplicity in an fun design I think would be best!

A fence or other type of gate that can limit the exits/entrances to the playground area- it would be a huge help for parents with multiple kids to have a smaller number of "escape" opportunities. I know one of my children wandered away from the playground once and into the library on his own, and I know of many other similar stories. Kids are fast, and when a playground is busy it is 52240 easy for one kid to slip away, especially to a familiar place like the library.

52240 More handicap friendly equipment

Accessible equipment so kids of all ages and abilities have the opportunity to play in an inclusive 52241 environment. It's on the City to set an example, and this design falls far short.

52242 N/a

52240 New play equipment. Shade.

The current play set has small slides for littles along with the racing slide and other two larger slides. That variety is a key part of what our children look forward to. I see a lot of waiting in line 52240 or shoving for the one slide here.

Material & color palette that relates to its surroundings, and reduces urban heat island affect with more natural materials. I realize that maintenance may be increased, but some natural turf 52240 would be nice to include.

May I suggest adding something that kids (>5) can hang on to and challenge themselves with, such as monkey bars? Also, incorporating the feel/flow of an obstacle course is always fun for the kids and allow more kids to enjoy the playground at the same time without having to wait for their 52245 turns.

- add playground equipment that can be used by children with disabilities so it is more of an
- 52241 inclusive playground
- 52240 Things that engage older school aged kids.
- 52317 more seating

52761 Swings and other equipment that work for everyone and ramps, etc. for playstructures.

52246 Less plastic play equipment. More natural materials.

Leaving space for quiet play, a less aggressive color scheme, more natural materials, and higher 52240 slides.

52340 It would be great to see the design modified to better include children with all abilities.

Less construction: the safety of the ped mall. Seems to be more loud, disrespectful college 52240 students and homeless using the benches. Doesn't feel as family friendly as it did a few years ago. 52241 More seating for parents

52340 More elements toddlers / kids can climb.

| 4/27/2021 12:31 PM | Yes | 3 times or more per year | Yes | Shade offered. interactive and sensory options | it would be nice to incorporate options for older and much younger kids. |

| 4/27/2021 2:35 PM | Yes | 3 times or more per year | Yes | the tower/rocket thing in the middle looks interesting, Maybe add another one? | Not a fan of the colors, too garish. It feels too open but I guess that leaves room for the kids to run. |
| 1,2,7,2021 2.00 1 11 | | o ames of more per year | | are conceptioned and an are made looks meresting, maybe add another one. | |
| | | | | | It doesn't appear that there is an appropriate small kids/toddlers area. With the big playgrounds, |
| 4/27/2021 3:07 PM | Yes | 3 times or more per year | Yes | Nothing | like the one at City Park, all the ages play together since everyone wants to play on the same playground, and the smaller kids have to deal with the older kids not watching out for them. |
| | | | | | Just a waste of taxpayer money. When the students transition to online the state will take away |
| 4/27/2021 3:09 PM | Yes | Never | No | Iowa City has been dying for the last 10 years. It's only a matter of a few years and there will be nothing left. One horse town. | funding and then ghost town. It will happen and it's a matter of finances. Stop wasting money on saving a dead downtown. |
| | | | | | |
| | | | | Multiple Areas with play for wider age ranges than previously | Having just one main elevated structure |
| | | | | ······································ | It was good for the kids to have an elevated area to run, traverse, but understand there are trade |
| 4/27/2021 3:32 PM | Yes | 3 times or more per year | Yes | Shade structures | offs Like the interactive panel but wonder if it would be a constant maintenance issue - just a thought. |
| 4/27/2021 3:59 PM | No | Never | Yes | Shade, bench seating, tie into City of Literature, bright colors, really everything. | I don't have strong feelings about it either way. |
| | | | | | No dimensional di anti di companya di anti di companya di anti di companya di anti di companya di di companya d |
| | | | | | Need more things for younger kids. Seems very geared to 5 years and up. My 3 year old daughter is just on the cusp of being ready for that slide system, and she would have been very upset that |
| | N | 2.1 | N . | | she couldn't do the slide. For instance, the Longfellow playground has multiple areas with |
| 4/27/2021 4:01 PM 4/27/2021 4:09 PM | | 3 times or more per year 3 times or more per year | Yes Yes | Seems very cool I love the bright colors and the shade that is provided! | different ages in mind. Perhaps that is already here, but it wasn't clear from the design. Not many options for toddlers, everything is very high. |
| | | | | | |
| 4/27/2021 4:10 PM 4/27/2021 4:19 PM | | Never 3 times or more per year | Yes Yes | The colors, the books are super cute, lots of little things to do! Shaded Areas, Colorful and interactive for the kids. Plenty of seating for parents. | The play tower seems too boring (its just for a slide or two?) Limited space- clutered |
| 4/2//2021 4.19 PW | 103 | 5 times of more per year | 103 | I like all the colors and that there is something for kids of all ages to do. I also like that there is | Linited space- dutered |
| 4/27/2021 4:24 PM | No | 3 times or more per year | No | going to be some shade. | It seems like if there are a lot of kids at the playground, there wont be enough room for them. |
| | | | | | |

Is there a drinking fountain/ water refill station and or handwashing station close? I hope the

52206 current play fountains stay.

52240 Make it fully accessible to children with disabilities and autistic children.

52317 more benches for parents

I HIGHLY suggest putting a fence around this playground area. I only feel comfortable allowing my kids to play on the downtown playground when my partner or another adult is with us because it is such a high traffic area and because there are so many different directions my kids could go if they decided to sneak away from the playground. Having a fence around it would be highly 52245 beneficial.

52240 Swings :)

-I would not include a fence (like some people are suggesting). It doesn't fit with the aesthetic of a downtown playground.

