IOWA CITY POLICE DEPARTMENT

410 E. WASHINGTON
IOWA CITY, IA 52240-1826
PH: 319-356-5275
FAX: 319-356-5449

To the Citizens of Iowa City,

This past year saw a couple of major projects come to fruition. For years the police department has needed to move its evidence storage from the basement of the Wilson Building due to deteriorating conditions. Mold and rodents were a constant problem and space is limited within the Police Department. For at least five years we have relocated our evidence storage in the basement of the Water Treatment Facility. Knowing that this is a temporary solution it gives us time to participate in a space needs study and lobby for new quarters for future expansion.

The second project was the completion of the Joint Emergency Communications Center (JECC) where two 911 answering centers were merged into one state of the art dispatching center. The police department lost 12 communication dispatch employees, but gained five Station Master positions that run the front desk operation 24 hours a day, seven days a week.

Major ordinance revisions occurred during this year. A juvenile curfew was enacted by the City Council and a "21 Only" bar ordinance was enacted also by council and later upheld by the voting citizens. Both of these ordinances have had a favorable impact on the quality of life in Iowa City. Citizen involvement and organized neighborhoods contributed greatly as well.

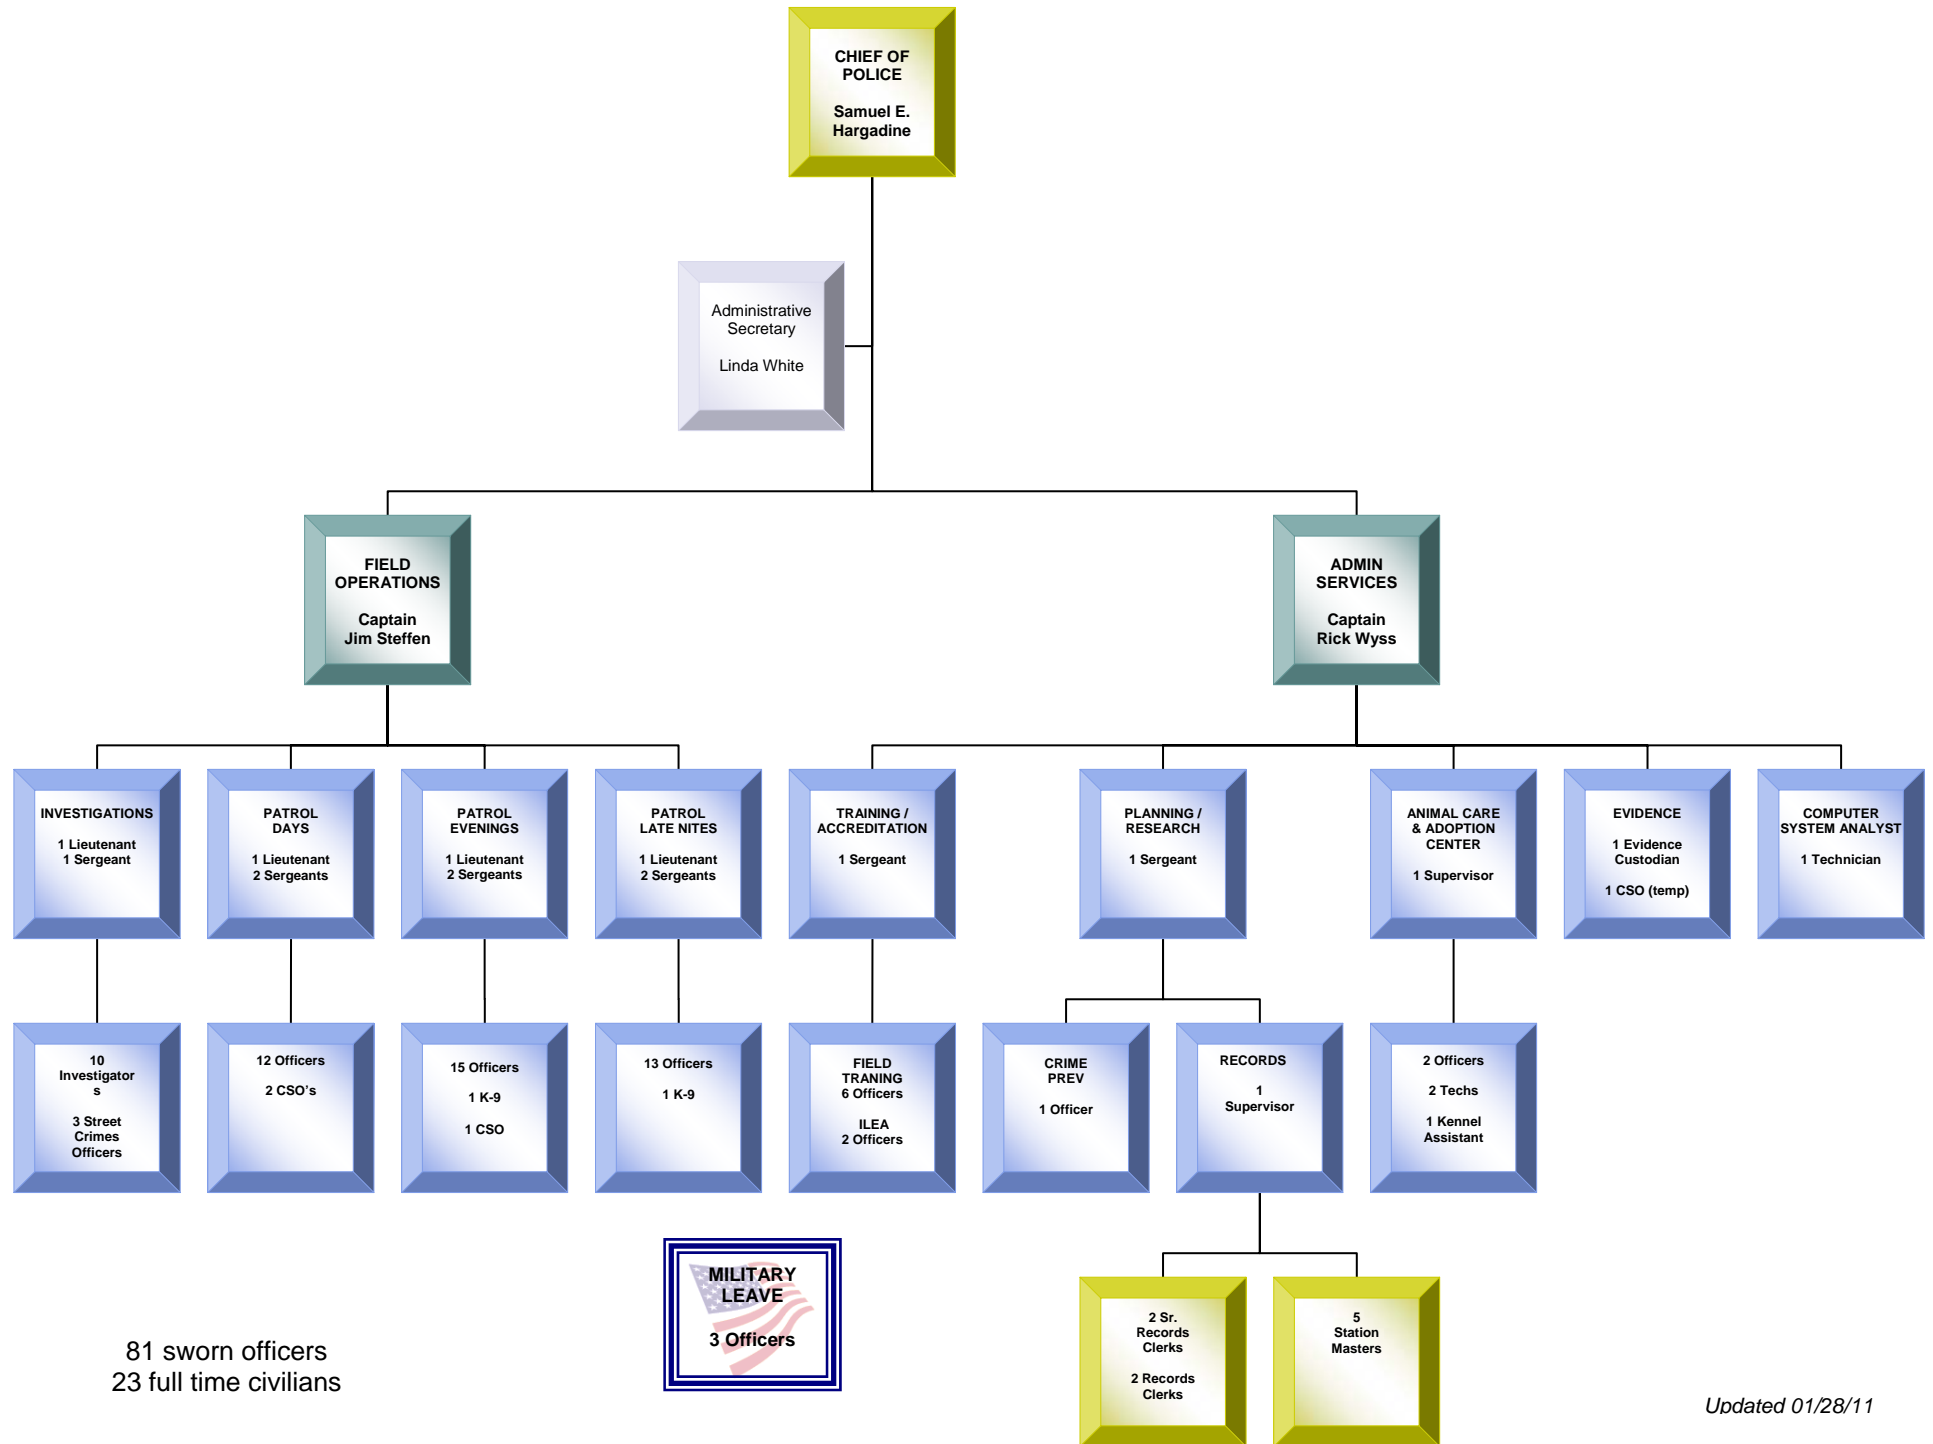

Iowa City remains a vibrant safe city and it has been a pleasure interacting with the neighborhoods, businesses and University to work towards making it stay that way.

This report includes the activities of the Iowa City Police Department for 2010.

Sincerely,

Samuel E. Hargadine
Chief of Police

RETIREMENTS

Officer Steve Duffy

Officer Steve Duffy retired on January 8, 2010 after almost 32 years with the Iowa City Police Department. Officer Duffy began his career on May 15, 1978 in the Patrol Division, moving to the Investigations Unit in 1990 where he served the majority of his career. Officer Duffy was a member of the Johnson County Drug Task Force from 1995 until 1999.

Retired Officer Duffy didn't stay retired long. He was hired as a Community Service Officer for the Police Department on January 9, 2010. Utilizing his knowledge of evidence control CSO Duffy is currently assigned to assist the Evidence Custodian.

