101	The police tend to do a pretty good job, but are frequently some of the least friendly officers I have ever encountered. This is especially true around the downtown areas. As a young lawyer I frequently enjoy talking to police officers whenever I get a chance. The police in Iowa City are not approachable and do not seem to want to talk to anyone in the community. I have been to Panama City Beach during spring break where the police were friendlier.	5/3/2016 2:16 PM
102	I think overall the ICPD is responsive to community concerns. As a white mother with Black teenagers (including one with special needs/autism), I would like to see more training/education on implicit bias and developmentally appropriate responses to youth, trauma-informed policing, and mental health awareness. For example, my child has been stopped in his car driving home from work on the SE side of IC and told he "looked too young to have a car this nice." He was not cited for any traffic violations nor told why he was stopped. (We let it go because he needs to think well of the police to go to them when he needs help, but it was very unsettling.) I have worked with the ICPD in other capacities in my work with domestic violence and sexual assault, and I have been very pleased overall with how additional training in responding to survivors has resulted in respectful and efficient responses and investigations. Thank you for seeking our input. I look forward to seeing how you implement the results of this survey.	5/3/2016 10:49 AM
103	I have personally never had anything but cordial and professional interactions w. IC police. But I know of enough horror-stories of interactions with students and minority individuals (to say nothing of property forfeiture and drug policies) to be clear that some serious work needs to be done in those areas.	5/2/2016 7:55 PM
104	Could the speed on Melrose Avenue be monitored a bit closer. Once traffic crosses over into "University Heights" they tend to slow down. The traffic coming into town on Melrose coming down the hill across from the driving range is often VERY FAST. Sadly the city buses are sometimes some of the fastest. thanks,	5/2/2016 1:32 PM
105	The coffee with a cop is a great idea - I wish there were more opportunities to interact in the community with the officers - getting to know them establishes trust. I feel safe in my neighborhood but other neighborhoods I sometimes feel uncomfortable almost scared.	5/2/2016 11:54 AM
106	Increase community engagement - participate & engage organizers at running races, increased foot patrol on campus & downtown, improve neighborhood dynamic awareness (engage concerned citizens with long-term follow-through, particularly in 'problem areas,' to prevent crime-associated blight in our town); consider increased youth program offering/participation as crime prevention strategy for young people (e.g., sports)	5/2/2016 10:21 AM
107	All these questions were so broad. Some employees are fantastic...others not so much. My perception of some officers is great and others is not so great. The survey really didn't a drastic overhaul to even make the data meaningful? My neighborhood officers are awesome and keep my own neighborhood safe. Smithy and Mebus were the two that I recall best. Both knew all the neighbors and did a GREAT job. Built relationships with people. I feel pretty safe where I live. But, I have friends and relatives in neighborhoods that have safety concerns. So, you should really have spent more time on the survey questions.	5/1/2016 12:36 PM
108	Thank you for your service.	5/1/2016 9:49 AM

126	it would be nice to have a email address where one could write a thank you to an officer who has assisted you in a emergent situation. Unfortunately this is often a emotional situation and a proper "thank you" is not able to be delivered to the officer until the situation is over and they are gone. involved in	4/30/2016 10:30 PM
127	We live right on the corner of Benton and Hudson (right at the bottom of Benton Hill). This area is especially busy during mornings and afternoon with students (of all ages) crossing the street or biking. Multiple times I have seen cars going much faster than 25 mph. I would personally like to see the ICPD monitor this area more closely.	4/30/2016 4:53 PM
128	We have not really had any reason to be involved with the police. We've met one at the Coffee with a Cop and he was very nice and answered all questions.	4/30/2016 3:17 PM
129	My daughter was at an Iowa City bar and was raped by one of the staff there. Her blood alcohol level was over the legal limit and he was sober. She said she was raped. He first lied and said intercourse did not take place. When confronted with the evidence, he changed his story and said it was consensual. She did not consent. Even if she had (and I must emphasize that she did not), in Iowa, you cannot give consent if you are legally intoxicated. The police said she was an incredibly "believable" witness. The guy had been investigated for this before and is no longer allowed on the University of Iowa campus because of his sexually predatory behavior. But the police closed the investigation. This means that in Iowa City, a man can rape a woman and as long as he lies and says it was consensual sex, he can get away with it. I'd be interested to see what Iowa City police officers like [REDACTED] would do if this happened to their daughters. I suspect their investigation would be a bit more rigorous. It was a disgusting miscarriage of justice and, as a result, I have zero faith in the Iowa City police to keep my family safe. It might be prudent to stop devoting so many resources to arresting teenagers for smoking marijuana - a victimless crime - and start going after true criminals. At the time this all happened, my daughter and I were so shocked by the incompetency of the investigation (and she was so traumatized by how things transpired) that we didn't make a fuss. We just wanted to put it behind us. As time passes, I see more and more how ridiculously inept the investigating detective was from start to finish. I wonder how many others this rapist has violated. Shame on the ICPD for being so cavalier about the safety and well-being of young women in the Iowa City community. Feel free to call me at [REDACTED] if you would like to discuss this further. I won't hold my breath.	4/29/2016 10:31 PM
130	We need to lessen our police force in the Iowa City micropolitan area. Between Iowa City, Coralville, and North Liberty, there are five police departments plus the sheriff's department. We do not need ICPD UI PD, as well as University Heights Police, as well as the Coralville police operating so close. This is far too many police compared to the population of the area. There is not enough crime in this pretty peaceful city to warrant these many police officers. The result is bored officers over reaching their bounds and people's rights. The Iowa City police are some of the most racist and corrupt police forces in Iowa. There are numerous accounts of overuse of force and authority. The police force needs to be compared to population as well as crime rates.	4/29/2016 12:07 PM
131	I will never feel 100% confident in ICPD until the former officer who shot and killed Eric Shaw is prosecuted for the crime. Police need to focus on real crime instead of harassing students in the bars. ICPD should focus on negative behavior such as fights and OWI, and not assume that everyone drinking underage is a criminal. The rules should especially be relaxed on home football game days. Open container laws and possession of alcohol under the legal age laws should not be enforced around Kinnick Stadium. Again, negative behavior should be focused on.	4/29/2016 11:07 AM