-I would not include more water features (like some people are suggesting). I'm guessing that's not an option anyway since the ped mall was just reconstructed.

-It would be nice to have it look more artistic (like the glass looking colored wall) and not just another playground structure since it is in a place where adults frequent. Is it possible to skip the typical playground structure and include playful art

(http://www.jacobdahlgren.com/?p=6280&fbclid=lwAR3LHABdXEZcSIaAUJkl3EhaPgks41wX0HNer ZmbfUmMPmbd-5IIUF7emmk) that children can interact with? That's the route the city took with the downtown fountain. It doesn't look like a typical splash pad but provides water play. I know the example in the link is not very inclusive for children with less mobility so something in addition to this would be needed.

-Many high school and college students use this structure. Although, I know it's intended for younger children, I really think that should be taken into consideration based on the fact that it is downtown.

-My suggestion is to remove some (not all) of the playscape features for toddlers and make a larger structure that includes height and climbing for those who are able to physically assess them but also include lower entry access and places for younger children and those with limited mobility to access the structure. The school district has been reworking their playground rules/expectations and parents are not content with minimum ADA compliance. Our city should not be either.

52246 Contact info: Lbroffitt@yahoo.com

- 52240 squish everywhere. all of downtown squish. addition of swings.
- I really appreciate that the design includes several structures/areas instead of one large,
- 52240 connected piece. Some sort of fence/single entry point would also be helpful.
- 52246 don't know

52240 Small-kid friendly equipment

Put in a waterpark. Nobody cares about a UNESCO city of literature. Nobody. Don't skimp on the waterpark either. Spend 30 to 50 million just like the University does on decaying buildings.

52241 Then well have somthing! Ample seating

Toddler and younger play areas

- 52245 Diversity of offerings
- 52246 I like all improvements that make our downtown family friendly.
- 52240 I love the current playground, and am intrigued to see what you come up with 52333 A place for young children to play that I don't have to be scared of them falling out of.
- 52246 Swings maybe? Picnic table or something for pregnant women, those ASL learning boards 52317 Nothing
- At least one more slide, my nephew loves slides and at playgrounds where they aren't many it 52245 make it difficult for him and other kids to get a chance to use them.

Iowa City has spent MILLIONS of dollars on the Ped Mall over the last 30 years, constantly "refreshing", "remodeling", and "restructuring" it about every 5 years or less. The Ped Mall seems to be used only by college students to urinate and vomit, the homeless hangout, and a few mothers with children who have been to the library. The attitude is that the rest of lowa City can go and hang because they don't matter AT ALL. Hunters Run Park, according to someone who lives next to it, is almost never used because it is unfriendly to use, hardly gets any attention by the city government and as a result is now planted with weeds and a few wildflowers so that the city only has to do the bare minimum of mowing. The park sits next to highway 218 with all the noise, exposure, and traffic; has only a couple of amenities which aren't friendly to use. The park is far away from most of that westside area, so most people use Weber Elementary School's playground for their children. Little to no money is put into the far westside parks improvements or the westside area. You only have to drive down Rohret Road, THE MAIN ROAD, with its hundreds of lumpy potholes and no real street repair, to understand how abandoned the westside

52245 is. Then you look at the abandoned Hunters Run Park with only a very few users. 52245 Less playground