Lieutenant Dan Sellers

Lieutenant Dan Sellers retired on March 31, 2010 after almost 40 years with the Iowa City Police Department. Lieutenant Sellers was hired as a "Patrolman" on April 15, 1970. He was promoted to Sergeant in 1984 where he served in the Patrol Division until he was promoted to Lieutenant in 1991.

Lieutenant Sellers commanded the Investigations Unit and also serving as the Commander of the Johnson County Drug Task Force from 1997 until 1999, returning to the Day Watch Patrol Division where he remained until his retirement.

Captain Matt Johnson

Captain Matt Johnson retired on August 25, 2010 after almost 33 years with the Iowa City Police Department. Captain Johnson was hired on April 11, 1977. He was promoted to Sergeant in 1989, to Lieutenant in 1991 and to Captain in 2000.

Captain Johnson served as a Sergeant in the Patrol Division and as a Lieutenant in both the Patrol and Investigation Divisions. Johnson's rank as Captain was served in both the Administrative Services and Field Operations Division, serving the majority in the latter. Johnson was named Acting Chief from July-September 2005 after the retirement of Chief Winkelhake.

Personnel

PROMOTIONS

Lieutenant Mike Brotherton

Sergeant Mike Brotherton was promoted to the rank of Lieutenant on March 20, 2010 to fill the vacancy created by the retirement of Lt. Dan Sellers.

Sergeant Dave Droll

Officer Dave Droll was promoted to the rank of Sergeant on March 20, 2010 to fill the vacancy created by the promotion of Sgt. Mike Brotherton.

Captain Jim Steffen

Lieutenant Jim Steffen was promoted to the rank of Captain on August 22, 2010 to fill the vacancy created by the retirement of Captain Matt Johnson.

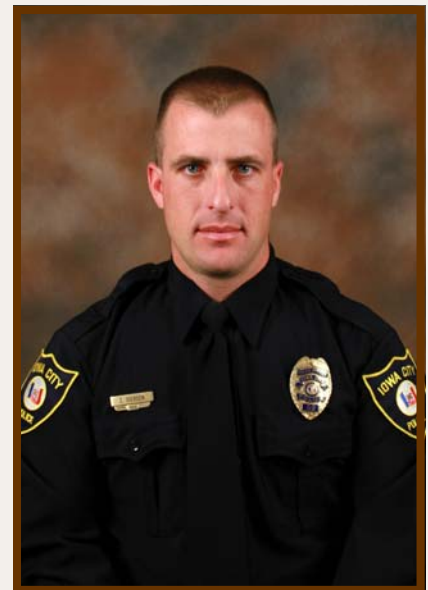

Lieutenant Kevin Heick

Sergeant Kevin Heick was promoted to the rank of Lieutenant on August 22, 2010 to fill the vacancy created by the promotion of Lieutenant Jim Steffen.

Officer Zach Diersen was promoted to the rank of Sergeant on August 22, 2010 to fill the vacancy created by the promotion of Sergeant Kevin Heick.

These promotions were conducted through the Civil Service process.

Sergeant Zach Diersen

Personnel

NEW OFFICERS

Ashley Hamblin #5

Matthew Young #9

Douglas Millard #46

Ashley Hamblin and Matt Young were hired on January 7, 2010. They graduated from the 233rd Basic Iowa Law Enforcement Academy on April 9, 2010.

Douglas Millard was hired on April 15, 2010 and graduated from the 234th Basic Iowa Law Enforcement Academy on July 24, 2010.

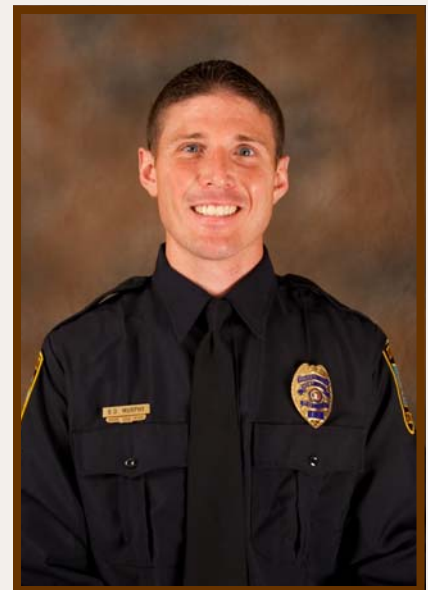

Rob Otto, Matt Ties and Brad Murphy were three of seven officers hired on July 3, 2010. All three of these officers graduated from the Cedar Rapids Police Academy on October 21, 2010.

Robert Otto #10

Matthew Ties #61

Bradley Murphy #62

Personnel

NEW OFFICERS

Michael Clark #64

Zachary Murguia #65

Nicholas Brokaw #66

Michael Clark, Zach Murguia, Nick Brokaw and Frank Krone were the remaining four officers hired on July 3, 2010. Murguia and Brokaw graduated from the Cedar Rapids Police Academy on October 21, 2010. Due to circumstances beyond his control Clark was forced to withdraw from the Cedar Rapids Academy, however was accepted in the next ILEA class, graduating with the 236th Iowa Law Enforcement Academy class on December 10, 2010. Krone left employment during the Cedar Rapids Academy.

Chad Fulton and Adam Krack were hired on December 29, 2010. Fulton and Krack are currently attending the 238th Iowa Law Enforcement Academy and expect to graduate on April 8, 2011.