375	More foot patrol around Taylor Drive. Open drug use, stray animals roaming, houses getting egged and spray painted, etc. More of an enforcing presence could help.	4/27/2016 8:51 PM
376	I would like to see deescalation used instead of violence against young people, like we saw last summer at the rec center. I'm also concerned about how the police treat young people at Weatherby park. Last summer, for example, we saw uniformed officers "playing basketball" in what appeared to be an effort to chase the kids away from the basketball courts. While they may have had good intentions, it created a strong impression that the community was being intimidated by the police. It seemed to us that the city was sending the message that young, predominantly Black, youth are unwelcome in the park. If the police were serious about doing community outreach, chasing kids off of the courts is not a good approach. I also continue to be concerned about the disproportionate rate of minority police contact and disparities in marijuana arrests for people of color.	4/27/2016 6:09 PM
377	Thank you for your service. I always appreciate it when I get a friendly wave back after waving to a passing ICPD officer in his/her patrol car.	4/27/2016 5:36 PM
378	An Iowa City policeman plied my (now ex) boyfriend with more beer while I was leaving the apartment to go to the DVIP Shelter. The same policeman injured me in 2000 and has repeatedly stalked me. I don't know his name or badge number so I am not able to get help with this. Is this true of many other officers in this police department?	4/27/2016 2:19 PM

Iowa City Police Department Community Survey

379	Noise is still an issue in my neighborhood (especially drinking-related shouting from student parties, especially in houses with a large number of rooms). Officers are quick to come when I call, and very effective. I think it's gotten better over the last 5 years, but the issue remains nonetheless. Maybe no houses should be rented to more than 4-5 students at a time. Maybe students/tenants should be told early on about the consequences of disrupting behavior. Maybe the owners of homes rented to many students should be held accountable for the behavior of their tenants, especially for "problem" properties where police intervene regularly.	4/27/2016 11:21 AM
380	officers are always very polite and professional any time I have had contact with them	4/27/2016 5:09 AM
381	Patience, Keen Observation, Concentration, Anticipation, Rational Logical Reasoning, Cautious Minimal Necessary Response. Know your territory thoroughly.	4/26/2016 8:58 PM
382	Thankfully I have only had to contact the Iowa City Police Department once during my time here. The officer responded appropriately and was very helpful. However, I would be hard-pressed to say other positive things about the police department. It seems the force is largely composed of young, white men. This needs to change immediately. I also think the Iowa City police needs to do a better job monitoring and patrolling traffic. There are so many traffic violations that go "unnoticed" by police officers — I have seen people dangerously run red lights in front of police at intersections downtown and the police do nothing to respond. In addition, I wish many police members would be more respectful drivers themselves. I have seen police racing each other (speeding) on South Dodge Street to Kirkwood Street. This is absolutely unacceptable behavior. I also have two recommendations about this survey that you should take into consideration if you offer it again. First, people need more than a week to respond to this. Second, this survey needs to be translated into other languages. Because it is only available in English, you are excluding a large and important part of the population who might have very different perceptions of how the police department is doing in Iowa City.	4/26/2016 8:16 PM
383	I live in the Grantwood neighborhood and have for years. They City has decided to sacrifice this area for the greater good. The lack of patrols has not helped any either. You know this is one of the highest crime areas yet, you hardly see a patrol in our area. Hollywood Blvd is used as a cut through between Dolphin Point and Broadway with vehicles traveling greater than the posted 25 MPH. My neighbor at 1908 Grantwood St has an unlimited supply of Marijuana. Your more worried about public perception, especially with the black community, then you are about doing police work.	4/26/2016 1:20 PM
384	Although there is always probably room for growth and improvement, I feel very safe in Iowa City. I like that I see police officers throughout town on a regular basis and I feel very safe and secure. Every interaction I've had with the IC Police Department has been a polite, professional, and courteous experience. I think there is a great team out there working hard and putting themselves on the line to keep our community safe. It would be a very difficult job, but I'm glad there are everyday heroes out there willing to do it. Thank you to the staff at the IC Police Department! ~Angela Greiner 2780 Triple Crown Lane, Unit #11 Iowa City, IA 52240	4/26/2016 7:47 AM
385	More effort should be taken to be aware of implicit racial bias and discrimination with advocacy by the Iowa City police department in support of other local service providers. In the end it would make their job easier as the ICPD wouldn't be the catch-all for all persons who find it difficult to live in our community.	4/25/2016 11:44 PM
386	Some of the ICPD officers are professional and interact with people in a professional manner. But some of the ICPD officers seem to be arrogant and come across as bullies. In a recent interaction with a young male police officer, the officer appeared to lack training and confidence in how to handle the situation. I would like to see the overall training of all the officers improve in the area of interacting with minority individuals. The entire police force could benefit from more training in handling individuals with mental illness.	4/25/2016 8:22 PM
387	I have lived in big cities. Our police are pretty cool. Thank you.	4/25/2016 7:11 PM
388	There are neighborhoods where it seems there is suspicious activity continuing to take place, i.e. Taylor Drive. Lots of cars pulling up to houses for a short time. I was taking a walk in the area one day last fall and as a car pulled away I was close enough to observe the guy walking away from the car with a wad of bills in his hand. I'm sure they have guns, too.	4/25/2016 4:46 PM
389	By virtue of the smaller-than-postcard option, you don't seem sincerely interested in community feedback. This community, like any other, has bad actors who put others at risk or peril. The attitude I have experienced is that all citizens are unruly criminals and should be processed to the fullest extent. The goal is to keep peace and safety. Police should be our allies and use ethics to determine the difference. Bogus or unlawful reason to stop people doesn't build trust and suggests quotas rule the day. Excessive policing can cause unnecessary damage to ordinary citizens. Police should be allowed to use prudence. I am very concerned about the future trends associated with Heroin use. I do not want my elementary age kids going down that path.	4/25/2016 4:03 PM
390	I would suggest more officers using bikes. Perception changes when you are outside the vehicle. Also will be able to see more bad drivers.	4/24/2016 9:00 AM