| 4/27/2021 5:22 PM | Yes | 2 times or less per year | Yes | Added shade & color. | The current one seems so much cooler. More ways to get on/off, slides, room to run, etc. There are too few physical activity areas and too little for very many children to participate in. The color scheme is in no way comforting nor does it provide a pleasant area to relax and watch the |
|--|------------|--|------------|--|---|
| 4/27/2021 5:25 PM | Yes | 3 times or more per year | Yes | l do not care for it at all | children The center section is too small. That is what kids love so much about the current playground, they love climbing on it and running on it. I think the new playground should be similar to the current |
| 4/27/2021 5:28 PM | Yes | 3 times or more per year | Yes | I don't really like it, but if I had to choose it would be center section. | one, which btw seems to be in good condition and not really looking like it needs to be replaced. Maybe don't be so wasteful? |
| 4/27/2021 6:01 PM | Yes | 2 times or less per year | Yes | The shade structure (but not it's garish colors). | The circus-like color are garish and do not fit with the ped mall ambiance. |
| 4/27/2021 6:56 PM | No | 3 times or more per year | Yes | I only like it if it promoted inclusivity and allows my niece to play with any kid regsrdless of their level of ability | I think it needs to be inclusive to kids who aren't able bodied |
| 4/27/2021 8:00 PM | Yes | 3 times or more per year | Yes | Overhead coverings | No access for disabilities on the one piece with slides, no easy access for parents to get thier kids on the same piece, with so many separate parts kids aren't encouraged to play together, only one piece with slides & ladders which is what kids like so that's limiting. The sensory boards aren't exciting to kids for very long & will get wrecked at 1st home football game. Seems to be looking more for a pretty decoration than an actual playground for kids. |
| 4/27/2021 8:01 PM | No | 3 times or more per year | No | Nothing | No real place for kids to interact as groups. Kids like to run over under and around. This plan just has lots of what looks like sittings space with awnings. |
| 4/27/2021 8:28 PM | Νο | 2 times or less per year | Yes | The shade is a definite improvement. I like the bright colors, it might look better if the color pallet was more limited or cohesive though. The tower is a fun shape and I like that it has two levels. I do feel like a wider tower would give room for more kids to play though. | |
| 4/27/2021 8:33 PM 4/27/2021 8:49 PM | Yes Yes | 3 times or more per year 3 times or more per year | Yes | Nothing. The sight lines are not great for parents of multiple kids. I like knowing my kids have one central place to be. This will put them more toward the outskirts. Also wondered if the sunblock will have an adverse affect in blocking the night sky. Most parents are home with kids around the noon hour anyway for lunch and naps. I like the shade elements. | Everything. It's oversimplified and "safe." Kids learn to measure risk on playgrounds. Trust us as parents to do our job. It's good for kids to decide if they're ready to cross a wobbly bridge. It's good to learn to navigate a pole or a slide without super protective walls. I've also found that the "learning stations" are considered great by adults but are actually not enjoyed by kids. They get 5 minutes of wonder, then the novelty wears off. Not a big enough play structure. There are only 2 actual play structures and they are very small compared to what is there now. |
| 4/27/2021 9-51 DM | No | Neuer | No | I think it's an unity design concept. A third and as with a how of sequence could do a much better job | Overall, I think it's a bad idea. It took over a year to remodel the Ped Mall a few years ago and it costed taxpayers a lot of money. It was a disaster and it created a mess for people to access local businesses on the Ped Mall. Besides, the Ped Mall doesn't look any different now compared to what it was to be here it was compared and |
| 4/27/2021 8:51 PM | No | Never | No | I think it's an ugly design concept. A third grader with a box of crayons could do a much better job. | |
| 4/27/2021 9:00 PM | Yes | 3 times or more per year | Yes | Not much Nothing. It's grotesque in concept. And what is with all the hideous colors, can't you do something | It does not allow the children to interact with play space. It is bewildering and intimidating |
| 4/27/2021 9:30 PM | Yes | 3 times or more per year | No | that doesn't make it look like a carnival midway? | Just about everything. |
| 4/27/2021 10:14 PM | Yes | 3 times or more per year | Yes | I like the idea that it has more integrated space for kids to interact in. I also am impressed that it seems accessible to children who are handicapped. | I am questioning the ability for parents/caregivers to be able to intervene if children need them. Will there be adequate space for these adults to be close? |
| 4/28/2021 12:18 AM | Yes | 3 times or more per year | Yes | Shading. Some of the book/literature theme items. | There seems to be less play equipment that is spread out and easy to see what is going on and allowing for more free movement. The Play Tower looks like it would be incredibly congested with children in a very small space (especially when the play structure is busy, which happens often downtown) - it would be difficult for parents to be able to keep track of their children inside that tower. And it does not look conducive to parents being able to help children in there easily (e.g., if parents need to assist younger children, children with disabilities, children who are anxious and need parent support, etc.). The current structure at least has a lot of openness and inclusivity for adults to assist children. I would also like to see this playground fenced in. |
| 4/28/2021 4:40 AM | Νο | Never | Yes | that appear to give children challenges (I LOVED the wooden playground as a childthe levels were tons of fun, in spite of the potential hazards that existedthe current one seemed tame and a bit boring by comparison). | From the concept sketch, this new design overwhelms the senses. Too much going on. Too many clashing colors. The ped mall is used by a variety of people and people who don't utilize the playground (but visit the pedestrian mall to shop and eat) may find this design overwhelming. Use a natural or neutral color palette with splashes of color. Spare use of color for painted benches on the ped mall and vibrant flowers in the planters. I am also not sure if I like the idea of separate playground structures (a slide, a climbing frame, etc). This functions well in a park or a school playground but perhaps not on the ped mallmaybe it's just that the structures in the concept sketch appear quite tall. The highest levels of the old wooden playground were pretty high up, but it was just one structure that flowed nicely with the space. This concept is a jumble of tall structures. |
| 4/28/2021 6:30 AM | Yes | 3 times or more per year | Yes | I like the current playground set up. I don't understand why it needs to be replaced. I understand it is 20 years old but I think it is still good. It is a narrow space; this looks like a lot of different things in a small space. Not sure what I think about the high tower with so many little ones on the equipment downtown. | I wish more parks would add splash pads I would prefer this to the fountain as it is slippery. |
| 4/28/2021 6:42 AM 4/28/2021 8:00 AM | Yes Yes | 3 times or more per year 3 times or more per year | Yes Yes | Shade Multiple climbing options and shade | The actual play structure seems way too small compared to the capacity of the current structure Rather more interactive panels than book displays |
| 4/28/2021 9:02 AM | Yes | 3 times or more per year | Yes | Glad to see shade and more bench seating for parents which the old playground was missing. | Keeping the older children separate from the younger children for safety reasons would be preferred. |

52245 Nothing was wrong with it. Not sure what the need for a change is?

52240 Just revamp the current play structures. Why fix what isn't broken?

52245 If it were not constantly under construction.

Good sight lines from one end of the play area all the way to the opposite side to aid I. Keeping 52245 track of children

52227 If it were completely inclusive to disabled kids

Something more like Mercer with things to climb, slide, run, Need stairs & easy access for all, Can designate an area for littles, but the sensory wall esp if it's a visual electric thing will be broken so 52240 easily.

The current playground meets the need of most children. How about something for the greater benefit of the majority. We can not reduce this the lowest level just accommodate a few. If this 52245 was the 1950's would you build it so the kids in their iron lungs could play?

52240 An aesthetically pleasing playground that celebrates the artistic culture of Iowa City

Scrap this design and start with a new one. This will ruin the downtown experience for my kids. It's like how they made the children's library all digital now. Do you know how hard it is to entice a kid with books when there are video games to be played? If this goes through, we'll start driving down to Washington for their huge wooden fort playground, which I'm sure is considered 52246 dangerous by Iowa City officials.

52246 More climbing structures

52246 I'd rather chew on broken glass before visiting a playground.

52340 Keep the current playground. There is no need to fix something that is not broken.

52246 Start over.

I would add more items that are handicapped accessible esp. for children in wheelchairs. There are many handicapped playgrounds to gain insight from. I would suggest, adding more special needs parents, teachers or caregivers to the idea board. We need to make sure our special needs 52240 kids playtime needs are met.