Chad Fulton #59

Adam Krack #63

Personnel

NEW CIVILIANS

Donna Bogs

Susan Fuhrmeister

Sara Van Eck

Effective July 1, 2010 Johnson County opened the doors to the new Johnson County Emergency Communications Center. All dispatching previously done at the Iowa City Police Department moved to the new center. The new positions in the old dispatch center were revised to remove the majority of dispatching, creating new positions at the front desk. These five new positions are referred to as CSO-Station Masters. Donna Bogs and Susan Fuhrmeister were the only two Iowa City dispatchers who chose to stay while the remaining ten transferred to the new center. Sara Van Eck was a temporary part time Records Clerk who was hired into the new CSO-Station Master position, while Matt Wagner and Joy Doehrmann were hired from outside the City.

Matt Wagner

Joy Doehrmann

Thank You!

The department wishes to recognize and thank the ten Iowa City dispatchers who transferred to the new center for all their years of service and for their continued support of the department at the Johnson County Emergency Communication Center: Lori Connell, Kathy Droll, Todd Evans, Matt Janssen, Kelly Jehle, Dawn Miller, Melissa Osborn, Merry Rooks, Nancy Sereduck, and Brandon Siggins.

Department Awards

2010 OFFICER OF THE YEAR

The officer of the year award is given to the officer who most significantly projects work and behavioral ethics that mirror the oath of honor and exemplify a positive image of the Police Department and community as chosen by the command staff. The criteria for selection includes professionalism, sustained work ethic, personal conduct, demonstrated leadership, vision, communication, and compassion. The 2010 Officer of the Year is Officer Paul Batcheller.

Officer Batcheller has performed at an exceptional level throughout his career and has been exemplary in several of Iowa City's highest profile cases. Officer Batcheller has been with the department for 15 years. He has worked in the patrol division serving as a Field Training Officer, Crime Scene Technician, member of the Special Response Team, SCAT, and is a Drug Recognition Expert (DRE). Officer Batcheller is one of the most experienced and knowledgeable officers in the department in the areas of search and seizure, arrest, case law, and current acceptable police practices. His interview and interrogation skills are extraordinary and tend to lead to confessions and/or incriminating statements while recognizing the legal rights of persons. His dedication and expertise are apparent in the 147 DRE exams he has completed in the last 2 1/2 years, the most completed by any current DRE in the State of Iowa.

Previous recipients of this award are: Dave Gonzalez, Chris Akers, Zach Diersen and Mike Smithey.

Department Awards

2010 DICK LEE AWARD

The Richard W. “Dick” Lee Award was established in 1999 by several retired Iowa City police officers to honor the life work of Captain Dick Lee. Captain Lee served as an Iowa City police officer from July 1, 1950, until his retirement July 16, 1982. Criteria include professionalism, compassion for citizens and other officers, unique and effective ways of accomplishing objectives, and a demonstration of a specific action or program exemplifying these criteria.

Officer Scott Stevens is pictured with the Dick Lee Award and members of the Dick Lee family.

2010’s recipient, Officer Scott Stevens, has been an Iowa City Police Officer since April 3, 2003. Throughout his career, he has lived out the qualities of this award. Officer Scott Stevens exemplifies what the officers within the Police Department look for in a police officer. He has an outstanding work ethic, and is willing to go above and beyond the standard to assist the citizens of this community and his coworkers. His integrity and ability to teach others has led to his assignment as a Field Training Officer to instruct new police officers, and he has been a member of the Special Response Team since September of 2007. Officer Stevens presents himself in a very professional manner and represents the police department and the entire Iowa City community in a fashion that reflects the high standard that we expect from our officers.

Officer Stevens was presented with a framed certificate and a silver award bar for his uniform. Additionally, his name will be added to the Richard W. “Dick” Lee Award plaque on permanent display within the Iowa City Police Department.

Department Awards

2010 FIGHT FOR AIR CLIMB

Team members consisted of Colin Fowler, Derek Frank, Ryan Wood, and Niles Mercer.

On Sunday, February 28, 2010, the Iowa City Police Department sent a team of its finest and fastest officers to Des Moines, Iowa to compete in the 2010 Fight for Air Climb, sponsored by the American Lung Association. The Fight for Air Climb takes place at 801 Grand in downtown Des Moines. Participants, individuals, or teams climb 1,100 stairs to fight lung disease. Iowa City Police participated in the Law Enforcement Challenge, competing against agencies from around the state to climb the stairs in the fastest time. Challenges in the past years have included Fire Departments and Corporations competing against each other, but 2009 was the first year Law Enforcement had competed. The Iowa City Police Department had the fastest team in 2009 and again in 2010.

The 2010 Iowa City Police team, sponsored by the Iowa City Police Association, consisted of Officers Colin Fowler, Derek Frank, Ryan Wood, and Niles Mercer. They climbed 82 flights of stairs or 41 stories in 27 minutes and 55 seconds. They received a travelling trophy that will again remain at the Iowa City Police Department for another year.

Participants in the Fight for Air raised more than \$113,000 dollars. The money will support research and programs to prevent lung disease.

Field Operations

SWORN OFFICERS

The Field Operations Division ended the first decade of 2000 the same way it started, with a retirement. Captain Matt Johnson joined the ranks of the civilian population after 33 years of service to the Iowa City community. Ten of his last eleven years saw him at the helm of the Field Operation division. His guidance and leadership will be missed.

Captain Jim Steffen was assigned to fill Captain Johnson's vacancy.

The Field Operation Division is comprised of the following sections within the Department:

- Uniformed Patrol Operations
- Investigations
- Street Crimes Action Team (SCAT)
- Special Response Team (SRT)
- Community Service Officers (CSO)
- Field Training Program
- K9

UNIFORMED PATROL OPERATIONS

Officers assigned to patrol operations are the most visible part of the department. They work around the clock responding to calls for service. During their "down" time they enforce traffic laws and participate in proactive patrols.

