

Willow Creek Trail

Hidden Treasures along the Trail

Anna Akhmatova and Anton Chekov: two of the hand carved wooden sculptures by Russian artist Valery Kovalev that are located along the minor trail west of the creek.

The Willow Creek Trail winds along the tree-lined creek and through open spaces that are transitioning to prairie.

The playground at Kiwanis park is a hidden treasure! If you are small and agile enough you can crawl through culverts and along boulders to enter the park, which is sheltered from the wind by a berm and copse of colorful trees and shrubs.

Willow Creek Drive provides a short, low traffic street connection from the Highway 1 Trail to the Willow Creek Trail.