Fence in the playground area with a few entry points and keep the benches within the fenced space. Choose a different play structure than the currently suggested Play Tower that allows for adults to help children more easily who need such support. Include more options for children with a wider variety of disabilities - again, my concern about some children who will need parent help is part of my extreme dislike of the Play Tower. There is a very active community of local parents who have children with disabilities - please seek them out and get input on what would be most beneficial for their children. There are some nice inclusive play structure elements (e.g., things at The Arc in Iowa City or many other non-local playgrounds) that could be added for individuals in wheelchairs. Please do not just leave this proposed design as it is - please add a fence and choose 52240 a different and more inclusive play structure instead of the Play Tower.

As a person who visits the ped mall frequently and someone who grew up with the old wooden playground back in the 90s, it's hard to think of the ped mall without the playground. It's a central part of it. I visit the ped mall frequently and eat at Bread Garden (which is in close proximity to 52245 the playground), so the playground should compliment the space.

I don't look forward to the construction period. Downtown has been under construction then with covid we have not been able to spend as much time downtown. We used to be downtown every 52246 weekend with the kids

52245 Shade and bathrooms.

52240 Music or activated music by a child.

52240 More shaded seating areas for adults.

| | Yes Yes | 3 times or more per year 3 times or more per year | Yes No | The sun shaders. That is sorely needed. Waste of money | I'm disappointed to see a lack of connectivity between the different stations. That was one of the most notable features of the current layout. I also feel that the layout does not make as efficient use of the space in comparison to the current structure. The station specifically devoted to sensory input are wasted. It is rare that I see children using these for more than a minute. The idea of sensory input is fine, but it should be incorporated via different textures, colors, or auditory input from items that are part of the structure doing something else (different types of grips or surfaces to move across, etc.). Lastly, if you think that this is an inclusive playground, you are wrong. Just because someone doesn't have to navigate any kind of elevation change to get to a few of the items doesn't make it inclusive and fun. No kid who wants to use the slides can get three without climbing ladders, which is a lot more intricate a task than adults seem to be able to remember. Anyone with any degree of unsteadiness, or even a mild need for assistance to get to the slides will be cut out. I also have two concerns regarding adult interaction with the space. First, much of the interactive parts stand to be destroyed during the first home football game by drunken antics. By spreading that sort of sensory output throughout the structure to accompany children or retrieve them if they won't come down or are scared? Is everything safety rated for adults (ALL adults? What if they have a lifting limit and can't navigate a ladder themselves safely?), and are there adult sized apertures that can be navigated? I appreciate the effort to update the space, but this plan needs some serious work. Fix my street |
|--------------------|------------|--|------------|--|--|
| 4/28/2021 10:02 AM | Yes | 3 times or more per year | Yes | Sun shades, book/literary sculptures and structures, and sensory play panel. I like the vibrant colors and the safety surfacing as well. | I wish that the play equipment and features were more accessible to persons with a range of mobility, particularly for those using wheelchairs and other mobility devices. I often see the downtown play structure used by young children (I am a parent of childre under 5), but much of the large equipment lends itself to older children, could be a safety concern for young children, and is not accessible. I would appreciate more integration between the main rocket and the older ropes course area. Specifically a way (or 2 would be even better for non-linear play) to get from the ropes structure into the rocket without touching the ground. The monkey bars appear to dead-end on the side of |
| 4/28/2021 10:37 AM | Yes | 3 times or more per year | Yes | I like the overall concept and accessibility for children of all ages (especially <5 yrs) and abilities. | the rocket, if nothing else an opening for older children to get into the rocket would be helpful. Also, a 2nd slide from the top level of the rocket (possibly on the side facing the library) would make the top level even more of a destination (and improve traffic flow). If not a slide, then another mode of egress (like a fire pole, etc). |
| 4/28/2021 11:08 AM | Yes | 2 times or less per year | Yes | it's nice | expense. Kids use it for 2-6 years. I don't think the playground needs updates at this time Garish colors - pretty much guaranteed to not age well. Playground 'equipment' that looks |
| 4/28/2021 11:32 AM | No | 3 times or more per year | No | Nothing. It's a travesty compared to the current one you are replacing. | fiendishly designed to maximize injuries and more or less guarantee the need for supervision at all times to deal with the 'accidents' I cannot stress enough that this is NOT an inclusive playground concept. As stated, this is one of your primary goals. I would suggest consulting with parents of children who have mobility issues |
| | Yes | 3 times or more per year | Yes | The shaded area | to truly understand what makes a playground inclusive. |
| 4/28/2021 12:18 PM | Yes | 3 times or more per year | Yes | Colorful covered and Lloyd of climbing | No |
| 4/28/2021 12:23 PM | Yes | 3 times or more per year | Yes | Individually I like all the components. The park looks appealing with the color and overhead shade. | It feels obnoxious and not thought through. The colors are too loud, sunscreens are crowding and |
| 4/28/2021 12:52 PM | Yes | 3 times or more per year | Yes | Soft floor and benches | unnecessary, equipment looks plastic and cheap (even if it's not). First impression is McDonald's play area. |
| | Yes | 3 times or more per year | Yes | Don't love it. It's boring. Bright colors are good. The bench seating is nice. | The playground design is boring. Also, it may be ADA compliant but doesn't look inclusive. A couple of small sensory panels do not make up for the lack of thought put into making it inclusive. There's not even a ramp for children in mobility devices to get to a higher level and be able to interact with others. You have a library next door, you don't need a book display(s). Where is the object that spins? Not worth replacing the old playground if this design is what you'll get. |
| | Yes | 3 times or more per year | Yes | Most things | Fence would be good |
| 4/20/2021 2 10 21 | N | 2 4: | Vee | | |
| | Yes Yes | 3 times or more per year 3 times or more per year | Yes Yes | I love how colorful it is, the literary themes and the shade! There are more options for smaller children | Having a structure that is accessible to caregivers with mobility issues would be desireable. Nothing |
| | No | Never | No | Having playground shaded seems neat. | The cost when so many things need to be worked on in the City of Iowa City. |
| | Yes | 3 times or more per year | Yes | The shade | No water play |
| | Yes | 3 times or more per year | Yes | New safer equipment | More accessible play areas for children with disabilities |
| 4/29/2021 8:01 AM | Yes | 3 times or more per year | Yes | It engages their abilities | Make it for all ages |
| 4/29/2021 8:24 AM | Yes | 3 times or more per year | Yes | It has fun colors to engage their minds | It seems more ascetic then functional. There's not much for them to climb on doesn't have a good use of the area |