Each patrol officer is assigned to a specific watch and area of the city. This year long assignment allows the officer to become familiar with businesses and people who reside in that beat. This familiarity allows the officer to establish relationships which improves the communication between the department and the public. A public and police department that have established communication lines is better able to achieve their goal of a safe and prosperous community.

The department opened up a new Substation on the City's southeast side in the Pepperwood Plaza. The substation is located at 1067 Highway 6 E.

Field Operations

INVESTIGATIONS

The Investigation Unit is comprised of 9 sworn investigative officers, 3 sworn SCAT officers, a Sergeant, and a Lieutenant. The unit's primary function is to provide support to the Patrol Division by following through on investigations and complaints initially answered by uniformed officers. It was established to solve crimes via the processes of questioning victims, witnesses and suspects, accumulating physical evidence at the scene of a crime and by tracing stolen property or vehicles associated with a crime. The Lieutenant serves as the Investigations Commander, and maintains the position of Project Manager for the Johnson County Multi-Agency Drug Task Force, a member of the Johnson County Sexual Assault Response Team and participates in several multi-discipline teams. The Sergeant is assigned the responsibilities of filling in for the Lieutenant in his absence and direct supervision of the three SCAT officers. There are six investigators who focus on financial crimes, sex crimes, assaults, crimes against people and property crimes. These investigators have received specialized training in a number of areas including: sex crimes, processing crime scenes, homicides, and financial crimes. The last three investigators have advanced training in a specific field of law enforcement.

The narcotics investigator is a member of the Johnson County Drug Task Force and the Cedar Rapids DEA Task Force. This investigator works closely with State and Federal agencies. The position of the narcotics investigator is partially paid through the Governor's Office on Drug Control Policy (ODCP) from the federally funded Byrne-JAG grant. The statistics generated through this grant are reported to the ODCP on a monthly basis. The grant also requires a semi-annual and annual report, along with a yearly audit and on-site inspection.

2010 STATS
905 Cases
were assigned.
930 cases
were cleared
(including cases
assigned in
previous years).
54 cases
were carried
over into 2011.

The domestic violence investigator follows up with victims whose perpetrator meets the definition of a domestic partner under the state code. This investigator works closely with the Domestic Violence Intervention Program and the Rape Victim Advocacy Program. This is funded in part from a grant received from the US Department of Justice, Office on Violence Against Women, which is administered by the Iowa Crime Victim Assistance Division of the Iowa Attorney General's Office. The domestic violence investigator also is required to make monthly, quarterly, and annual reports to the state on the cases that are reported.

Field Operations

INVESTIGATIONS (cont.)

New to the investigations unit in 2010 was a sworn officer specifically assigned as a computer and other electronic forensics investigator. This investigator works on cultivating evidence from electronic equipment that has been seized, assists with crimes that are perpetuated over the internet, and works with the Iowa Internet Crimes Against Children Task Force to counter the emerging threat of offenders using the internet or other online technology to exploit children.

Investigations high profile cases for 2010 are as follows:

- Arrest in the Broadway St. homicide
- Arrest in the Dollar Tree robbery
- Arrest in two related Arson cases
- Arrest in case where an individual used area high school sports programs to scam local businesses
- Arrest of a number of individuals in a forgery case that occurred throughout Eastern Iowa
- Arrest of a serial bank robber

STREET CRIMES ACTION TEAM

The Street Crimes Action Team (SCAT) continues to operate under the mission and philosophy of engaging in the proactive investigation and enforcement of street level criminal and narcotics investigations. This unit, while operating under the command of the Investigative division of the department, assumes the additional responsibilities of investigating crimes of violence such as home invasions and robberies, weapon violations, gang activity, as well as a rapid response to problem locations which may require a more sustained operation to reach a successful resolution. As the SCAT unit's mission continues to evolve as the departments needs grow, SCAT is now involved in major case investigations, drug interdictions, and the supplement of the patrol watches as needed.

Field Operations

STREET CRIMES (cont.)

In 2010, SCAT investigators were responsible for the filing of over 800 criminal complaints. During this same year, SCAT investigators seized multiple pounds of illegal drugs and narcotics including marijuana, powder and crack cocaine, methamphetamine, heroin, ecstasy, and LSD. In addition, the unit seized over 40 weapons, including 15 firearms. The unit was also responsible for the recovery of 7 stolen vehicles. The SCAT unit also continued to be utilized as a multi purpose resource as the unit responded to 77 other agency requests for assistance as well as 177 requests from the departments patrol and investigative divisions.

SPECIAL RESPONSE TEAM

The Iowa City Police Department Special Response Team (SRT), formed in 1997, is made up of police officers who are on call 24 hours a day, seven days a week. Their work on SRT is in addition to their regular duties and assignments, and members carry a pager. Each Team member must meet strict requirements and is selected after a rigorous testing process. The Team trains monthly in preparation for handling a variety of high-risk and skill critical incidents.

This year the Team conducted training exercises in a state of the art "shoot house" located at Camp Dodge, home of the Iowa National Guard. Utilized by law enforcement agencies from across the Midwest, this facility allows Team members to train mission critical skills in a live fire environment. Plans have been made to use the facility in 2011.

The SRT has historically been utilized to serve high risk search and arrest warrants, to respond to armed subjects who may be in a

fortified location, to carry out dignitary protection details, to monitor special events and to conduct open area searches. This unit also serves as a ready response to issues of civil disorder and to be deployed to special events. The Special Response Team handles incidents which carry with them the potential for high risk through utilization of tactics that lessen the chances of injury or death.