Iowa City Police Department Community Survey

391	The humiliation I endured at the hands of some of your officers in inexcusable. My fiancée with cancer watched as I was pulled over and given the most thorough field sobriety test in history. I was finally allowed to go after performing the same rudimentary task over and over again. My fiancée with cancer waited in pain as officers did their best to find something to justify an unnecessary pull over. How about using techniques that are backed up with scientific evidence. If officers believe someone is intoxicated serum ETOH should be collected by trained personnel and analyzed with a portable device. Please do better. 3524557409	4/24/2016 4:43 AM
392	Some police are excellent and fair and treat citizens like equals. Other think they have to act tough and forceful and demand respect, when they are not respectful. This needs to change.	4/22/2016 10:25 PM
393	Focus on school and workplace safety. Officers in schools?	4/22/2016 7:15 PM
394	Address arrest and harassment of minorities in a productive straightforward way. Fire officers found to be racist. Realize racism exists in your police force as it does in Iowa City and do something about it. End police militarism. Some officers are approachable. Many are not. Recall service is your job, not bullying and uncalled for aggression.	4/22/2016 6:10 PM
395	Innocent people have been shot, you don't have to stand for that. Demand adequate psychological training. The movement towards a safer police force can start with you. -Sky	4/22/2016 5:09 PM
396	We have appreciated all the help given over the 46 years.	4/22/2016 10:10 AM
397	Please continue to examine the Department's attitudes towards minorities, so that racial profiling and immigrant profiling are never again practiced in this now dignified community. The Johnson County Community ID has made this a safe, responsible place to live, a city that nurtures mutual respect between the Police force and all citizens. Thank you!	4/21/2016 9:08 PM
398	Thank you for being here for us <3	4/20/2016 10:43 AM
399	Stronger enforcement of pedestrian cross walk law. Far too many cars blow right thru with pedestrians watching for cars, instead of the other way around.	4/20/2016 10:00 AM
400	Imposing racial quotas on "suspicious" motorist stops is false logic. The old saying "if you do the crime, you pay the fine" still applies. It should never matter about race when stops are made. Police departments all over the country are getting paranoid for merely doing their jobs. If unbalanced statistics appear, look to the community and family upbringing, not the police.	4/20/2016 9:02 AM
401	I have minimal contact with the department. It makes me happy to see the bicycle cops. Less intimidating, feels like they must be more connected to goings on than folks in vehicles.	4/19/2016 10:38 PM
402	Keep doing what you're doing. Just your presence is assuring.	4/19/2016 4:14 PM
403	Continue to publicize community outreach efforts (talks with school children, chats with crowds on Pedestrian Mall, etc.) and be visible thru foot & bike patrols.	4/19/2016 3:14 PM
404	We completed the Active Shooter training course at my Employer and were very pleased with the program and with the officers who led the training. They did a great job!	4/19/2016 11:21 AM
405	More positive outreach programs in high crime/poverty areas. Less targeting minorities for traffic stops. More understanding of mental illnesses and how to handle individuals with these disorders. More education on custody laws and how to deal with custodial issues between parents. More education on cultural sensitivity.	4/19/2016 9:15 AM
406	Pleased to see there is less of a focus on alcohol related arrests. Similar efforts should be adopted for breaking up parties, not automatically issuing a disorderly house citation. Kids come to Iowa City for an education, sadly a large population of students leave with a record. It is well known that Iowa City officers are much less understanding of circumstances when compared to officers at the other two state school towns. Iowa City should have a drunk tank that does not mean a public intoxication citation if the person is cooperative. DUI's are an issue, there needs to be alternatives to travel. Taxis are unsafe, expensive, and there is no late night bus system. Expand the Friday and Saturday bus schedules to include late night routes later than 8 or 9.	4/19/2016 8:35 AM
407	None at this time	4/19/2016 7:15 AM
408	All officers should be trained in de-escalation techniques to avoid the inappropriate use of force, especially when the person in question is a minor.	4/18/2016 4:06 PM
409	All in all we admire the professionalism of our police officers in dealing with the diverse age, social and ethnic groups that are part of what make Iowa City so rich and enjoyable. We are well served.	4/18/2016 2:48 PM
410	when people call and make a complaint, please track these. we have a neighbor who calls about everything- barking dog, dog left in car for too long, loud car, etc. the cops have come multiple times and everytime they say dont worry about it but maybe talk to the people who report it and tell them to stop wasting the ICPD's time. Or help us initiate a conversation so we can ask them to come to us with issues- I dont want to discourage the people calling for help but what a waste of time and how rude and passive aggressive.	4/18/2016 12:43 PM