More general diversity in businesses? I can remember greater diversity in the shops downtown when I first moved here, most of which have been replaced by restaurants (or bars, even less appealing for taking younger family members to the area). Also, even the shops that do contribute to diversity aren't disability/mobility friendly. Iowa City has terrible inclusivity in this regard. There are fewer than 10 handicapped accessible entrances to buildings downtown outside of parking garages, and 2 of those go to the same bar. The city has already been on the 52240 wrong end of a legal dispute regarding its school district playground and park accessibility. 52255 It is fine, the kids don't know or care about the age of the equipment.

This play area is a wonderful and needed fixture in the downtown area. I love its convenient location next to the library, entertainment stage, and water fountain which are a huge draw for families. Thank you for keeping the play of our young residents, visitors and their families in mind for our downtown! Please keep inclusivity in mind. The library and downtown are areas that our children with disabilities come to frequently, and I think it is so important for our community to be open and inclusive to those of different needs and abilities. There are some great accessible features in play equipment that have been added to other paly areas in town (Willow Creek and Riverfront Crossings for example). I strongly urge you to consider the accessibility of play features 52240 in this vital area for children and families to gather at the heart of our downtown.

I know this is a stretch for this project, but adding shade on the south end benches (across the

walkway from the playground) would be really nice. The theming of the playground shade is really nice, so extending that into shade for those benches would help integrate the playground into the 52241 ped mall.

52240 more shade for parents / benches

Slides! Children love them and each can occupy numerous children at once repeatedly climbing 52240 up and sliding down.

- 52245 The ability to take children with mobility issues
- 52245 Lots of benches around and small tables Soft flat surface as a base

A large, multi level structure suitable for both older and younger children to enjoy at once. At the 52245 lower levels there should be handicap accessible options for play.

Please consider the rest of the ped mall, those watching the kids and others passing by, not just 52245 kids and City of Lit fans.

Make the playground inclusive. It is not good the consultant's pictures can't even show one or more children in mobility devices or using crutches. it shows they weren't thinking about inclusive play.

Kids like to run and move between different size towers using ramps and tunnels. You could create more room for kids to play by making more of the space multi-levels. Add a piece of inclusive equipment that spins. Can kids hang from the obstacle? Replace the play tower with pieces that children in mobility devices can use a ramp to get up to, add some connected pieces, 52240 put at least 3 slides in, etc. This design looks trendy but lowa City deserves more than trendy.

- 52240 Fence for safety around playground
- 52240 Try to keep sight lines to stage open.
- 52246 A playground that incorporates smaller play sets for toddler aged kids
- 52245 NA
- 52240 Water play area
- 52240 Having a more accessible playground.
- 52246 Provide some shade maybe a water fountain for the littles

52246 Give more options of play. Things that allows kids to run and climb

| 4/29/2021 8:48 AM | No | 2 times or more not user | Ver | Recently I posted in the survey that I did not like the concept of the downtown play area. However I did not factor in the inclusive aspect of this new concept. I am all for inclusiveness! Therefor, I feel I must change my view on the downtown Play area. I think it is wonderful and will invite all bid to bid in a nod play did to tracket. | I've had to change my mind on the concept of the play area downtown lowa city. Initially I sent in a survey that said I don't like it however I've had to change how I feel about it because it is a wonderful docine to include all whiten to coine play and the play area. |
|--|---|---|---|---|--|
| 4/29/2021 8:48 AM | No Yes | 3 times or more per year 3 times or more per year | Yes | kids to join in and play and played together, leaving no child left behind. This is a horrible design that will not accommodate kids with disabilities. | wonderful design to include all children to enjoy play and the play area. All of it. Make it wheelchair accessible. The ARC in Iowa City has an accessible playground, collaborate with them to improve the design. |
| 4/29/2021 11:26 AM | Yes | 3 times or more per year | Yes | The shade! I would love to see the entire structure under a shade to provide more comfortable and sun-safe play throughout the day/year. I also like how there are implicit areas for different ages/sizes of kids to attract more children to the space while providing some separation between larger and smaller kids. | The color scheme is too much. I appreciate color as much as anyone but the many vibrant colors in this scheme create a sense of overstimulation and disorientation; I believe it would be better to stick with a few colors (or even shades of colors). I am also not a fan of the stationary and interactive "walls" (number 7 on the diagram) as I don't see how they add value to the play experience or encourage meaningful large motor movement. |
| | | | | It looks really fun and different from other playground options in the near downtown area. We go to the playground weekly so will definitely use it! Love how colorful it looks. Like the shade | Nothing that I can think of. I do hope it will be cutting edge in terms of accessibility. The ped mall playground is a great option for wheelchair users because of how accessible the ped mall is. I also think it sends a great message to all children, parents, and passers by that accessibility and |
| 4/29/2021 12:22 PM | Yes | 3 times or more per year | Yes | features as well! | inclusion can be beautiful and fun for EVERYONE. |
| 4/29/2021 1:35 PM | Yes | 2 times or less per year | Yes | The height of the play equipment | I am not thrilled about the color scheme. |
| 4/29/2021 1:43 PM | Yes | 3 times or more per year | Yes | High slides | I like everything shown. |
| 4/29/2021 1:45 PM | Yes | 2 times or less per year | Yes | The rocket ship concept. | It looks pretty close to the building. |
| 4/29/2021 1:47 PM | Yes | Never | Yes | Their will be a shaded area for the grandparents and parents to sit and watch the children play. | Nothing. |
| 4/29/2021 1:49 PM | Yes | 2 times or less per year | Yes | The rocket ship structure that has the slides on it. | I like it all. |
| 4/29/2021 1:51 PM | Yes | 3 times or more per year | Yes | The Arches with the pods on them. That looks like a neat climbing structure. | It all looks pretty awesome. |
| 4/29/2021 7:14 PM | Yes | 2 times or less per year | Yes | How colorful and inclusive it is. | None |
| 4/29/2021 8:45 PM | Yes | 2 times or less per year | Yes | Large structure. Stuff for varying ages | Seems very sterile. Not a lot of things to do. |
| | | | | | Doesn't have the same connectivity that current one has, with the large number of children who sometimes play there at once, I foresee lots of "bottleneck areas" that can't really be used the way the current one is to accommodate many children at once going multiple directions. For example, the area identified as the obstacle course (#2 on diagram) has fun equipment for older kids, but is difficult for a large volume of kids at a time. This is coming from an elem. teacher with lots of recess duty supervision experience! Same with the tower structure in the middle, which looks to be an area that would very quickly get over-crowded when many kids are present, such as during summer day-camp hours or Friday night concert series. There needs to be more little platforms, nooks and crannies for kids to move through and go in, over, under, across. The current structure allows for lots of ways to play "under" it, which ends up almost providing two stories- |
| 4/29/2021 11:35 PM | | 3 times or more per year | Yes | Love the inclusivity/accessibility, incorporation of books since near the library, shade panels | the proposed one doesn't. |
| 4/30/2021 1:21 AM | Yes | 2 times or less per year | Yes | Variety of things to do | N/A |
| | | | | | |