Field Operations

METRO BOMB

A member of the Iowa City Police Department is part of the Johnson County Metro Bomb team. This is a nationally accredited team made up of members from the University of Iowa Police Department, Coralville Police Department, the Johnson County Sheriff's Office and Iowa City Police Department. They also utilize a K9 trained to recognize explosive devices. The team deploys to perform protective sweeps for suspicious packages, mitigation of known explosive devices, and investigation of incidents involving explosive unstable or suspicious devices.

K 9

The Iowa City Police Department continued to utilize the services of their two K9 units in 2010. Officer Kevin Berg and his K9 partner, Naton, and Officer Matt Hansen with his K9 partner, Becky, make up the unit. The canine teams work with uniformed patrol handling routine calls for service. They are utilized when officers need to search for lost or hidden subjects, apprehend fleeing suspects, search for evidence and detect the odor of narcotics. The canine teams also conduct public demonstrations. During 2010, the K9's assisted in securing a number of search warrants which resulted in seizure of multiple pounds of illegal drugs, and the seizure of funds and property which were procured from illegal drug sales. Officer Hansen and Becky assisted the Johnson County and Muscatine County Sheriff's Offices with tracking a driver who fled from the scene of a chase. Becky and Officer Hansen tracked the driver for just under 5 miles in single digit temperatures before they located the driver and were able to effect an arrest.

Field Operations

CSO'S

The Iowa City Police Department provides services to the public through the use of non-sworn personnel known as Community Service Officers. They are tasked with enforcement of parking regulations, traffic control, assisting some animal control functions, vehicle unlocks, and removal of abandon or illegally parked vehicles. They also assist with working the front desk and fingerprinting applicants for the Housing Authority.

FTO'S

Field Training Officers (FTO's) serve as the first and most important step in the development of new officers. FTO's the new hires in areas of internal policy and procedures, police operations and community awareness. This is accomplished through an intensive one-on-one oversight so that at the conclusion of the 4 month program, the probationary officer is ready to operate on their own.

GRANT ACTIVITY

In 2010, the Iowa City Police Department was awarded a number of grants administered by the State of Iowa utilizing federal funds. The first grant is through the Governor's Traffic Safety Bureau (GTSB). Under this grant officers logged over 600 hours of traffic enforcement. Officers are targeting drivers who may be impaired or not utilizing their safety belt. Iowa City has over 25 years of collaboration with GTSB to promote safe driving practices.

The next two grants are awarded through the Governor's Office on Drug Control Policy using Edward Byrne Memorial Justice Assistance Grant Program (JAG). Funds from one of these grants are utilized to pay for a full time drug enforcement officer. This investigator works with other members of the Johnson County Multi-Agency Drug Task Force targeting those that make a living selling illegal drugs.

The other JAG grant is a partnership with Johnson County Sheriff's Office, Coralville Police Department and North Liberty Police Department. Iowa City is responsible for the application and management of this grant. Iowa City will use part of the funds to provide directed overtime patrol aimed at reducing violent behavior. The rest of the funding will be used to purchase equipment designed to assist officers in their investigations.

The last grant is the Bulletproof Vest Partnership (BVP), created by Act of congress and administered through the U.S. Department of Justice. Funds from this grant are used to offset the cost of purchasing new bulletproof vests for Iowa City Police Officers.

*Partial Year—The juvenile curfew law went into effect in March 2010. This table includes nine months of contacts. Contacts include both citations and warnings. A complete twelve month report will be completed separate from the annual report.

Breakdown of the 2010 Budget shows 86% of the total police budget to Personnel (wages, and benefits), 9% to Services (utilities, computer software/hardware maintenance agreements, training and education, building, vehicle and equipment repairs, 2% to Supplies (office and cleaning supplies, squad car fuel and repair and maintenance supplies, with the remaining 3% allocated to Capitol Outlay (police vehicle replacement, operating equipment and improvements).

Administrative Services

COMPUTER & TECHNOLOGY SYSTEMS

Jim Baker is tasked with the responsibility for the police information technology, CAD system support, records integration and technology for the Police Department. This includes wireless solutions and communication upgrades and the day to day support of all police computer hardware and software, both in the department and mobile applications in the field.

As part of the move to a new platform for Records Management, a new system was initiated in conjunction with the relocation of the Iowa City Police Department Evidence Storage that included a new barcoding and identification system for evidence items and locations within the evidence storage area. During the move-in process all evidence items were bar-coded and located both physically and inside the new software to provide better ways to trace and locate evidence items. A new wireless laptop with barcode

scanning and printing capabilities allows evidence custodians to become more mobile within the facility without losing the ability to perform their tasks electronically.

With the move of our Dispatch Center to the Johnson County joint Communication Center, the position of Station Master was created and a new call taking software linked to the CAD was installed. Users were trained on the tasks that would need to be done from our Station Masters, including a new National Crime Information Center program. A new mobile client was installed in Iowa City Police patrol units which allowed officers to view details of all current activity, as well as current details of their assigned calls. A new integrated NCIC client was also installed which gave officers easier access to information from the field without having to navigate through multiple software platforms. After a minor hardware upgrade to install

necessary antennas new mapping software with AVL and GPS capabilities was installed which not only gave officers the ability to see locations of active calls and provide routing functions, but also allows JECC to see locations of units in relation to a call for dispatching purposes.

Assistance was given to help the incorporation of the new radio system, including the issuance of equipment, working with the vendor on getting updates completed in a timely manner, and management of the new and old hardware.