Iowa City Police Department Community Survey

411	I have had some really great interactions when I have needed help. I have also had some interactions where the officers put on this "tough guy attitude" when it wasn't needed (routine traffic stop). I am a middle aged woman with no tickets and if they had checked that out before I was stopped there was no need for treating me like a criminal for an expired license plate tab. I know....in this city there is a delicate balance due to the population. You can be tough and enforce laws and still be human.	4/18/2016 11:04 AM
412	We have the best police department and officers in Iowa and the country. We are fortunate and blessed by all the courtesies extended by our police officers. We just hope they are safe and use caution when on duty. Thank you very much for giving us the opportunity to share our views. Good luck in all your future endeavors.	4/18/2016 9:00 AM
413	I don't feel the officers in this town lead by example. I always see them on their cellphones when driving, not using turn signals, etc.	4/18/2016 7:30 AM
414	Perhaps have [REDACTED] phone his father more often.	4/17/2016 2:34 PM
415	speeding on Rochester Avenue immediately West of Scott Blvd as well as North of the common intersection is a concern. Motorcycles are especially noticeable doing well above 10 over in the evening as the weather warms both North and West of the above common intersection.	4/17/2016 10:02 AM
416	Of course always room for improvement in any business, agency and employees...however, we are so thankful for the Iowa City Police Department - and ALL agencies that provide protection for us.. THANK YOU...	4/17/2016 7:33 AM
417	My neighborhood (Cambria Ct) has had repeated mailbox vandalism over many years. Most of us think it is an adult in the neighborhood. I realize it's pretty difficult to catch someone doing this, but regular police patrols late at night might help. Thanks!	4/16/2016 4:27 PM
418	I criticize this survey because, if the great majority of citizens, like me, have had no encounters with the IC police, they cannot base their answers on personal experience. On the contrary, those who have had encounters with the police will have experience on which they can base their responses. I opine that these are likely to be biased and likely to be negative. In other words I think that this survey has little validity.	4/16/2016 2:11 PM
419	Think they are focusing more on getting PAULAS to raise money instead of focusing on the real crimes being committed. But kudos to officer Swindt on his help changing the culture downtown in ped mall, would like more officers to have his attitude.	4/16/2016 1:48 PM
420	I love Iowa City and overall feel pretty safe. The city does have its share of problem situations that make it so I can't say I feel very safe, but I feel the police department and the city, neighborhoods, and most people do what they can to keep Iowa City a safe town. Thanks for all that you do for our community - I appreciate it.	4/16/2016 1:43 PM
421	Do more to teach people how to interact with the police, especially in problematic neighborhoods or communities. People also need to know about the rights police have to protect themselves - more needs to be done to clarify, make explicit, visual, etc. - translate law into lowest denominator level and disseminate. (Create a model big cities can steal, and save some lives; get the kids at U of Iowa in the media or creative departments to come up with pieces - YouTube, apps, comics, etc.)	4/16/2016 7:51 AM
422	I've lived in Iowa City for over 30 years and while I have no complaints about the department, but I do hope to see greater involvement with the community (Coffee with a Cop and other programs are a good start.) When I worked for the university and even now, it often feels that campus- and student-related incidents make the news and get lots of attention. I want to see more focus on the entire community and greater involvement and relationship building with whole community. When this happens we should all hear about it and know about it.	4/15/2016 1:13 PM
423	Patrol high/fast traffic in neighborhoods. Endear yourself to the community.	4/15/2016 1:07 PM
424	Make possession and consumption of cannabis the lowest priority for enforcement. Make distracted driving and speeding higher priorities so that other roadway users feel safe.	4/15/2016 10:22 AM
425	Racial discrimination and ongoing harassment of drunk people walking home, who, while intoxicated, are not there for officer's amusement.	4/15/2016 10:10 AM
426	There are certain regulations that are enforced in and around the Campus areas that are totally ignored in the residential sections of town. Example: Parking across the public walkways or on the curb/grass areas. A ticket would be given to a UI student but it happens all the time in my neighborhood and the officers just drive right by..... Why does this happen? You have a tough job in the current climate so help those of us who do support you by making sure the rules are followed by all the IC residents. Also do something about the traffic on East Court Street. It's a raceway out here in the early morning and late afternoon. Not students or teens. Nope! It's soccer Moms with a cell phone glued to their ear and heavy foot on the gas. Thanks for your service!	4/15/2016 9:11 AM
427	More visibility in problem residential areas of Iowa City.	4/15/2016 7:34 AM