The setup looks foreign to the site. What aspect of the concept conveys the playground as a playground at the pedestrian mall? I'd not want to see it have repair issues. Too many bums downtown to subject children to. Clear them out! Nothing Doesn't look very friendly to handicapped. |
| 4/30/2021 6:57 AM 4/30/2021 7:12 AM 4/30/2021 10:14 AM 4/30/2021 11:22 AM 4/30/2021 2:47 PM 4/30/2021 2:48 PM 4/30/2021 2:50 PM 4/30/2021 2:50 PM 4/30/2021 2:54 PM | No Yes No Yes No | Never 2 times or less per year Never 2 times or less per year Never Never 2 times or less per year 3 times or more per year 2 times or less per year | Yes Yes Yes Yes No No Yes Yes | Great for kids. It is colorful. It will be better for kids A shade structure is functional during a sunny summer day but it will depend on the height of the shade which looks too high in the graphic. I feel that fresh, safe Parks and Play Equipment keeps lowa City Marketable. good in theory. I love the fact that the the new playground has so many different playground equipments, and the shade seems like such a good idea. It is colorful and inviting. It makes downtown more enticing yo families. | You just redid all that, so now 5 years later you're gonna spend another ridiculous amount to do it again? BUILD A DISC GOLF COURSE ON RYERSONS STATE PARK!!! Ask coralville how popular their course at Altmier isalso Disc golf is the fastest growing sport in America, especially among the younger demographic, the highest rated player in the state of lowa right now, is 15 years oldbuild more, PLEASE! \$600,002?!?! Please let this be a typo. You can build an enormous house and buy the land in IC for \$600K. That is an absolute waste of taxpayer money. Please either confirm that there is an extra zero in there or go get another bid. To much play toys The color scheme looks to be too loud, in relation to the surrounding. It takes away all the common play experiences, and divides things into segments. From reading the responses to the questions, my impression is the city will do what it wants and the invitation for public comment is a sham. |

52241 I don't have any other ideas as to how to improve the play area.

52245 Having more inclusive spaces

52240 n/a

- 52245 Nothing that I can think of, truly love that IC has a playground in the center of downtown.
- 52240 More playground panel that teach our kids about good values.
- 52241 More handicap accessible equipment.
- 52242 More green grass near the playground

52246 Lighting around the play equipment.

- 52243 Fencing around the playground so no traffic can be near it.
- I think there are too many different colors on the playground. Too busy looking. Pick only 3-4 52245 colors.
- 52358 None

Stuff for ages 2-12 would be nice. Not so spread out. Utilize the space given to put a lot of play 52241 structures, swings, or other activities.

Address the "bottleneck" areas above, replace/revise with items that allow for lots of kids to play at once in ways that let them move back and forth/up and down, etc. Needs to be more bridges or platforms in the structure that will allow for that, or kids will just have to stand around waiting 52245 for their turn to "cross" the obstacle course items.

- 52317 Family oriented
- not plugging up the sound tubes, and making the slides more slippery. Not so sure about the slides, though, since kids negotiating who goes up and who goes down them is part of learning to 52240 interact with random peers.

52245 More Disc golf.

- 52245 It is a great space. Maybe more food vendors.
- 52246 More wide verity

A playground that is less prescriptive in the playground equipment but encourages more creative 52240 playing, let the children create their own game

- 52302 Safety and Good Lighting
- 52245 see above comment.
- 52245 I would like the squishy floor to remain, and I think some swings would be cool.