New mobile computers were installed in vehicles for the Animal Control Division, which allows them to do more of their associated duties from the field, giving them access to data regarding animal licensing and ownership through an interface with their Chameleon Software.

Administrative Services

TRAINING & ACCREDITATION

Sgt. Kevin Hurd is responsible for coordinating, documenting, and developing all the training for the Iowa City Police Department. Another large portion of his duties is to oversee the review of current general orders and the generation of new orders as part of the CALEA Accreditation process.

IN-HOUSE TRAINING

In 2010, Officers received in excess of 6000 hours of training, including over 3000 hours of in-house training. In 2010 the Department added force on force training on a department wide basis. This training involved the use of SIM-MUNITIONS© which is a system using weapons issued by the department. This training required officers to make real-time decisions in the use of force and included a thorough post incident review between the instructors and students. The scenarios used for this training were developed from calls handled by the department.

Training consisted of:

- 16 hour annual MATS training (blood borne pathogens, hazardous materials, incident command, legal updates, child abuse, elder abuse, etc.)
- 8 hour Use of Force and pursuit issues
- Spring and Fall Firearm Qualifications
- Less Lethal Munitions Training
- Patrol Rifle Operator (PRO) training
- New Preliminary Breath Test Certification
- Taser Update Training

OFF-SITE TRAINING

Officers numerous off-site training sessions including attendance at schools and training sessions at Mobile Team Training Unit IV in Moline, the Iowa Law Enforcement Academy, and the Midwest Counter Drug Training Center in Des Moines. Additionally members attended conferences, seminars and training sessions focusing on specialized areas of police work such as death investigations or technical training such as the use of the Instructor Certifications or Evidence Collection.

Nine new officers completed the 560 hours of required Law Enforcement Basic I Certification Training for a total of 5,040 hours.

GOALS FOR 2012

- Maintain training needs for department
- Increase number of Crime Scene Technicians and training opportunities for CST's
- Seek ways to bring quality training to Iowa City to reduce travel costs
- Seek training to expand departmental expertise.

Administrative Services

TRAINING & ACCREDITATION

ACCREDITATION

The Iowa City Police Department is a Nationally Accredited Police Department, receiving its initial accreditation from the Commission on Accreditation for Law Enforcement (CALEA) in March of 2002. The Department has been re-accredited three times (every 3rd year) since the initial award. The Department underwent its triennial on-site review of the CALEA standards in December of 2010 and expects to receive re-accreditation in March of 2011. To maintain accreditation the department must remain in compliance with applicable standards and must show proof of compliance for each standard for each year of the accreditation cycle. In addition, the Department is required to come into compliance with newly developed accreditation standards. New standards may require the Department to make changes to existing policies and procedures or develop new policies and procedures.

GOALS FOR 2012

- Obtain/maintain proofs of compliance for all applicable standards from the 2011 re-accreditation and develop policies and proofs of compliance for newly developed standards.
- Continue the documentation of existing standards and come into compliance with other than mandatory standards and newly applicable mandatory standards.
- Implement changes to files to make them more reader/assessor friendly, including chapter summaries, as applicable.
- Address anticipated changes in the Accreditation process.
- Begin preparations for a “paperless” accreditation for the 2011-2014 accreditation cycle.

Administrative Services

CRIME PREVENTION

Officer Jorey Bailey continued his role as the Crime Prevention/Community Relations Officer for the Iowa City Police Department in 2010. The year showed several signs of improvement in the area of youth related crimes and calls for service. Juvenile complaints were down from 624 in 2009 to 386 in 2010. Additionally, the Iowa City Police Department Substation located at 1067 Highway 6 E. opened in 2010. The substation is home to the ICPD Crime Prevention Office and offers additional workspace for patrol officers working the Southeast side of Iowa City. The substation encourages neighborhood involvement by offering residents and businesses located on the Southeast side of Iowa City with a centrally located police presence.

One of the goals of the Crime Prevention Office is to serve as a community mentor for youth related programs and to interact with youth in positive environments. The Crime Prevention Office also works closely with Marcia Bollinger in the City's Neighborhood Services Office. Community Programs include:

- FAS TRAC
- Children of Promise
- Neighborhood Association Meetings
- Johnson County Shop-lifter Diversion Program

Crime Prevention made 96 presentations to schools, businesses, and community groups resulting in contact with over 6,029 members of the community.

Officer Bailey is involved in the coordination and implementation of the following community activities: Safety Village, Citizen's Police Academy, Neighborhood Watch, Crime Free Business and National Night Out (*pictured above*).

Through the Crime Prevention Office the ICPD is represented on the following boards and councils:

- Johnson County Restorative Justice Board
- School Attendance Task Force
- Suicide Prevention Work Group
- Johnson County Child Protection Team
- Linn County Juvenile Task Force

Graffiti documentation and reporting, school notifications, business security cameras, and police activity reporting to schools and landlords is a part of the Community Monitoring and Action program of the Crime Prevention Division.

Administrative Services

ANIMAL SERVICES

Iowa City Animal Services is a division of the Iowa City Police Department and operates as a public safety/enforcement agency for animals and the public in Iowa city and contracted jurisdictions throughout Johnson County. Misha Goodman is in her 17th year as the Supervisor at the Animal Services Center. Staffing currently includes: 1 Supervisor, 2 Animal Service Officers, 2 Animal Care Technicians, 1 Animal Center Assistants, and 3 Temporary employees (who work 25 hours a week).