Iowa City Police Department Community Survey

428	In the parts of the community I am involved with there is a general feeling that PD has some racist overtones to their policing and that PD dislikes and will seek out college students who may or may not be breaking the law. Perhaps some more race sensitivity training and community based policing could help.	4/15/2016 7:15 AM
429	Want to see more prosecution for crimes. Put a stop to the section 8 housing and the crime it brings to our community. People are scared to come out after dark. 90% of the officers are great!	4/14/2016 11:04 PM
430	Hire more officers to patrol Iowa City.	4/14/2016 10:37 PM
431	I live in an apartment. A few years ago, I heard my next door neighbor's girlfriend yelling about my neighbor pulling a knife on her. I called 911 and the police responded with lightning speed! Excellent job! Fast forward a few years, I have a different neighbor, and the police show up with a warrant for his arrest. Unfortunately for them he and his mom moved away two weeks ago. This is midnight on a Sunday night. I have to work the next morning, and the police knock on MY door to ask me about my former neighbor's whereabouts. Not just a few questions, but lots and lots of them. This warrant is about unpaid fines; the guy's not a murder suspect, and I've already told them what his mom told me, that the kid caught a bus to Florida. If you've got to ask a bunch of questions, and it's not about a dangerous criminal who may strike again at any time, couldn't it wait until morning? I mean, that warrant for unpaid fines wasn't issued at 11:30 on Sunday night. The police had been sitting on it since at least Friday afternoon. So why wake up a law-abiding neighbor in the middle of the night to ask about this guy, when you could come back at 8 in the morning or 7 in the evening? If the warrant wasn't urgent enough to act on immediately, I fail to see why it suddenly became urgent to talk to the neighbor who has nothing to do with the matter. I will say that the officer was very courteous and polite when he asked his questions. His timing just really sucked.	4/14/2016 9:57 PM

433	Best pd ever	4/14/2016 7:39 PM
434	Verbally and close to physically attacked on Pedmall while chatting with a friend by a complete stranger. Very unnerving. Called police after running away. Man followed my friend to her car. I then followed to make sure she was safe. Police never came in the next 10 minutes. Location was Dubuque and Washington	4/14/2016 6:47 PM
435	I am lucky enough to have very little interaction with the agency.	4/14/2016 5:23 PM
436	My contact with police officers is rare, false alarm, etc. but they are always very polite and professional.	4/14/2016 5:05 PM
437	Once in a while, please have a patrol car near West High School when students are driving to and from school. It would be a good reminder for them to drive more safely. Thank you.	4/14/2016 4:59 PM
438	I would like to see speed enforcement on 7th Avenue, particularly between Court and Glendale. When we've (my neighbors and I) asked for it before, we've been told there aren't enough resources for it. I never see a "speed trap" on 7th, and not only is there a very real safety issue, there's a LOT of money to be made. The traffic study has already been done, and its conclusion was (if I remember correctly) that 85% of the traffic drives more than 5 miles over the 25 mph limit. Unacceptable.	4/14/2016 4:16 PM
439	I feel unsafe to walk in my neighborhood in the evening. I do not feel safe in my own back yard. I wonder when and where the next drive by shooting will occur. I have lived in my home 25+ years. When I moved in I felt comfortable and safe. Recently, the increase in traffic and unfamiliar traffic is concerning. I want my quiet, safe and lovely neighborhood back. I would welcome more police presence in my neighborhood.	4/14/2016 4:08 PM
440	There has been a lot of break-ins/thefts in my neighborhood. I have lived in Iowa City for 31 years and I don't as safe this year as I have in the previous 30 years.	4/14/2016 3:49 PM
441	I don't think all officers are bad, but some are obviously biased or react based on preconceptions they have about people. I have been bothered for no reason at all on several occasions, and have been arrested under false allegations with no previous record and without any real detective work into said allegations. Sometimes it feels like our police force does not want to rehabilitate criminals or try to understand their civilians at all, but rather keep them oppressed and in a cycle of being arrested to meet quotas, maintain a steady monetary flow from fees and judgements, as well as boost their arrest numbers in order to gain support for a new justice center. The quality of your work is what matters, not the quantity.	4/14/2016 3:46 PM
442	I feel safe because I'm white & live in a mostly white neighborhood. Down in Rose Oaks I would not. That area doesn't have enough streets that exit. People can get trapped in there. You probably realize this more than I do.	4/14/2016 3:30 PM
443	The police need to be more proactive in "helping" the citizens, rather than always looking for problems. I see people trying to change a tire on a busy street, and cops ride right by without helping them. I saw one police car cut right in front of another car, so that he could put his lights on and tell an old man he forgot to put his seatbelt on. Most of the police I have run into have a real attitude problem, they are rude and unhelpful.	4/14/2016 3:10 PM
444	Happily I haven't had to deal with the police but what I have observed from at distance they seem okay.	4/14/2016 3:01 PM