52245 Keeping area cleaner.

- 52240 Having the improvement you are planning!
- 52246 Make it PRIDE colors with a rainbow progression
- 52245 A soft-muted color scheme.
- 52245 More nature

52245 not sure

52245 Actually paying attention to the people's comments.

52245 N/A

52333 My older kids (4th and 5th grade love rope climbing structures, the bigger the better.

| | | | | | |

Do not like it at all and the process through which it is being justified. This is poor design and it is sad that the City continues to push these mediocre projects through without actually taking the time to make revision. You ask for public input, and then justify the terrible design by publishing an FAQ that breezes over the issues brought to attention by the community. Why am I angry, because the City installed a totally worthless playground in our cherished neighborhood park. I (and many of my neighbors) would rather have no playground at all rather than the cheap, garish monstrosities that are being installed. Don't you see that you are actually hindering our community and our children by continuing this process? This is an amazing opportunity to

- 52240 improve our community. Get your act together City of Iowa City.
- 52240 NA
- I'd like it to be locally designed and built. Stop taking my tax dollars and spending them with out a 52245 state companies.
- 52402 Make your playground inclusive!!!
- 52246 Water play
- 52246 Keep the park the same
- How about leaving what is there, we don't always need the newest nor top of the line things, quit 52245 raising our taxes in lowa city and wasting money foolishly
- 52245 Parking access.
- 52240 Equipment appropriate for younger children to use with supervision.
- Don't waste money on something new. The current setup is great! Our 5 year old played on it for 52240 2 hours just last night while we are at bread garden
- Bringing back the original playground and fountain from the late 80s, early 90s. I'm willing to agree that it can be in modern playground building materials instead of wood, sand and metal
- 52245 slides.
- 52247 I'd love to see swings

I honestly don't know how you go about making all the people happy all of the time. I was glad to read about the accessibility considerations in the FAQ, as they aren't visible from the pictures (or rather I can't really get a sense of them from the pictures). I am grateful there will continue to be a playground downtown as an adjunct to the library, keeping at least some semblance of downtown as a place where kids can go and find things of interest to them in a downtown that has changed over the years from a place for practicalities and entertainment to one that caters 52240 almost exclusively to high end retail and nightlife.

- Benches in the shade surrounding the playground. & the benches not separated from the
- 52240 playground by the walk way like they currently are on the south side.
- 52241 Add spray park

Please make a ground-level large, open ship that any child could easily enter, walking, or with a wheelchair or assistive devices. The ship could have soft pieces such as more than one anchor, more than one helm (steering wheel), etc. Or make it a spaceship with a soft alien crew member,
 52240 a few futuristic pieces. Kids need only a few items because their imaginations will lead their play.

52245 Bigger

Always more trees! I know it's a priority for the new pedmall and playground to have more trees 52245 and that makes me glad.

- 52240 A drinking fountain
- 52240 Large playground structure for kids of variety of ages/abilities 52245 make certain that the music downtown is not loud.

Perhaps a refresh or similar style upgrade but not this total renovation that is unnecessary and not 52246 ideal

- 52245 Monkey bars
- 52242 A bit more space would be nice as it is quite cramped.
- 52241 A fence or gate! Benches for parents!

I earnestly hope that the Iowa City City Council will reconsider these designs. I believe the design emphasis should preferably use the current playground's color palette (or something comparable and equally versatile) and instead prioritize improving the actual structural features and play surface. If it is deemed necessary to brighten the space with the selective use of color, I suggest 52241 that a more trend durable design would identify one or two central colors as highlights.

| | | | | | I don't love the center structure, I have been downtown and it is filled with 20-50 kids this seems like a situation where there will be a lot of lines and in some cases certain kids excluding others. Also, as a parent that has had to go up to get my kids after they decide they are too scared to go down a slide I'd like a structure I can easily fit into as an adult to get my kid out or slide with them. Same concept to have multiple sized slides but something that an adult can climb up too. I would like to see a more creative pattern on the base, perhaps a few different paths that interconnect with fund things to do on the design? Kind of like a labyrinth path. |
|--|-----|--|-----|---|--|
| 5/3/2021 8:45 AM | Yes | 3 times or more per year | Yes | I like that there are many different areas for various aged children as it can be difficult to have children under 3 play on the same structure as older kids who aren't as careful. My kids will love the obstacle play equipment, but I am concerned after seeing this at local school playgrounds of it holding up and being properly maintained. Many times those stepping stone things the chains break, so please make sure you are selecting the highest quality as this is a playground that is played with pretty hard and a lot. | I'm not a huge fan of the literary display, it seems a little hard to understand what will go there so more pictures would be helpful but I don't want just random walls put up to inhibit free play. Regarding the colors, I love bright colors, but maybe stick to just 3 or 4 colors that look good together? My kids love to hang out here especially after being downtown so I love the extra bench seating and the shade! |
| 5/3/2021 10:04 AM 5/3/2021 10:28 AM | Yes | 3 times or more per year 3 times or more per year | Yes | Shade Shade. The prism-like blocks in #7 interactive panels, but not so spread apart. Cluster them like the photo. | Not inclusive enough I see from the FAQ that there are a great deal of limitations to additional multi-level structures on the playground. I would like to see more vertical integration (e.g. space for younger kid play and different ability play at a lower level) with climbing, bridges and connected play towers at an upper level. In the current design it is three distinct horizontal zones. What if those zones were vertical? Much of the west side zone for younger kids duplicates what is already available indoors in the library and in a much more controlled environment which is more desirable for very young children. This does not strike me as an effective use of limited space. Even a double play tower like the one in the photograph would be more desirable. Also interactive panels #7 I often see either unused or broken. The prism-like blocks seem like they could be very good, but the manipulatable boards are borderline useless. |