The Animal Services division was displaced by the 2008 floods and has been housed in temporary buildings five miles south of Iowa City. Due to the distance, this displacement has caused delays in animal service officer response to service requests, and a reduction in animal adoptions. Because the temporary facility was not built to the specifications of an animal shelter, there are many operational issues that have arisen including increase in animal illness, public and staff safety concerns, housing of fractious/ aggressive animals and weather-related difficulties.

Animal Services operates a full service animal center which includes:

- Housing of displaced or unwanted animals
- Housing of neglect/cruelty case animals pending court decisions
- Quarantine of bit animals
- Animal Adoption
- Animal Licensing
- Animal Recovery
- Low Income Spay/Neuter Assistance program
- Low Cost Microchip program
- Public Education (responsible animal care, bite prevention, outreach)
- Animal Foster Care program
- Volunteer training
- Disaster Response Emergency Animal Sheltering services
- Iowa City Public School District Student Community Service programs
- Television and Radio Educational programs

Administrative Services

RECORDS

The Records Division of the Iowa City Police Department is staffed by the following:

- 1 Records Supervisor
- 2 Senior Records Clerks
- 2 Records Clerks
- 2 Part time Temporary Clerks
- 2 Part time Work Study Positions
- 2 Senior Citizen Volunteers

 Records Personnel completed data entry and scanning of 10,076 incidents during 2010. This was a 10.3% increase of incidents completed for 2009.

 A total of 5,639 criminal charges were issued resulting in an 8% decrease from last year.

 A reduction in total traffic citations to 4,446 resulted in a 1% decrease from 2009.

 There was an 8% decrease in calls for service for a total of 58,726 compared to 67,609 last year.

Records Management System software improvements were installed for our in-house record-keeping and reporting purposes. There were many hours spent adapting the software to the needs of the Iowa City Police Department, which involved customizing the look and functionality of the software

as well as conversion of existing data to fit all into the new platform. Due to the nature of a system wide change much time was spent getting users adjusted to a different way of doing the task they had become accustomed to. Customized reports were developed to extract data specific to the needs of the Iowa City Police Department from the new RMS software.

OTHER FACTS

3,870 criminal background checks were completed for 2010 (includes military and other criminal justice agencies even though we do not charge them a fee).

Installation of new computer software was completed in June 2010. The conversion process for all previous records is still in progress.

OBJECTIVES FOR 2011

- Completion of the conversion process for all previous police records.
- Review Records Clerks job duties for duplication and maximum efficiency.
- Cross train Records Clerks and Station Master position on minor duties.

Administrative Services

VOLUNTEERS

A common theme in law enforcement is to serve the community. There is no finer example of service than volunteers. The Iowa City Police Department is honored to have the service of local volunteers from the Retired and Senior Volunteer Program (RSVP). The duties performed by these volunteers are essential to the smooth operation of the police department. They are pictured below at the annual appreciation luncheon held each year.

Pictured from left to right:

- Captain Rick Wyss
- Sgt. Denise Brotherton
- RVSP Director Joan Cook
- Mel Sunshine
- Marguerite Harney
- Matt Johnson
- Emily Bennett
- Officer Jorey Bailey
- Captain Jim Steffen

Absent when the photo was taken was Carol Macon.

- * Marguerite Harney—Mrs. Harney has worked in the Records Division for 10 years and donated 157.5 hours of her time in 2010.
- * Carol Macon—Mrs. Macon has worked in the Records Division for 10 years and donated 63.5 hours of her time in 2010.
- * Mel Sunshine—Mr. Sunshine has worked in the Records Division for 10 years and gave 359.25 hours of his time in 2010.
- * Emily Bennett—Mrs. Bennett is in her second year at the Police Department and assists Crime Prevention Officer Jorey Bailey. In 2010 she donated 139.7 hours of her time.
- * Matt Johnson—Mr. Johnson donated 400 hours of volunteer time to the Evidence Division during his first year of retirement in 2010.

Administrative Services

SCHOOL CROSSING GUARDS

Crossing Guards cover the City's 12 approved school crossings for the 180 scheduled days of school. Each guard is paid a salary of \$12.50 per crossing (once in the morning and once in the afternoon). Hand held stop signs and safety vests are provided by the City. Each crossing guard receives annual training in August before school begins in the fall. When a crossing guard cannot cover their assigned crossing, and a substitute is not available, the police department's Community Service Officers or Police Officers are assigned the task. The Crossing Guard budget for 2010 was \$63,184. The following lists the school crossings and the school crossing guard assignments for this past year:

Lincoln	Park Road and Lee	Jackie Simpson (17 years)
Horn	W. Benton & Denbigh	Elizabeth Kinlein (1st year)
Roosevelt	Benton and Greenwood	Beth Pennell (1st year)
	Benton, Miller, Hudson	AM—Ruth Baker (1st year) PM—Dianna Chance (1st year)
Horace Mann	Dodge & Church	Diane Frei (12 years)
	Governor & Church	AM—Barry Bender (1st year) PM—Teresa Scharf (20 years)
Regina & Hoover	Rochester & Ashwood	Don Strand (4th year)
	Rochester & 1st Avenue	Tom Johnson (2nd year)
Hoover	Court and 1st Avenue	AM—Marie Welsh (3rd year)
		PM—Barry Bender (1st year)
Lemme	E. Washington & Dartmouth	AM—Teresa Scharf (20 years)
		PM—Joe Stier (2nd year)
Lucas	Muscatine & Southlawn	Bernard Milder (3rd year)
Grant Wood	Sycamore & Lakeside	Glenn Kloos (2nd year)

Rounding out the group as ever dependable substitute crossing guards were Norman Doeden (3rd year), Judy Madsen (3rd year), and Carol Berry (1st year) who were all willing to sub whenever they were needed.