Iowa City Police Department Community Survey

445	I have very few interactions with the police (ok, none), but I do see them driving around quite frequently, and on foot patrol downtown. I have a favorable opinion of their presence and visibility. I hope that any racial disparities will be addressed.	4/14/2016 1:41 PM
446	Our family has had extremely positive experiences with the Iowa City Police, and I especially appreciate their focus on proactive community policing. The department has been actively reaching out to positively engage with various demographics within the area population base, and doing a fantastic job of connecting with a variety of people.	4/14/2016 12:44 PM
447	Keep up the good work	4/14/2016 12:38 PM
448	The police here are ridiculous. They drive around in their huge gas guzzling SUVs that look like the Nazi gestapo, and several officers have attitudes as such. Generally speaking, the officers in this town have intimidating demeanors and are unapproachable. Even just walking up to an officer to ask for directions I'm afraid of being interrogated for something. I've had two friends who are completely non-drug users whose automobiles were searched because the officers "smelled marijuana" when pulled over for simple traffic violations, such as a burned out light bulb or expired tags. Of course they found nothing and simply left their cars a mess. That's TWO random people I know who are completely innocent. How many people does this happen to?? This is my 9th year living in Iowa City and I've seen the police department become more and more authoritative. I worked closely with student discipline in a professional position at UI and I've heard numerous stories from students about the poor way police treat them when the students were doing nothing that was threatening to other people. The number of students who report similar treatment make this concern far from coincidental. I'm convinced the police go around just looking for trouble. In fact I think they're HOPING for trouble, not just because it's a dopamine rush for them, but because they've been trying to secure funding for a new jail for years, which is completely unnecessary. If they got their new jail, they would just be searching for ways to fill it and justify the cost. And I think they're doing that now just to make the current facilities overcrowded to prove (or create?) a point. Oh, and should we talk about race dynamics? My spouse and I have a game: whenever we see two or more police cars in the distance with someone pulled over, we guess the driver's race, and we are usually right. Why does it always take multiple police officers to pull over someone who is a minority race (particularly, black)? Why is it that I've seen white cops around here trying to "act black" to be "cool" and to relate to black suspects of crimes? I've also called into the police department to report suspicious activity before, and when the dispatcher asked for a description, she outright asked me, "Was he black?" She didn't ask me the race of the suspect, she just assumed he was black. Iowa City prides itself as being a "progressive community," which is [REDACTED]. Police officers are important faces to communities, and the ones in this town are only damaging our "progressive community" image. It's not only podunk towns in Missouri and Alabama where the cops are racist, homophobic, sexist, you name it. Soon every police department in this nation will be investigated, and even the cops in our progressive little college town will be guilty of unfair treatment. And if you're rolling your eyes reading this thinking I'm a black person with a chip on my shoulder, you're wrong. I'm white. So maybe you'll value my opinion.	4/14/2016 11:42 AM
449	Officers could be more helpful in letting ones know what their options are concerning domestic issues. Also in the case of harassment.	4/14/2016 11:27 AM
450	I realize police officers and staff deal with many, many difficult people, and I'm sure it gets tiresome, but I wish more of them would try at least to have a pleasant facial expression or even smile and return a hello from ordinary citizens they encounter over the course of their day. There are a handful who wear such grim expressions, don't look at anyone or return greetings; it's not Hell's Kitchen here, just a small, relatively pleasant Midwestern city. The friendly, approachable police officers stand out, and I appreciate them!	4/14/2016 11:01 AM
451	No suggestion.	4/14/2016 10:41 AM
452	Officers need to be better trained on dealing with the public and look to resolve issues amicably without immediately resulting in arrests.	4/14/2016 10:31 AM
453	I really have had no interactions. However, since we have a community that is very diverse given general Iowa demographics, I hope our police will look for ways to interact to prevent problems, look for ways to de-escalate tense situations, and know that we appreciate all you do and the difficult job you have	4/14/2016 10:29 AM
454	I think all you need to know about the IC police is how fast they'll respond to a "suspicious persons" call in a neighborhood with \$400,000 homes versus a domestic violence call at Pheasant Ridge.	4/14/2016 10:28 AM
455	When cars are blocking my driveway, telling me to drive over the curb and on the grass to get in and out of my driveway is NOT an acceptable answer to me.	4/14/2016 10:16 AM
456	I think it is wonderfully pro-active that the local force is dealing with issues relating to racial disparities. Also think it is great that the force is working with the county regarding programs other than incarceration for some minor, non-violent, victimless crimes.	4/14/2016 10:03 AM
457	A bit more community outreach might be helpful. Especially with kids and minorities, seeing police as real people can help to diffuse situations.	4/14/2016 9:53 AM
458	I have a high respect for the Iowa City Police Department and every interaction I have had has been very positive. Keep up the good work!	4/14/2016 9:52 AM