5/3/2021 11:32 AM Yes 3 times or more per year children in the pedmall. from a catalog and that is clear in its appearance. We deserve more creativity, more thought. Yes 5/3/2021 1:36 PM Yes I like that it will be newer and more inclusive for all children, including those with disabilities I don't like that there are less activities for children to do 3 times or more per year Yes 5/3/2021 1:41 PM Yes More Shade! 3 times or more per year Yes the price tag especially after investing in the one downtown currently not too long ago As a parent having used current playground with toddler to 9y.o., I question it being "for kids of all ages." While I did regard the 8' drops from W "tower" in current playground as questionable with a toddler, no child of such a young age should be unsupervised in a multi-age structure: no harm was ever done. Balanced with that is "achievement unlocked" by a 6y.o. learning to go down a 5/3/2021 2:06 PM Yes 3 times or more per year Yes The shade structures firewoman's pole. I feel like perceived safety has taken over - reasonable - challenges

We visit once a week along with library visits. I appreciate that there is space dedicated to

52245 The shade would be a welcome improvement, it does get very hot in the Ped Mall. - Fence in playground (helpful for children who "elope" or run off easily)

Look into playgrounds in Northern Europe, Copenhagen, Scandinavia, etc. :

https://www.travelandleisure.com/trip-ideas/family-vacations/worlds-coolest-playgrounds These communities understand that playscapes are supposed to be creative, beautiful, and engaging for children and adults. They promote playing with nature, and understand the effects of nature deficit disorder. Our Americans kids are suffering from a lack of nature because we build play structures that are sterile from the natural world. They are encouraged to tough plastic and metal coated in plastic only. Please include plants in any plan you work out. Please add natural materials like sand, wood, water. Add things to climb, things to hide in, stumps to hop. If we add more sensory experiences, all children will be included. Simply adding a huge ramp to any playground does not automatically include everyone. Kids downtown are in need of a respite to the chaos of downtown: loud noises, visual chaos, crowds. Make this space a haven, not an added chaos. It feels like a gaudy theme park as is. The colors are so loud. Consider natural colors or at least a color scheme, not the unorganized rainbow. If it's a rainbow, make it a rainbow! Consider boundaries better so that adults can monitor kids better and kids know their boundaries better. This can be down with the structures themselves, it does not have to be a chain link fence. We deserve the best in our community. This is the playground to make a statement about who we are and what we value; arts, nature, community, creativity, science. This doesn't mean put a stack of plastic books into the play space, it means lets support our kids development by fostering those qualities through creative play. Maybe there's a playhouse, maybe there's a small reflecting pool,

- More play structure opportunities for people with disabilities (e.g., wheelchair accessible

52246 activities on the actual play equipment)

52240 Shade, Opportunities for multi-child play.

The creativity in this design plan is very much lacking. When will we hire an artist to help creative

a beautiful, engaging play space that supports our values and love of the arts? This plan is pulled

- A few more challenging structures for tweens/teens: e.g., monkey bars, pull up/chin up bar, climbing wall (traditional or e.g., https://www.playlsi.com/4939bd/globalassets/playgrounds/seo-

maybe a colorful stacking of rectangular shapes to climb and hide under. Make it foster open,

Make lowa City summertime populace only LOL (no more loud house parties in the Carnegie, or college age maskless bar crawls etc.) some general respect for our community from college

52240 look at, calming and engaging for kids, and foster a love of the outdoors. We can have this too!!!

52245 Taking some of this playground concept and incorporating it with the old one.

52240 Fewer high rises. We don't need any more places for the \$\$\$ to go...

students would be nice.

creative play. Please do the research on Scandanavian play spaces. They are beautiful for adults to

filter-pages/component-types/climbers/geoplex-climber_350.jpg; https://www.playlsi.com/en/commercial-playground-equipment/playground-components/jigjag-

climber-double/) - A "living laboratory" on the theme of sustainability would be great to "catch them young" so to

speak re: water conservation (Could rain hitting shades be collected in clear rain barrels or directed to adjacent planter(s), wind/solar energy (e.g., could a vertical windmill capture current to be used for led pathway or lighting within structure - with signage explaining that) - In general, with this and any capital project in IC, I would appreciate sustainability to be built-in with e.g., input from Climate Action group and other experts in town. I imagine that the rubber "ground" is

52245 impermeable: where does water go? How about thawing snow and ice?

How about doing something innovative and progressive: an area that actually improves the mental wellness of kiddos along with their physical wellness. Bonus: Kids (and parents) get a closer connection with nature while engaging and improving curiosity. Isn't that what we want in our progressive community?

Please stop separating growing areas from play areas: integrate them for maximum effectiveness and visitations.

Look to the "Nature Explore" natural playscape features in the inviting area on the north side of the Robert A. Lee Rec Center: https://certified.natureexplore.org/iowa-city-parks-recreation. Backyard Abundance is a leader in this type of design: www.backyardabundance.org

| 5/3/2021 3:00 PM | Yes | 3 times or more per year | Yes | The squishy surfacing. (The design is kind of a circus-like eyesore.) | One last thought: Where do parents get some shady seating in this way-too-conventional design? |
|------------------|-----|--------------------------|-----|---|--|
| | | | | | The current playground is great for a wide range of children with many different ways to play. The |
| | | | | | new plan looks roundly unplayable—maybe it looks nice (though frankly, it's going to look as |
| | | | | | dated in five years) but there's no need to make this more complicated than it needs to be. The |
| 5/3/2021 4:31 PM | Yes | 3 times or more per year | Yes | I don't like it at all. | current playground is a beloved favorite. |

More plants (trees, shrubs, flower) that are native and/or edible so it feels more natural and less 52245 like a concrete jungle.

Leaving it alone. Honestly, please stop trying to improve the downtown. I'd pay a special tax just to avoid future improvement projects. The playground is great as it is and we've been looking 52245 forward to returning to this favorite destination after the pandemic.