459	Continue the neighborhood outreaches - Coffee with a Cop, trading cards, etc. They are excellent and producing good fruit. Although our neighborhood is very safe, others are in need of progress.	4/14/2016 9:50 AM
460	Maintain strong presence on the ped mall.	4/14/2016 9:45 AM
461	I strongly disagree with the enforcement of public intoxication and open container laws. My perspective is that these charges are scapegoats. If someone is drunk, and destroying property, charge them with that, or if they assault someone, charge them with assault. It's silly to give someone a charge of public intox when they haven't committed any other crimes other than being above 0.1 in public. I also believe that criminal charges for marijuana possession should not happen. They should be civil charges with a fine. People do not need something like possessing a small amount of marijuana to haunt them for the rest of their lives. Just take the weed, fine them if you want, but don't ruin their record, please. Also, I really appreciate the efforts the department has taken with regard to body cameras and community outreach. Officers Rob Cash, Ashten Hayes, and Henri Harper particularly deserve call outs in their efforts. I think Officer Harper in particular really understands what's going on in our community, and the more hours that man gets allocated, the better. He is truly a gift to the Iowa City community.	4/14/2016 9:39 AM
462	Personally haven't had a lot of interaction with the Police force, but seem to be competent.	4/14/2016 9:36 AM
463	Stop harassing high school kids in their own homes when they call for assistance	4/14/2016 9:23 AM
464	Ensure officers continue to have leeway to give verbal warnings or other non-official responses to non-violent crime.	4/14/2016 9:16 AM
465	We are new to Iowa City in past 6 months	4/14/2016 9:12 AM
466	There are officers who carry themselves as if they are on the defensive. This type of approach creates an immediate barrier with the citizens at best. It gives me great pause to think that if a middle aged, middle class, Caucasian woman feels that way, I can only imagine what people of color, etc. encounter. There is a sense of aggression regarding things like college students who drink before their 21st birthday, yet we have a tent city that is becoming part of the fabric of our community. Whenever someone is pulled over near my home, my immediate reaction is to make sure that those being stopped are being treated appropriately by the police. I hope dash cams, body cameras, and the Police Citizens Board are having a positive impact on the culture and swaying it away in a more accountable direction.	4/14/2016 9:11 AM
467	I am concerned about our priorities. I believe we have too many arrests for marijuana and too many arrests of persons with color. One of my friends black kids have been stopped several time for no apparent reason than that they are black. Iowa City can do better.	4/14/2016 9:09 AM
468	Don't politicize the police department. Let them do their jobs!	4/14/2016 9:08 AM
469	I have had opportunity to observe officer performance with Sexual Assault cases and am proud of the kindness, professionalism, and respect exhibited by these men and women.	4/14/2016 9:07 AM
470	would love to see residential street traffic become slower...pp drive too fast (above speed limit) and its dangerous for kids on the street	4/14/2016 9:00 AM
471	Traffic control needs improvement - speeding traffic and signal light infractions in Iowa City remains a significant problem.	4/14/2016 8:59 AM
472	None at this time.	4/14/2016 8:57 AM
473	Add more police to do traffic stops so motorists keep to speed limit on Benton and Mormon Trek. Even new high school drivers know to keep to speed limits at University Heights.	4/14/2016 7:35 AM
474	I'm surprised I don't see police around my neighborhood more often to just be a pleasant presence.	4/13/2016 8:40 PM
475	hire more officers to patrol the elementary schools before and after schools arrive and let out, some parents while dropping off and picking up have no common sense and do not abide by the traffic laws.	4/13/2016 7:06 PM
476	Some of the people on your police force are dishonest	4/13/2016 6:43 PM
477	I like the fact that I feel pretty safe even though I live and work two blocks from the Arthur Street complex. It seems like we are having fewer people walking around the neighborhood that seem threatening.	4/13/2016 6:34 PM
478	I think you guys do an outstanding job and catch a lot of harassment that is undeserved and misunderstanding from the public. My only suggestion would be to try to have as much opportunity for public education and relations as possible to try and build a strong relationship with the public. Thank you for the work that you do and I live in Iowa City specifically because I know the ICPD and ICFD are top notch organizations that will keep my family safe and will be there quickly and knowledgeable if I were to ever need them.	4/13/2016 5:51 PM
479	I think the ICPD is doing a terrific job, and I offer my thanks. If I had a suggestion I wouldn't hesitate to offer it, but as far as I can tell you're covering all the bases--as, for example, by offering this opportunity to comment. Best wishes to you!	4/13/2016 5:09 PM
480	Keep getting out into the community and reminding them you're here to assist and not just arrest or fine.	4/13/2016 4:41 PM

Iowa City Police Department Community Survey

481	Police need to have a vested interest, not just paperwork. HOW would they feel if it happened to them.	4/13/2016 4:17 PM
482	Officers sometimes come across a little "snooty" unlike other departments	4/13/2016 4:11 PM
483	na	4/13/2016 4:04 PM
484	Don't cave to the BLM groups.	4/13/2016 4:01 PM
485	The department never accounted for its actions during a juvenile intervention at our local rec center. This is just one example of an overall culture of bias and unwillingness to participate in honest conversations about law enforcement practices.	4/13/2016 3:46 PM
486	The series of break in's in Longfellow shook people up over the fall and winter.	4/13/2016 3:41 PM
487	Stop racial profiling. Focus on community policing. Lighten up on non-violent drug offenses and alcohol related misdemeanors. Eliminate SWAT mentality and use of militaristic equipment.	4/13/2016 3:39 PM
488	nice work !!!!	4/13/2016 3:34 PM
489	██████████ is an excellent officer and really took care of me when I needed help. I would like to thank him for all his hard work on the force and the kindness he showed me. HIGH FIVE!	4/13/2016 3:28 PM
490	keep up the good work!	4/13/2016 3:27 PM
491	I feel that when in some form of dispute with a young man, if the police officer is a younger man, my opinion as a older woman is devalued and often just plain old ignored. Very much as if it were a boy's club doing the policing.	4/13/2016 3:27 PM
492	Although I personally think this has got to be one of the hardest jobs in the world, I do hear grumbling from people on a fairly regular basis that some officers have a bad attitude from the get go and that they would like officers who believe in the protect and serve. Iowa City has changed a lot in the last couple decades. Most people I know do not feel safe after dark on many city streets and they don't feel safe downtown much at all. There are also pockets in this town that I personally would not let a child say even junior high age walk through to get somewhere else. I know I am not alone in this concern. There are also concerns of sending even older youth alone to the Recreation Centers.	4/13/2016 3:22 PM
493	With more police officers, maybe there would be more observation of I-80 for speeding vehicles. Doing a super job when I have been in contact with them. Very timely, professional, polite, and respectful. Thank you for the job you all do.	4/13/2016 3:17 PM
494	For future surveys you should reach out to almost any department at the university for tips on designing a more useful survey. I'm sure they'd be happy to help! For example, you have no N/A box, forcing the participant to answer questions in which they may have no experience (I've never met an officer). Just food for thought. Glad you are doing this in general!	4/13/2016 3:16 PM
495	Please do not rush to judgement and be mindful of minority populations.	4/13/2016 3:14 PM
496	I have had nothing but positive interactions with police and have been impressed by their professionalism and competency. I think the average citizen does not realize the type of people and behavior they are expected to deal with on a daily basis. I believe most people would find it difficult if not impossible to perform this job as well as they do. Good Job!!!!	4/13/2016 3:11 PM
497	None - keep up the good work, and thanks for keeping our community safe!	4/13/2016 3:08 PM
498	I C is lucky to have such fine police.	4/13/2016 3:07 PM
499	More dialogue with the community; increased training on how to interact with individuals with mental health concerns and disabilities; more partnerships with university and local organizations/service agencies.	4/13/2016 3:04 PM
500	Unfortunately since there appears to be more residents who have no regard for others property or life our police can only do so much. It appears that they have already taken steps to shift their focus from monitoring the downtown bars for public intox to being more visible across the city.	4/13/2016 3:03 PM
501	Great idea having "Coffee with a Cop" ! Keep up the good work !	4/13/2016 3:02 PM
502	More training to address racial profiling and disproportionate minority contact. Diversify the police force.	4/13/2016 3:00 PM
503	Vitally important that law enforcement everywhere emphasize de-escalation when officers encounter or investigate a questionable situation. Thank you to all police for the work you do.	4/13/2016 11:36 AM
504	Get out the cars, lose the swagger and raybans and be part of the neighborhoods and community.	4/13/2016 12:05 AM
505	We need more police officer out on patrol at all times of every day! Thank you to the officers who are out there every day to protect us! There are bad elements in and just across the Iowa City city limits that come over and do mischief. Be vigilant and showing force will help curtail this kind of activity.	4/12/2016 5:07 PM

Iowa City Police Department Community Survey

506	I would like to see more enforcement of drivers yielding to pedestrians, both at traffic lights and crosswalks. This INCLUDES officers in police cars whom I have witnessed NOT yielding to pedestrians!! I would also like to see increased bike safety. And I would like to see citizens treated equally regardless of race, gender, income, sexual preference, etc.	4/12/2016 1:23 PM
507	It would be nice if this survey offered a place to recognize positive policing in Iowa City instead of assume that everyone taking this survey has a suggestion for improvement. That tells me the person developing this survey has a skewed sense of the ICPD and/or is not interested in lifting up the city's officers.	4/11/2016 7:51 PM
508	continue reaching out to community so that they trust law enforcement officers. I feel our IC police are very fair. Thanks.	4/11/2016 5:28 PM
509	In spite of a few negative comments from Iowa City's professional protesters and PC "activists", the Iowa City Police Department is doing a great job, protecting the public (often from those who are complaining the most), and respecting all citizens' rights and wishes. Keep up the excellent work.	4/11/2016 11:01 AM
